BSc, Achievers University

MSc, Northern Illinois University

MA, University of Illinois Chicago

MBA, The University of Chicago Booth School of Business

Overview

Toyin Aguda serves as the LLM Data Scientist at ALAS, specializing in cutting-edge Generative AI, semantic search techniques, and NLP (Natural Language Processing) use cases.

She brings deep expertise from the financial services industry, having previously worked at JPMorgan, where she led and contributed to impactful AI research and enterprise-scale AI solutions.

Toyin holds a Bachelor of Science from Achievers University, a Master of Science in Applied Probability and Statistics from Northern Illinois University, a Master of Arts in Applied Economics from the University of Illinois Chicago, and an MBA from The University of Chicago Booth School of Business.

Outside of work, Toyin is passionate about advancing AI adoption through speaking and teaching, empowering others to understand and leverage emerging technologies. She enjoys traveling, working on real estate projects, and spending quality time with her family.
