Numurkah and District Community Reading Day!

This is our 10th year

Thursday 23rd August
10.00am – 11.30am

The **Community Reading Day** is a wonderful opportunity for us all to come together and share the joy of reading with the children of our community.

It takes the whole community to help our children develop the literacy skills they need for a successful future.

Come dressed as your favourite book character!

All children and families are welcome!

If you are not registered with a kinder or school group, please contact us or meet us at Newman Square at 10:00am on the day to join a group.

For more information please contact Jenny Burrows
at Numurkah District Health Service
