A4

Audi

**Brilliance is both the inspiration
and the result of our design.**

Light without compromising power. Edgy without compromising refinement. Smart without compromising the fun of the drive. The all-new Audi A4 packs an incredible amount of intelligent features and available advanced technologies into a refined chassis and a brilliantly designed ergonomic cabin. And under the hood, the 2.0-liter TFSI® engine and S tronic® dual-clutch transmission creates a vehicle that proves you can have brains and brawn.

A lot of work went into our effortless style.

From first sight, the all-new Audi A4 offers our traditional distinction and style. But take a closer look and you will notice its bolder shape, lower stance and more aggressive body lines. The design is illuminated by the styling of enhanced, available full LED headlights, standard dynamic LED taillights and iconic Singleframe® grille, creating something both effortless and intensively crafted.

A lot of work went into
our effortless style.

A lot of work went into
our effortless style.

// Design-enhancing body lines

Both the roof line and the dynamic line work together to enhance the character of the vehicle—complementing its elongated silhouette and adding to its sporty look.

A lot of work went into
our effortless style.

A lot of work went into
our effortless style.

// **Bold rear design**

The shoulder line and its crisp tapering continues, wrapping around the rear of the vehicle for a unified look. It is met with the brilliance of standard LED taillights with dynamic turn indicators, creating a minimalist expression with a maximum impression.

It's all in the details.

// Audi Singleframe® grille

The newly designed Audi Singleframe® grille surrounds the iconic Four Rings on the front fascia with a wide, diamond-inspired shape that reflects road-gripping capability of the A4.

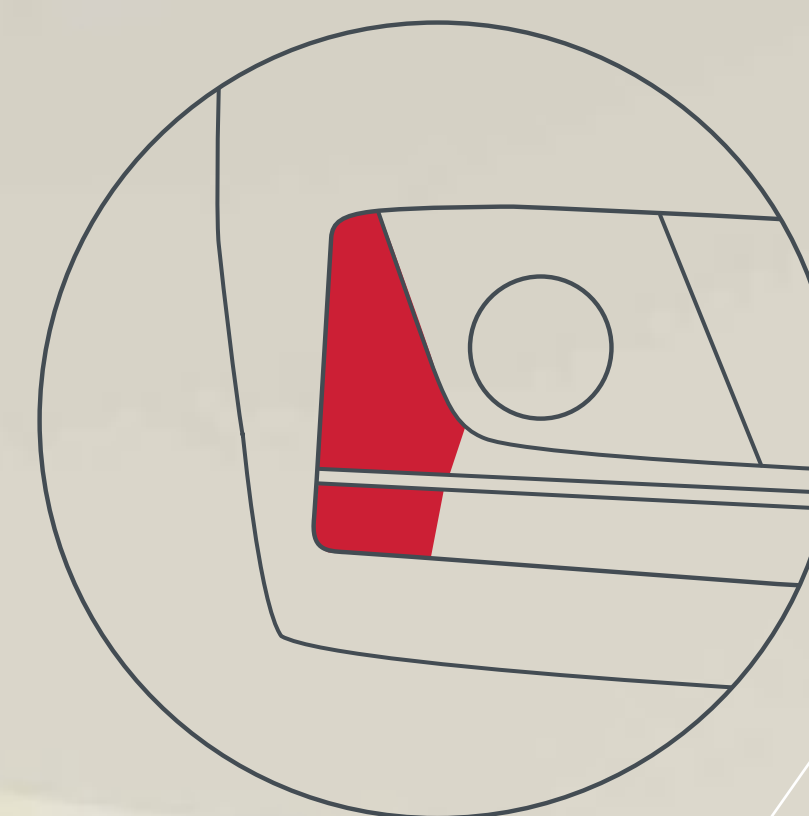

// Integrated wrap-around hood seam

Clean. Modern. Authoritative. The wrap-around hood seam accentuates the vehicle's width and demonstrates its performance and design pedigree.

Build your 2017 A4 [↗](#)

Sometimes it's good to have something just pass you by.

