

# INFORMATION NIGHT.

- Inclusive sexuality education
- Gender equity in the playground

Dear parents and caregivers,

We have engaged **Body Safety Australia** to provide students across Year 3/4 and Year 5/6 with inclusive sexuality education.

To support ongoing conversations at home, we will be offering a one-hour information night and encourage you to attend.

The **Unique You Information Night** will be held:

**Wednesday 8 May 2019 6pm-7pm. Facilitator:** Lauren French

Come along to find out the outline of what is covered in the sexuality program, and have a Q&A session with the educator.

**Guess what?** We are also re-developing our school's oval to promote gender equity in the playground!

This exciting co-design project has been spear-headed by Lauren French, from Body Safety Australia, and funded by the Ideally. grant and the Foundation for Young Australians (FYA).

We are currently in the project planning phase and invite families to attend an information night to hear more about it.

The **Gender Equity in the Playground Information Night** will be held:

**Wednesday 8 May 2019 7pm-8pm. Facilitator:** Deanne Carson

Find out how you, your children and the wider community can participate and benefit from this innovative, landmark project!
