Overview

As Director of Data Strategy and Analytics, Priya Velamoor manages ALAS's Data Insights and Analytics (DIA) team, helping ALAS and its members understand and utilize data to better manage professional liability risks.

Priya has more than 25 years of IT experience, including 15 years leading enterprise data, analytics, governance, and AI programs, with more than eight of those years in senior leadership roles. Before joining ALAS, Priya served as Senior Practice Director at HCLTech, where she led the Data & AI practice for enterprise clients in the US. In this role, she shaped market strategy, developed service offerings, and guided clients through AI transformation.

Priya holds a Master of Computer Applications (MCA) from Bharathidasan University and a BS in Mathematics from the University of Madras. Outside of work, Priya enjoys travel and art and is involved in women in leadership and STEM circles.