Since air resists the movement of a vehicle passing through it, the engine power required to surpass drag needs to increase. By aerodynamically optimizing the design of the Audi A4, we've increased performance without overworking the engine.

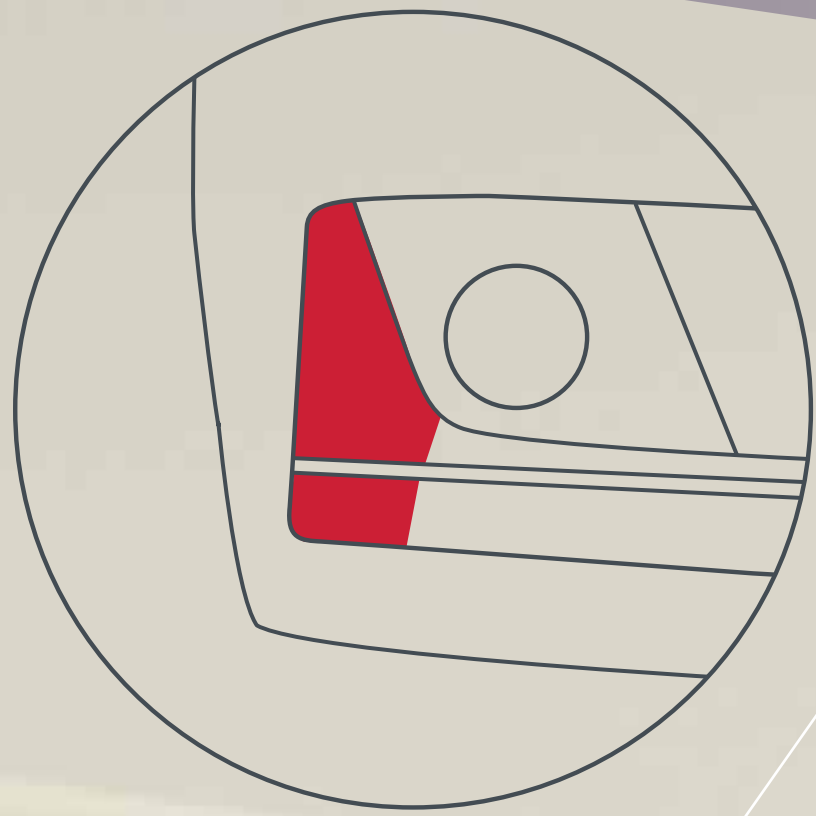

Front bumper air intake

The outer sections of the air intakes have additional openings that direct the air into the wheel arches.

Go light to look deep.

The heart of our exterior design may be just through our eyes. Our iconic LED lighting technology provides efficient, long-life illumination and creates a distinctive, brilliant look that accentuates the width of the vehicle and is unmistakably Audi.

// Full LED headlights

Available full LED headlights provide daylight-like illumination, and the undercut design of the headlamps plays with elements of light and shadow to create a deep layer of brilliance. Add to that an LED daytime running light signature that forms a precise outline, creating a striking, unmistakable look.

// LED taillights

Standard LED taillights with rear fog lights add superior lighting performance to the rear. The new dynamic turn signals add to the brilliance of the design with a sweeping pattern of illumination.

Signs of a supple intelligence.

Signs of a supple intelligence.

