## Let's stick together

Dear Principal,

We're thrilled to announce that the Woolworths Earn & Learn program is back for 2017 and we'd like to invite your school to participate.

The program works like this - If your community sticks together and earns Earn & Learn stickers at Woolworths, you can earn your choice of MTA educational equipment and resources.

### **Bigger every year**

We've run Earn & Learn a few times now, and everytime it gets bigger! For example when we last ran it in 2015:

- > Over 16,000 centres and schools earned equipment and resources
- > Those 16,000 earned nearly 450,000 individual items
- > Those 16,000 chose nearly 8,000 different resources from over 10,000 MTA items

### **Sticking together is easy**

It's easy to be a part of Earn & Learn – we just need confirmation that you'd like to take part. Simply use these details to log in to [teaching.com.au](http://teaching.com.au) and confirm your involvement.

### **Anyone can collect stickers for your school from 26th July**

Starting on Wednesday 26th July, anyone from your school community – staff, parents, grandparents, neighbours and friends – who shops at Woolworths can collect stickers for your kids.

Here's how it works:

- 1. Shop:** Anyone can earn a sticker for every \$10 spent at Woolworths between 26th July till the 19th of September 2017
- 2. Stick:** They then complete a sticker sheet
- 3. Give back:** Sticker sheets are dropped into a collection box at your school or local Woolworths. After 19th September, you simply return your stickers to us and we'll let you know how much you've earned.

### **Starter kit will have everything you need**

In a few days, we'll send you a starter kit. This will give you everything you need to share the program with your school's community.

It includes posters, collection box, sticker cards and all the information you need.

### **Our partnership with MTA continues**

We are proud to be partnering with Modern Teaching Aids once again. They are Australia's largest supplier of resources to schools. This means your school can choose resources based on its specific needs, across all curriculum areas, including Maths, English, Science, Art and Craft, Digital Technologies, Sports and more.

### **Complimentary access to Lesson Zone**
