## TweetMint Enzyme Cleaner

### Section 1: Chemical Product & Company Identification

Trade Name: TweetMint Enzyme Cleaner  
 CAS Name: Mixture  
 Product Description: A non-bacterial, readily biodegradable enzymatic soap solution.  
 Manufacturer's Name: Safe Solutions, Inc.  
 Address: 2530 Hayes Street, Marne, MI 49435  
 Phone: 1-888-443-8738 (email: [info@safesolutionsinc.com](mailto:info@safesolutionsinc.com))

### Section 2: Composition / Information On Ingredients

NAME	CAS#	WT.%	TLV
------	------	------	-----

**Enzyme Cleaner with Peppermint** is a proprietary composition *not considered hazardous* under the OSHA Hazard Communication Standard CFR Title 29 1910 1200.

### Section 3: Physical and Chemical Properties

Vapor Pressure: mm Hg N/A  
 Vapor Density (air = 1): N/A  
 Specific Gravity: (H<sub>2</sub>O = 1 ) N/A  
 Solubility in Water: Soluble  
 Volatile Organic: Negligible  
 Appearance: Amber Liquid  
 pH: Normal  
 Boiling Point: 208° - 210° F.  
 Flash Point: N/A  
 Freezing Point: <32° F. (0° C.)  
 Odor: Pleasant Fragrance

### Section 4: Fire Fighting Measures

Flammable Properties: Non Flammable  
 Flash point: N/A  
 Flammable Limits: Does Not Apply  
 Hazardous Combustion: None known.  
 Extinguishing Media: Water fog or fine spray, carbon dioxide, dry chemical, foam.  
 Fire Fighting Instructions: N/A

### Section 5: Hazards Identification and First Aid Measures

**HEALTH = 0,1,2    Fire = 0    Reactivity = 0    Personal Protection = See Section 8**

**Routes of Entry:** Product may enter the body via eye contact, skin contact and ingestion. See Section 8.

**Potential Health Effects:**

- Eye:** Eye contact may cause irritation. Avoid eye contact with product.
- Skin:** Skin contact may cause irritation. In case of skin irritation, wash with soap and water and discontinue use.
- Ingestion:** Swallowing may cause irritation of mouth and throat. It may also cause nausea. Do not taste or swallow product.

**First Aid Measures:**

- Eye Contact:** If irritation is noted, **immediately** flush eyes with a directed stream of water for at least 15 minutes while forcibly holding eyelids apart to ensure complete irrigation of all eye and lid tissue. *Get immediate medical attention if irritation occurs.*
- Skin Contact:** Flush skin with water and wash with soap and water. If clothing is penetrated, immediately remove clothing and flush skin with water. Wash clothes before reuse. *Get immediate medical attention if irritation occurs.*
- Ingestion:** Do not induce vomiting. If spontaneous vomiting is inevitable, prevent aspiration by keeping victim's head below the knees. *Get immediate medical attention if ingestion occurs.*
- Inhalation:** Remove to fresh air. If breathing is difficult, have trained person administer oxygen. If respiration stops, have trained person administer mouth-to-mouth resuscitation. *Get immediate medical attention if irritation occurs.*

**Section 6: Stability and Reactivity**

- Hazardous Polymerization:** Hazardous polymerization will not occur.
- Materials to Avoid:** Avoid contact with strong oxidizing and reducing agents.
- Conditions to Avoid:** See Section 7.
- Hazardous Decomposition:** Not known. See Section 5.

**Section 7: Accidental Release Measures**

- Large Spill** Contain spill. Prevent Runoff from entering drains, sewers or streams. Dispose in accordance with all applicable federal, state and local health environmental guidelines.
- Spill** Contain spill. Follow same procedures as above for large spill.

**Section 8: Exposure Controls, Personal Protection****Personal Protection:**

- Gloves:** Wear Gloves if sensitive.
- Safety Glasses:** Keep out of eyes. Use safety glasses.

**Section 9: Handling and Storage**

- Storage Temperature:** Store this product below 120° F. (40° C.), preferably below 75° F. (24° C), in a cool, dry, well ventilated area away from heat, sparks, flames, oxidizers and out of direct sunlight. For best results use within 12 months. Never co-mingle with bactericides or quaternary disinfectants, as they will degrade/inactivate enzymes.

**General Precautions:** Keep container closed when handling or storage.

**Section 10: Other Information**

**Disclaimer:**

The information contained herein is based on data available to use and reflects our best professional judgment. However, no warranty is expressed or implied regarding the accuracy of such information or the results obtained from the use thereof. We assume no legal responsibility whatsoever for any damage resulting from reliance upon this information since it is being furnished upon the condition that person receiving it shall make his or her own determination of the suitability of the material herein for a particular application or storage situation.

To promote safe handling, each customer or recipient should:

1. Notify its employees, agents, contractors and others whom it knows or believes will use this material or the information in this MSDS and any other information regarding hazards or safety
2. Furnish this same information to each of its customers for the product.
3. Reuest its customers to notify their employees, customers and other users of the product of this information.

*Safe Solutions, Inc. urges each customer or recipient of this MSDS to study it carefully to become aware of and understand the hazards associated with the product. The reader should consider consulting reference works or individuals that are experts in ventilation, toxicology and fire prevention, as necessary or appropriate to use and understand the data contained in this MSDS.*