// Driver-centric ergonomic wing design

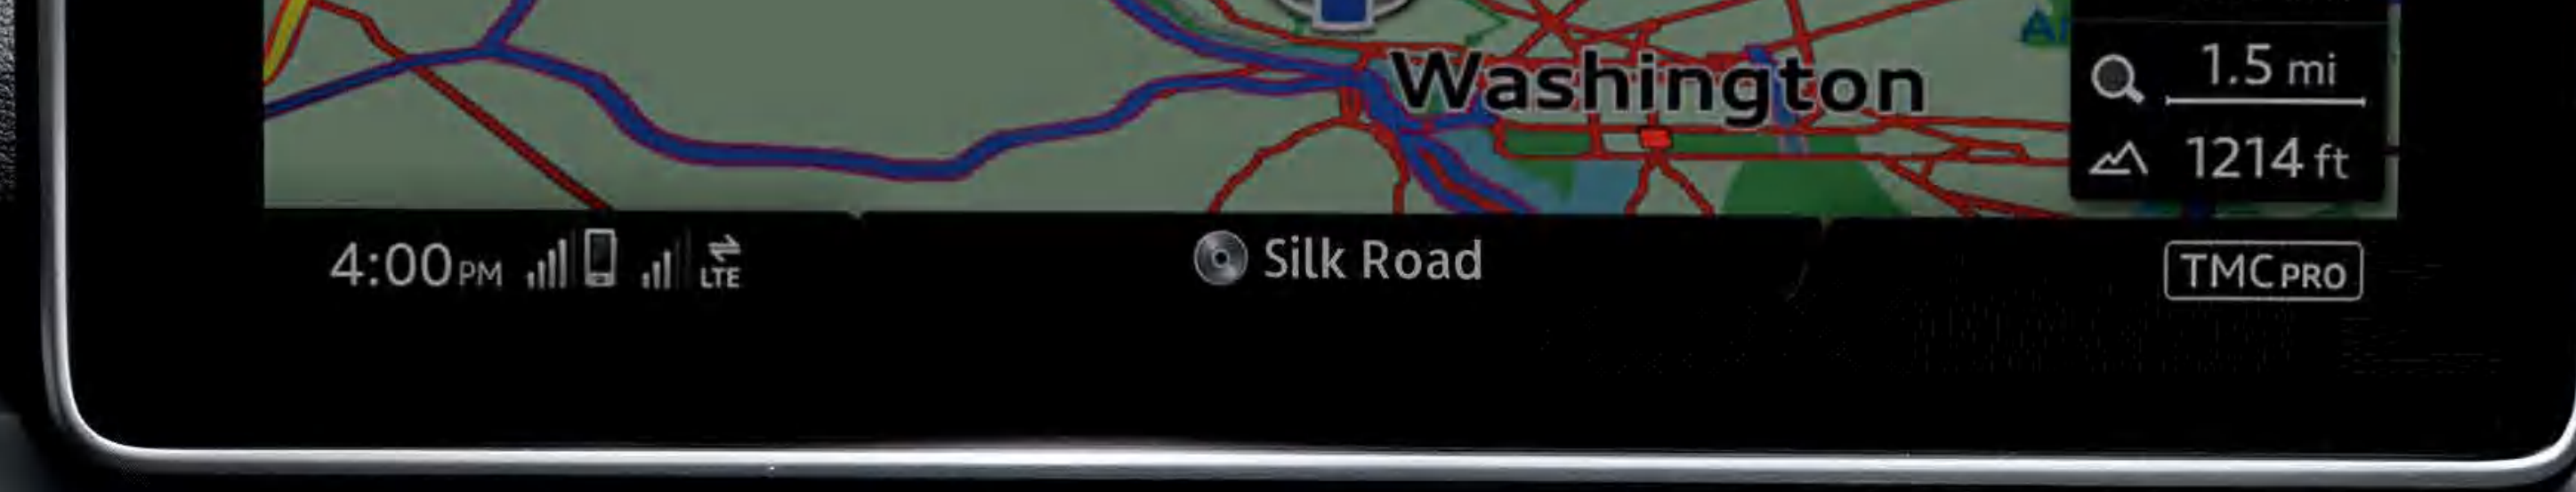

Luxury and versatility intersect in a near-perfect ergonomic space where everything you need is easily visible and accessible. Elements such as the available Audi virtual cockpit to the MMI® display placement; to a yacht-style gear selector, all work harmoniously to help make your vehicle easy to operate.

[Find A Local Dealer ↗](#)

What you feel in here touches us.

