Directions and General Recommendations

SOIL

Apply **SUPERZYME-Turf** to soil at 1-2 gallons per acre (5-10 liters/hectare), and water immediately.

GREENS

Mix 8 oz. of **SUPERZYME TURF** in sufficient water to cover 1000 square feet (250 mL /100 square meters). Repeat application every 4 to 6 weeks.

COMMERCIAL TURF AND GROUND COVER

Use with or without starter fertilizer. Use 2-4 quarts per acre (2-4 liters/hectare). For maintenance, use 1-4 quarts per acre (2-10 liters/hectare) at least twice during the growing season.

LIMITED WARRANTY

Manufacturer or seller makes no warranty, whether expressed or implied, concerning the use of this product other than for the purposes indicated on the label. Neither manufacturer nor seller shall be liable for any injury or damage caused by this product due to misuse, mishandling or any application not specifically described on the label.
