</table>

This product does not meet the definition of a hazardous material given in the U.S. Occupational Safety and Health Administration’s Hazard Communication Standard, and is not a controlled product as defined by the Canadian Hazardous Product Act (Bill C70).

SECTION III - Physical / Chemical Characteristics

- **Appearance:** Tan to pale beige powder
- **Odor:** Mild yeasty odor
- **Solubility in Water:** Negligible, forms suspension in water
- **Boiling Point:** Not Applicable
- **Vapor Pressure (mm Hg):** Not Applicable
- **Vapor Density (Air = 1):** Not Applicable
- **Specific Gravity (H2O = 1):** Not Applicable
- **Melting Point:** Not Applicable
- **Evaporation Rate (Butyl Acetate = 1):** Not Applicable

SECTION IV - Fire and Explosion Hazard Data

- **Flash Point:** Not Applicable
- **Flammable Limits (% by Volume in Air):** Not Applicable
  - LEL - Not Established
  - UEL - Not Established
- **Fire Extinguishing Media:** Water, dry chemical, foam, or CO2
- **Special Fire Fighting Procedures:** Not Applicable
- **Fire and Explosion Hazards:** Material becomes slippery when wet.

SECTION V - Reactivity Data

- **Stability:** Stable
- **Conditions to Avoid:** Not Applicable
- **Incompatibility (Materials to Avoid):** Not Established
- **Hazardous Decomposition (or Byproducts):** Not Established
- **Hazardous Polymerization:** Will not occur
SECTION VI - Health Hazard Data

Health Hazards (Acute and Chronic)

Inhalation: Dust may cause irritation to mucous membranes of nose, throat and lungs.
Eye: Dust may cause mechanical irritation.
Skin: Repeated contact may cause irritation.
Ingestion: No known applicable information

Signs and Symptoms of Exposure: Same as for Health Hazards listed above

Medical Conditions Generally Aggravated by Exposure: Same as for Health Hazards listed above

Emergency and First Aid Procedures

Inhalation: Remove from exposure. If irritation or adverse symptoms develop, seek medical attention.
Eyes/Skin: Flush with running water. If irritation or adverse symptoms develop, seek medical attention.
Ingestion: Not Applicable

Carcinogenicity: Based on information presently available, this product does not meet any of the health hazard definitions of the U.S. CFR Title 29 Section 1910.1200.

SECTION VII - Precautions for Safe Handling and Use

Steps to Be Taken in Case Material is Released or Spilled: Wear protective equipment described in Section VIII. Contain spill. Scoop up and place in disposal container; rinse contaminated area with water. Material may also be flushed with water or washed down conventional sewer system.

Waste Disposal Method: Insure conformity with all applicable disposal regulations. Manage in permitted waste management facility. May also be flushed down conventional sewer system.

Precautions to Be Taken in Handling and Storing:
Handling - Avoid contact with eyes, skin and clothing. Wear protective equipment described in Section VIII. Wash thoroughly after handling. Launder contaminated clothing before reuse.
Storage - Store in original container or in clean, covered container. Keep containers sealed and dry. Store in cool, dry, well ventilated area. Avoid storage at elevated temperatures for prolonged periods of time.

Other Precautions: None.

SECTION VIII - Control Measures - Personal Protection Information

Respiratory Protection: Not Applicable.
Ventilation: Not Applicable.

Skin Protection (Protective Gloves): Wear protective gloves when handling food ingredients.
Eye Protection: Follow normal industrial eye protection precautions consistent with current Good Manufacturing Practices.

Other Protective Clothing or Equipment: Not Applicable.
