

## Material Safety Data Sheet

SECTION: 1 PRODUCT IDENTIFICATION
-----------------------------------

**Product Name:** RESTORE WOUND CARE AND ITCH RELIEF SALVE

**Product Use:** TREATMENT OF ANIMAL WOUNDS AND THE PREVENTION OF DERMAL IRRITATION AND ITCHING.

**Synonyms:** RESTORE

**Chemical Name:** Mixture

**Chemical Formula:** Mixture

**Formula Classification:** Non-hazardous. The ingredients in this product are not considered hazardous under OSHA Hazardous Communications Standard 29CFR 1910.1200.

**UPC:** 713757360418 / 045635391666

**Country of Origin:** United States

**Company Name:** Farm Dog Naturals, LLC

**Company Address:** 5730 Garden Lane NW, Olympia,  
WA, 98502

**Date Issued:** 02/05/11

**Emergency Number:** (360) 259-0023

SECTION: 2 INGREDIENTS
------------------------

**Ingredients: Fixed Oils**

Cherry Kernel Oil (*Prunus avium*) Shea Nut Butter (Burkina faso), Almond Oil (*Prunus dulcis*), Apricot Oil (*Prunus armeniaca*), Neem Seed Oil (*Azadirachta indica*), Karanja Oil (*Pongamia glabra*), Hemp Seed Oil (*Cannabis sativa*), Pumpkin Seed Oil (*Cucurbita pepo*). Tocopherol, Candelilla Wax

**Essential Oils .01 - .3% by volume**

Geranium (*Pelargonium x asperum*), Carrot Seed (*Daucus carota*), Patchouli (*Pogostemon cablin*), Frankincense (*Boswellia carteri*), Peppermint (*Mentha piperita*)

### SECTION: 3 HAZARDOUS IDENTIFICATION

**Hazardous Components:** As mixture, none found.

**Hazard Ratings:** Health: 1 Flammability: 0 Reactivity: 0  
Personal: 0

**Emergency Overview:** For external use only. Keep out of eyes. For proper use, follow directions on label.

**Eyes:** May cause temporary irritation.

**Skin:** Test for irritation.

**Inhalation:** None

**Ingestion:** None.

**Hazardous Polymerization:** Will not occur.

### SECTION: 4 FIRST-AID PROCEDURES

**Eyes:** Gently flush eye with water for 15-20 minutes.  
Contact doctor for treatment advise.

**Skin:** Wash irritated area with hot soapy water.

**Inhalation:** None

**Ingestion:** None. If abnormally large quantities are consumed, contact doctor for treatment advice.

**Ingredients listed by NTP, OSHA, or IARC as Carcinogens or Potential Carcinogens: None**

**SECTION: 5 FIRE MEASURES AND HANDLING**

**Flammable Class:** Finished product (semi-solid) is not classified as flammable.

**Flash Point:** > 200°F (93°C)

**Extinguishing Media:** Dry chemical, foam, fog, carbon dioxide

**Unusual Fire and Explosion Hazards:** None

**Methods For Cleanup:** Liquify with heat mild heat and absorb onto an inert substrate to collect and sweep up. Wash area with soap and water. Area will be slippery until dry. Dispose of in solid waste.

**Safe Handling and Storage:** Keep away from open flames and store in a dry, cool area protected from light.

**Environmental Precautions:** Keep away from drains, surface and ground water.

## SECTION: 6 PHYSICAL AND CHEMICAL PROPERTIES

**Appearance:** Green semi-solid

**Odor:** Pungent medicinal odor

**Flash Point:** > 200°F (93°C)

**Physical State:** Oily semi-solid

**PH:** 6.8

**Vapor Pressure:** N/A

**Vapor Density:** Heavier than air

**Solubility In Water:** Insoluble in water

## SECTION: 7 TOXICOLOGICAL INFORMATION

**NONE FOUND**

## SECTION: 8 TRANSPORTATION DATA

**DOT:** Not regulated by DOT **IMDG:** Not regulated by  
**IMDG IATA:** Not regulated by IATA