// Three-zone automatic climate control

Standard three-zone automatic climate control provides both front and rear passengers with the ability to dial in to their temperatures. Additionally, the horizontal air vent strip helps provide a natural airflow feeling—all controlled from an intuitive, climate control cluster with function keys that include haptic feedback.

// Heated and ventilated seats

Supple standard leather seating surfaces, available heated and ventilated front seats and available heated rear seats offer multiple levels of heating and cooling to help warm up or invigorate your body during nearly any road travel.

// Yacht-style gear selector

Designed to be natural and intuitive, the yacht-style gear selector allows you to rest your wrist easily while engaging the available MMI® touch handwriting-recognition system.

// Uniform climate control vent

A plush cabin is made even more comfortable with uniform climate control airflow. The newly designed vents help provide optimal air dispersion in the cabin, so nearly all of your passengers will feel increased comfort without sensing draft or temperature fluctuations.

Ambient, but not passive.

// Ambient LED interior lighting packages

The standard ambient LED interior lighting package allows you to illuminate and adjust the brightness of your cabin with White LED lighting. Additionally, the available ambient LED interior lighting plus package on the Prestige trim level, the driver can either use the three available preset color profiles (White, Maritime Blue and Impulse Red) or select up to 30 color settings for an added dimension of progressive opulence or adaptability within, via the Audi drive select modes.

// Interactive and individual modes

Up to five zones (Front, Footwell, Door, Overhead console and Contour lighting) can be customized via an Individual mode profile setting or controlled through a dynamic profile setting that adjusts illumination based on your Audi drive select mode.

// Vehicle exit assist

Through an available vehicle exit assist system in conjunction with available Audi side assist, an upper door inlay light guide illuminates as a warning if the driver or passenger attempts to open the door with an approaching vehicle or cyclist in its path.¹

It's like driving your smartphone.

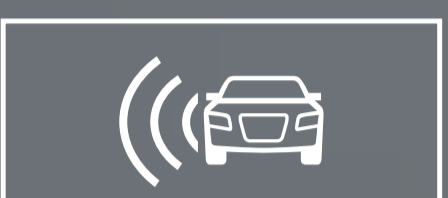

Take comfort in the familiarity of your mobile device. When linked with an iPhone® via standard Audi smartphone interface, Apple CarPlay™ gives you access to familiar and favorite apps such as Apple Music™, Maps and more. If you have a compatible Android device, Google™ Android Auto™ will connect you with apps like Google Play™, Google Maps™ and more.¹

¹ Always pay careful attention to the road, and do not drive while distracted. Not all features available on all operating systems. Standard text and data usage rates apply. These features require compatible device, operating system, and mobile apps. See mobile device and app providers for terms and privacy. "Android Auto" is a trademark of Google Inc. "Apple CarPlay" is a trademark of Apple Inc.

Your central command for the information age.

Sure, the handheld power of mobile devices is impressive, but then, they don't handle like your Audi. Luckily, Audi connect® offers your favorite familiar functionalities, with the means to help you get to where you want to go.¹ The next generation of Audi connect offers three available options—Connect CARE,² Connect PRIME³ and Connect PLUS.⁴ Connect CARE provides assistance and security services to help you in emergency situations, at no additional cost for 10 years after the purchase of your new vehicle. Connect PRIME offers a collection of robust features like Google Voice Search™ and Audi Semi-Dynamic Route Guidance with INRIX XD® Traffic to help you navigate and stay informed.⁵ And for live updates and entertainment, Connect PLUS keeps your passengers connected even on the go through an in-vehicle Wi-Fi® Hotspot with a 4G LTE connection.^{6,7} Both Connect PRIME and Connect PLUS features are offered complimentary for a six-month trial period, and after that, stay connected by visiting myAudiConnect.com.

