A DOUBLE ORDER OF DUCK

By: Brian Gunnell

None Vulnerable

South West North East
1♦ Pass
1♥ Pass 2♥ Pass
4NT Pass 5♥ Pass
6♥ Pass Pass Pass

West leads the ♠Q and, when Dummy goes down, Declarer can see that his 6♥ contract is quite hopeless. The ♣A must be lost and there is no way to avoid a Diamond loser. Declarer will win the opening Spade, draw trumps and then cash the ♦K and ♦A before conceding the third round of Diamonds. When West wins the ♦J, he will quickly shift to a Club, and East’s ♠A scores the setting trick before Declarer’s Clubs disappear on the long Diamonds. Down one.

But that’s not what happened! It’s true, looking at all four hands, that 6♥ should go down, but West was looking at only two hands. Taking advantage of that, Declarer came up with a truly brilliant deception. He ducked the opening lead in both hands! The defense can now cash the ♣A to beat the contract, but it never occurred to West that his partner might have the ♣A and not the ♠A. So, naturally enough, West persisted with Spades. Imagine West’s surprise when Declarer’s Ace won the second Spade trick! Next, trumps were drawn, a Diamond was pitched on the ♠K, the ♦K was cashed, then the ♦A, and a Diamond was ruffed. Now there were two good Diamonds in Dummy, on which Declarer was able to pitch his losing Clubs. Making 12 tricks!

A most unusual hand! Declarer started out with an inescapable loser in Diamonds and another in Clubs. But, thanks to that lovely first round double duck, he ended up losing a Spade but nothing else!
