How it Works

Natural salts and fatty acids derived from Rosemary extracts and oils disrupt the insect cell structure causing the insect to dehydrate and die. SNS-217™ kills spider mite eggs by coating them with an oily shield which prevents respiration. Therefore no hatching will occur, they will just dry out.

Directions for Use: *Shake Well Before Use*
Foliar Spray - Plant Site Use For All Plants
 (Leaves "Foliage", Stems, Stalk, Fruit and around Flowers), **Coverage** = 1 gallon solution will cover approximately 550 square feet. No restricted entry interval (REI)=0.
 Depending upon severity of infestation several applications may be required. If needed spray every 3-5 days until you have control of the problem. Complete coverage of all plant tissue is necessary for control. Make sure to spray under the leaves where spider mites hide and lay their eggs. To reduce the chance of burning do not use under direct sunlight or grow lamps. Use on a 7-14 day schedule as preventative maintenance. May be used up to the day prior to harvest.

SNS 217™

Safe Around Children And Pets
 When Used As Directed.
 Safe for Everyday Use.

All Natural Spider Mite Control

**Kills and Repels Spider Mites
 and their Eggs**
Ready to Use

**Use in Herb, Vegetable & Flower Gardens,
 Greenhouses and Hydroponics**
1 Gallon (3.79L) 128 FL. OZ.

Caution, Keep Out of Reach of Children
 Caution, Use Eye Protection, Chemical
 Rated Gloves & Long Sleeve Shirt.

First Aid

Not intended for human consumption.
 As with any insecticide, avoid contact with eyes and skin.
 If in eyes, flush eyes with water for a minimum of 15-20 minutes.
 If on skin, wash skin with soap and water.
 If irritation persists contact a physician.
 Have the product container or label with you when calling a poison control center or doctor, or going in for treatment.
 Poison control center hotline 1-800-222-1222 if over exposure occurs.

Storage and Disposal

Store in a cool, dry area away from heat or open flame.
 Do not reuse container.
 Dispose in trash or offer for recycling if available.