STANDARD CONNECT CARE

In case of an emergency situation, Audi connect® is equipped to help with online roadside assistance and automatic crash notifications. You can also initiate a request for emergency services by pushing the SOS button above the center console. And, in case of the unthinkable, Stolen Vehicle Locator services help authorities locate your vehicle.^{1,2,3}

With Audi Service Request, receive email and in-car notifications before you are due for service, helping you to easily schedule a service appointment with your Audi dealer.⁴

AVAILABLE CONNECT PRIME

With INRIX XD® Traffic, get fast and accurate traffic information (included in your active Audi connect® subscription) overlaid onto 3D satellite imagery to help visualize a true aerial view of your city and highway route, and let the MMI® navigation plus system reconfigure your route to help avoid traffic.⁵

With Google Earth™ integration, you'll enjoy 3D satellite imagery, including Google Street View™, displayed right on the MMI® display.

With Google Street View™, your Audi can show you a driver's-eye view of your destination right before you arrive so it's easy to recognize.⁶

Discover travel information for local landmarks in your area of interest, set them as destinations and let your vehicle show you the way.

Keeping your navigation map up to date is easier than ever with over-the-air map updates, sent directly to your vehicle.

It's simple. Tell your Audi what you are in the mood for, then let the cloud-processing power of Google™ speech recognition interpret your request and bring up a list of destinations in the area of your choice.

Use your Audi MMI® connect® App, or log in to your myAudi account online to access vehicle status reports, or use the Parking Position feature to help remember where you parked.^{9,10}

With BLUETOOTH® streaming audio, it's easier than ever to stream music from your compatible phone or digital music player right to the vehicle's audio system.

With access to text messages, emails and Twitter®, your passengers will know what's going on with their friends, family and the world.⁷

The point-of-interest search with an upgraded voice-control system means that you can get the most out of every journey.

Search for parking in your area of interest, check space availability and set your selection as a destination to help navigate directly to the garage entrance.⁸

With remote lock/unlock, you can easily lock or unlock your vehicle remotely through your compatible smartphone and SmartWatch.⁷

Get information about current events, exciting locations and places of interest at your travel destination, current location or other chosen location instantly.

A simple source for daily information on-demand, such as news updates from your favorite sources with text-to-speech function, fuel prices in your area and weather forecasts.

AVAILABLE CONNECT PLUS

Staying connected in your Audi has never been easier, with in-vehicle 4G LTE connectivity. Access is provided for up to eight passenger devices through an onboard wireless hotspot.^{11,12}

Always pay careful attention to the road, and do not drive while distracted. The features and technologies discussed above are optional, may require an additional subscription with separate terms and conditions, and should be used only when it is safe and appropriate. The Wi-Fi® hotspot feature is intended for passenger use only.

1 Roadside Assistance provided by an authorized third party service provider. 2 Automatic Crash Notification is enabled prior to purchase or lease and does not require registration or a subscription. 3 For use by law enforcement authorities only. See Terms of Service for details. 4 Always consult owner's manual for maintenance guidelines. 5 INRIX XD® Traffic is included with an Audi connect® subscription. 6 Always pay careful attention to the road, and do not drive while distracted. 7 Standard text and data usage rates apply. 8 Parking feature is not available in all areas and requires participation by parking provider. 9 Refer to your vehicle's warning and indicator lights for the most current diagnostic information. Always consult owner's manual for maintenance guidelines. 10 Requires Audi MMI® connect® App. Smartphone message and data rates apply. Do not use feature to locate stolen vehicle. 11 Always pay careful attention to the road, and do not drive while distracted. The Wi-Fi® hotspot feature is intended for passenger use only. Connect PLUS features and technologies are optional, may require an additional subscription with separate terms and conditions, and should be used only when it is safe and appropriate. See materials provided by wireless carrier for terms, privacy, data security details. Returning devices connect automatically and use plan data unless hotspot is removed from device settings. 12 4G LTE coverage is not available in all areas.

We feel you.

Connecting man with machine is complex work made simple from the Audi Human Machine Interface team. With features like the new available MMI® touch, which can read your natural handwriting, you may discover your machine really does get you.

