Item 152-34: ACBL Handbook for Appeals Committees

Changes shall be made to the ACBL Handbook For Appeals Committees as follows:

II. APPEALS COMMITTEE COMPOSITION

F. Tournament Director's Role

- A Tournament Director (TD) is no party's adversary. As a professional arbiter, the Tournament Director is expected to make each ruling after a careful effort to discover every relevant fact and understand the bridge judgments involved. However, the TD is permitted to and should defend his or her decision.
- If, during the committee hearing process, the TD acquires new information he deems significant, or realizes that he overlooked or misinterpreted an applicable provision of Law, he should advise the committee that his ruling might well have been different given his newly acquired knowledge.
- The Appeals Committee should support the Tournament Director as a neutral person. During the hearing, this means treating the Tournament Director with respect.
- The Tournament Director testifies first. He or she should give a summary of the facts and issues, recite the pertinent law and regulations, explain the ruling, and describe the available sanctions. An Appeals Committee may not overrule a Tournament Director on a point of law. In such a case, particularly when the Committee feels it has factual information not available to or possibly overlooked or misinterpreted by the TD, the Appeals Committee should ask the Tournament Director to reconsider his or her ruling per Law 93B3.
- The Tournament Director should inform the committee when bridge judgment is not relevant by showing a copy of the applicable law or regulation.

III. PROCEDURES

H. Explaining the Burden of Proof

- The chairperson should explain to those present that the standard of proof to accept one version of the facts over another version is a preponderance of the evidence. This means that the committee accepts the version more likely to be true. If a committee member has any doubt he or she will accept the Tournament Director's determination.

I. Presentations

- First the Tournament Director summarizes the relevant facts and issues along with the pertinent law and regulations. Next, he or she explains the ruling and presents a list of alternative rulings and sanctions and informs the Appeals Committee of the full range of its authority. After responding to any questions from committee members and parties, the Tournament Director may withdraw, but may remain if the Committee so requests and other duties allow. The chairperson may and should recall the Tournament Director, especially when more information regarding law or regulation is needed.
- Each appellant (the contestant lodging the appeal) or their advocate (not both) gives his or her version of the facts plus their reasons why they believe the Tournament Director's ruling

is incorrect and that the Appeals Committee should decide matters in their favor. After each appellant is finished, the appellee (the opponent of the appellant) and any committee members may ask any pertinent questions. If an advocate represents the appellant, the appellant speaks only as a witness.

K. Deliberations

- The Laws of Duplicate Contract Bridge (specifically Law 84D) state that if an irregularity has occurred for which no penalty is provided by law, the Tournament Director awards an adjusted score if there is even a reasonable possibility that the non-offending side was damaged. An Appeals Committee is subject to the same Laws. In gray areas both a Tournament Director and an Appeals Committee should rule for the non-offending side. Members are completely free to find facts and make bridge judgements that are completely at odds with the facts and bridge judgements found by the Tournament Director, but absent cogent reasons for doing otherwise, should generally accept the TD's assessment of the facts, the credibility of witnesses, the application of presumptions, and the fairness of adjustments. Committees are expected to possess, collectively, expertise in bridge judgment, and in that area do not defer to the TD.
- The foregoing notwithstanding, an Appeals Committee should be prepared to accept the bridge judgment of players polled by the TD, but only if it judges that the sample size was sufficient and the questions asked were relevant to the matter at hand. Accordingly poll questions and answers must be written so that they can be presented to the committee should an appeal be filed.
- An Appeals Committee is bound by the Tournament Director's statement of applicable law and regulation. If a committee finds the same facts as the Tournament Director and makes the same bridge judgments, then it must make the same ruling. A committee cannot overrule a Tournament Director on a point of law or regulation. A Committee may decide that a different Law applies and inform the Tournament Director of the facts that led to this conclusion. The Committee may not apply a different law if the Tournament Director disagrees.
- When announcing a decision the Appeals Committee should state whether or not it is upholding the TD's ruling and give the reasons why.

IV. PRINCIPLES OF EVIDENCE

B. Burden of Proof

- A committee must review the evidence independently, and make its own determination of fact or bridge judgment. If, after consultation with fellow members, a committee member has any doubt in either case he or she should accept the Tournament Director's determination.
- A Tournament Director has no burden of proof in an Appeals Committee hearing. The appellant does.

- Remember, that if the committee finds the same facts and bridge judgment as the Tournament Director, it must make the same ruling, subject to attempting to persuade the Director that another Law, or a more correct interpretation of Law, requires a different result per Law 93B3.

Side games at NABCs are the same as side games at Regionals.

Please note that awards for side game series (page 14) are unaffected.

Item 152-143: Masterpoint Awards for Bracketed Swiss

Second Reading Required

A. The following formula for calculation of masterpoint awards for bracketed Swiss is deleted: Masterpoint awards will be computed according to the General Formula using "M" values calculated as follows. Each of the brackets will have a minimum "M" value according to the table below:

Brackets	I	II	III	IV	V	VI, etc.
	1.00	0.75	0.60	0.50	0.40	0.33

The "M" value for any bracket will be higher whenever the average masterpoint holding of the highest team in the bracket would have a higher value according the "M" table in the ACBL masterpoint book. For example, if the average holding for the top teams in bracket 3 were 800 points, the "M" value for that bracket would be increased to 0.70, the value of the "M" factor for the next lowest upper limit in the book (in this case 0-750).

For regionally rated events, overall awards will be red and gold according to the following table:

I	100% Gold
II	100% Gold
III	90% Gold, 10% Red
IV	67% Gold, 33% Red
V	50% Gold, 50% Red
VI (or higher)	33% Gold, 67% Red

Match awards will be computed according to the formulas, using the appropriate "M" value. First overall in any bracket will be based on the number of teams in that bracket plus all of the number of teams in all lower brackets. The number of overall awards in any bracket will be one third of the number of teams rounded up. (Board of Directors - Summer, 1996)

B. The above formula is replaced by the following:

MASTERPOINT AWARDS FOR BRACKETED SWISS

First Overall = Basic Award x K x P x 2/3 (to adjust for a 2-session event instead of a 4-session)

The following current rule for bracketed KOs is applied to bracketed Swiss:

In Regional Bracketed Swiss teams of two or more sessions, the top bracket will always award 100% gold as long as the average masterpoints per player is greater than 750.

For lower brackets, the percentage of gold awarded for overalls is as follows:

Average Masterpoints per Player	Pigmentation of Award
750+	100% gold
500 - 749	2/3 gold; 1/3 red
300 - 499	1/2 gold; 1/2 red
Less than 300	1/3 gold; 2/3 red

Effective January 1, 2016

Carried Nay: 7, 17, 22
