2♠	Dbl	Pass	4♥
Pass	Pass	Dbl	All Pass

If the N-S hands look familiar, that's because they were featured in last week's Bridge Bite. But the E-W hands have been changed, and East, who now has four trumps, could not resist doubling 4♥. That was not a wise move, as we are about to see.

Last week, in the absence of a Double, Declarer played for 3-2 trumps, and as that turned out to be the case, 10 tricks could be made by winning the Spade lead, and ducking a round of trumps at Trick 2. Declarer could win the return, draw just one more round of trumps and, leaving one trump at large, could cash winners and cross-ruff his way to 10 tricks.

But this week Declarer has to make 10 tricks after East has doubled. Now it seems likely that East has 4 trumps and ducking a trump at Trick 2 will not work. East wins and returns a trump, and will later get in (with a Spade over-ruff or a Club ruff), draw another round of trumps and leave Declarer a trick short. So, guided by the Double, Declarer does not duck a trump at Trick 2. Instead, she cashes the ♥A and goes for three Diamond ruffs in her hand (confident that West is now out of trumps and cannot over-ruff). The play goes: ♠A; ♥A; ♦A; Diamond ruff; ♣A; Diamond ruff; ♣K; ♣Q; Diamond ruff. That's 9 tricks and when the ♣J is played next, there will be a 10<sup>th</sup> trick, one way or another.

No doubt East's Double seemed like a good idea at the time, but in fact it only served to give Declarer a road map to the winning line of play, by alerting him to the likely 4-1 trump split.