// MMI® navigation plus with voice control system

Count on the available advanced navigation system with voice commands to help hone in on your destination with stunning precision while putting a little more depth in your journey with help from Google Earth™.¹

// BLUETOOTH® wireless technology

Unlock your compatible mobile phone's potential through the MMI system. Simply pair them up and start enjoying near-complete control of your phone's functions or streaming audio at the touch of a button.

¹ MMI® navigation plus depends on signals from the worldwide Global Positioning Satellite network. The vehicle's electrical system and existing wireless and satellite technologies must be available and operating properly for the system to function. The system is designed to provide you with suggested routes in locating addresses, destinations and other points of interest. Changes in street names, construction zones, traffic flow, points of interest and other road system changes are beyond the control of Audi of America, Inc. Complete detailed mapping of lanes, roads, streets, toll roads, highways, etc., is not possible, therefore you may encounter discrepancies between the mapping and your actual location. Please rely on your individual judgment in determining whether or not to follow a suggested MMI® navigation plus route. Mapping updates are available at no charge for the first five map updates and are subsequently available on a subscription basis.

The opposite of the sounds of silence.

From perfectly sculpted high notes to rich deep lows, sound reaches another dimension with the available Bang & Olufsen® 3D Sound System.

// Bang & Olufsen® 3D Sound System

The passion of Bang & Olufsen® matches well with Audi. Just consider the exclusive collaboration to create the available Bang & Olufsen® 3D Sound System in the all-new Audi A4. You will experience both thrilling highs and sumptuous lows in their most lifelike form, provided by 19 speakers and powered by a 16-channel amplifier with an output of 755 watts. The high-quality design of the speakers both enhances the spaciousness of the sound and adds to the sleek interior look of the vehicle, giving sound an entirely new dimension.

Innovative pieces for peace of mind.

It is nearly impossible to control everything that happens on the road. That's why we are committed to providing some of the most advanced technologies and precise engineering.

2017 Audi A4 2.0T quattro® Premium Plus shown in Manhattan Gray metallic with available equipment.

All hands on deck.

At Audi, our engineers were tasked with coming up with innovative solutions to both weight savings and strength. Advanced occupant safety-cell airbag technology is designed based on seat position, and specially constructed crumple zones give way upon impact to help mitigate potential injury in a collision. Add the rigid laser seam-welded joints and it becomes clear we are helping to look out for you.

Energy absorption

The Audi A4 is designed to absorb force and distribute it throughout the vehicle as evenly as possible to help mitigate the impact of a collision.

// Airbags

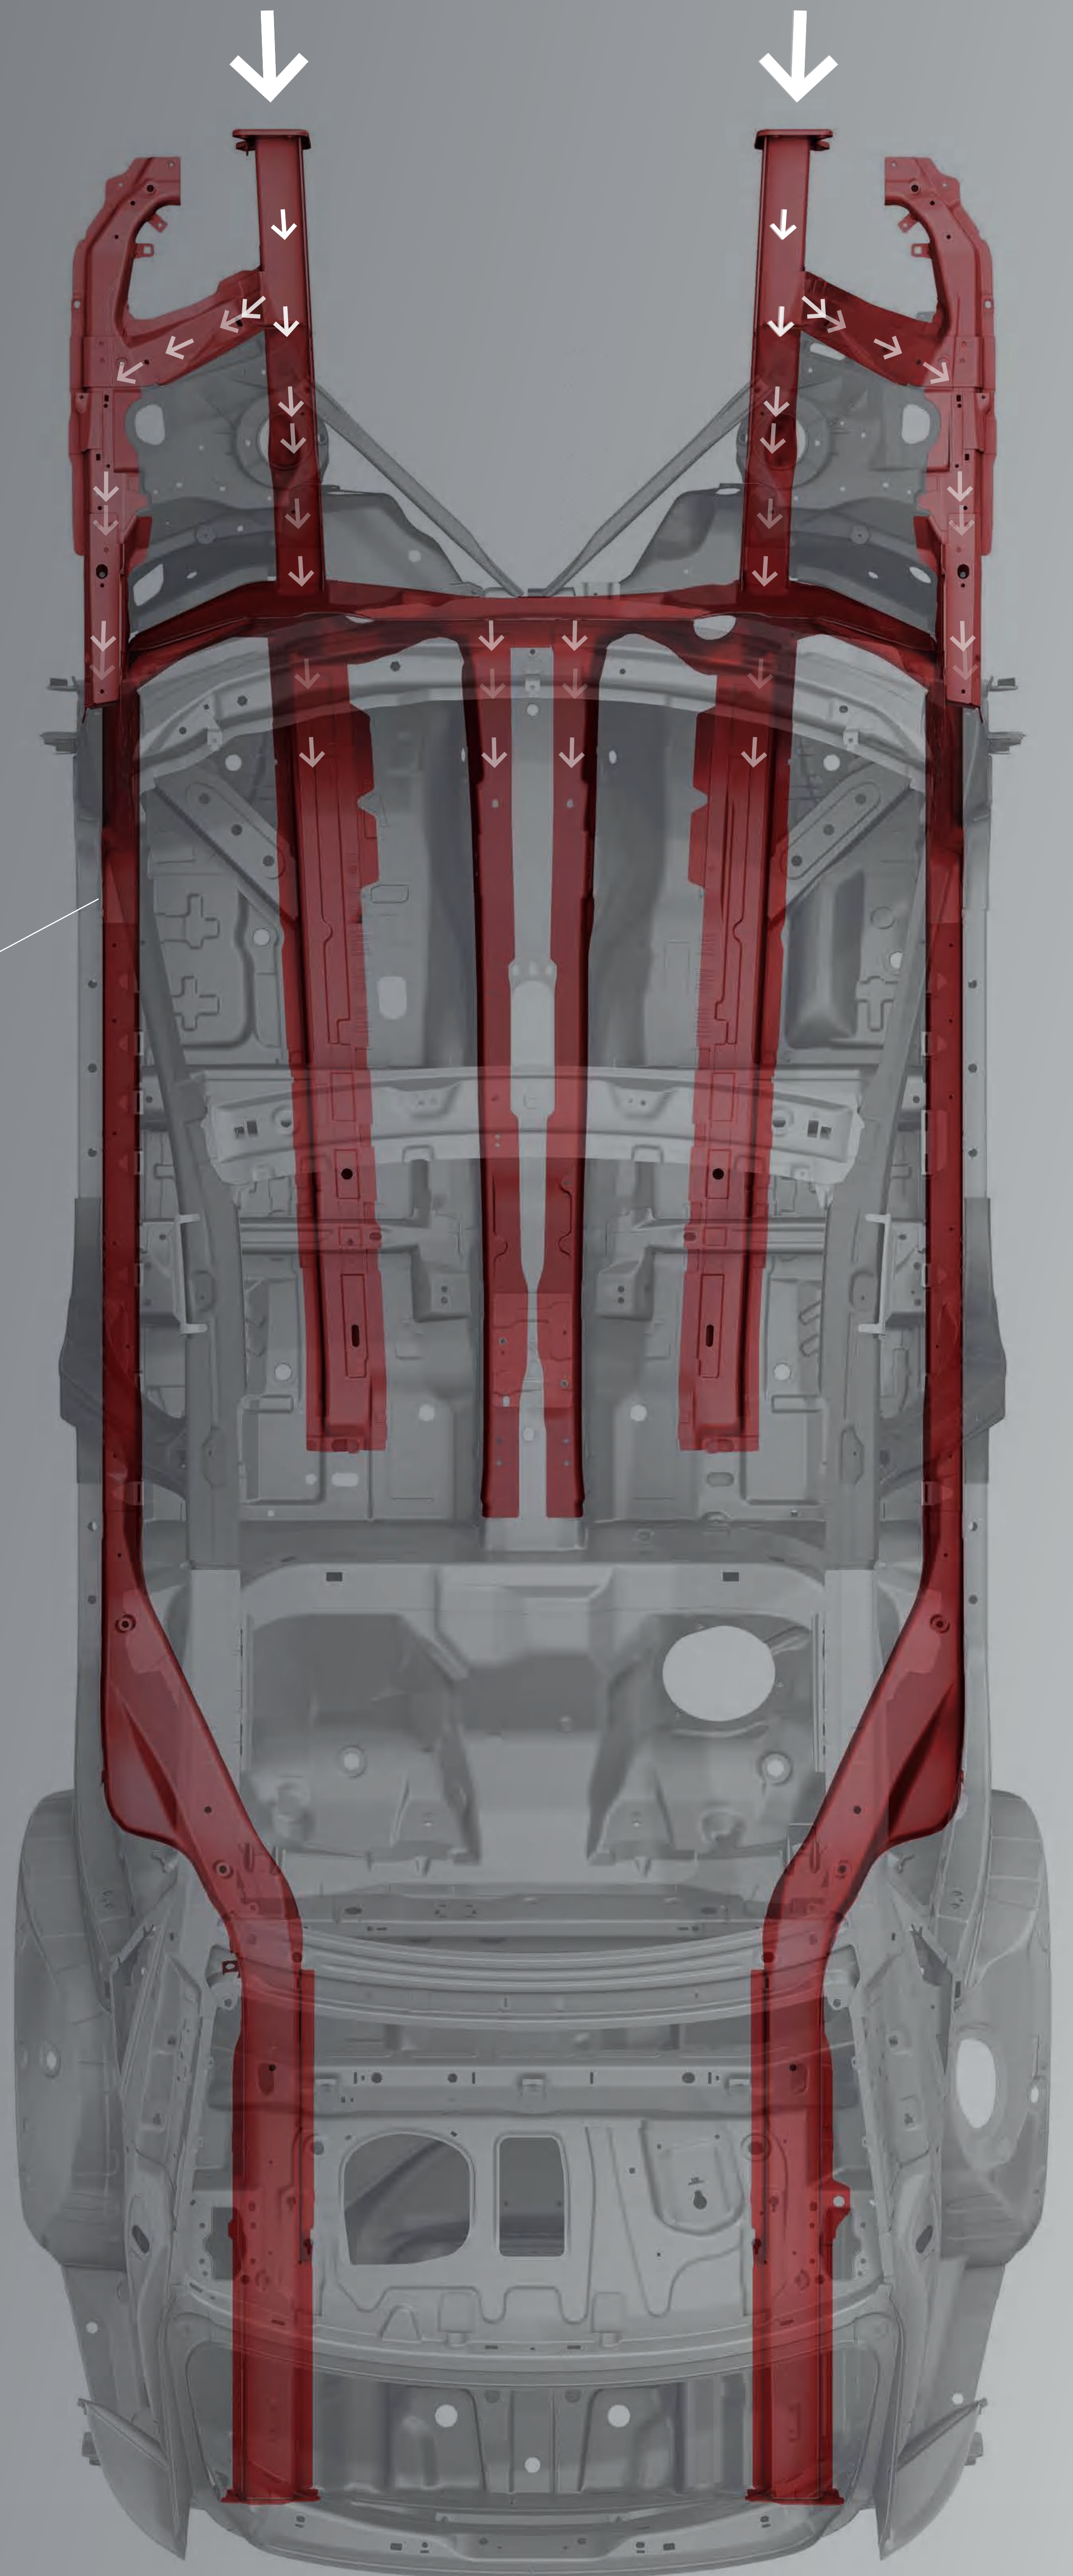

Our comprehensive airbag system houses eight standard airbags, including front-impact and thorax side airbags for both the driver and the front passenger and available rear passenger thorax side bags.¹

// ESC

Electronic Stability Control helps minimize loss of stability, applying brake pressure to individual wheels and reducing throttle input to help counter oversteer or understeer when the vehicle needs it.

// ABS

While braking, the Anti-lock Braking System helps the wheels maintain contact with the surface of the road, preventing skidding and the wheels locking up.

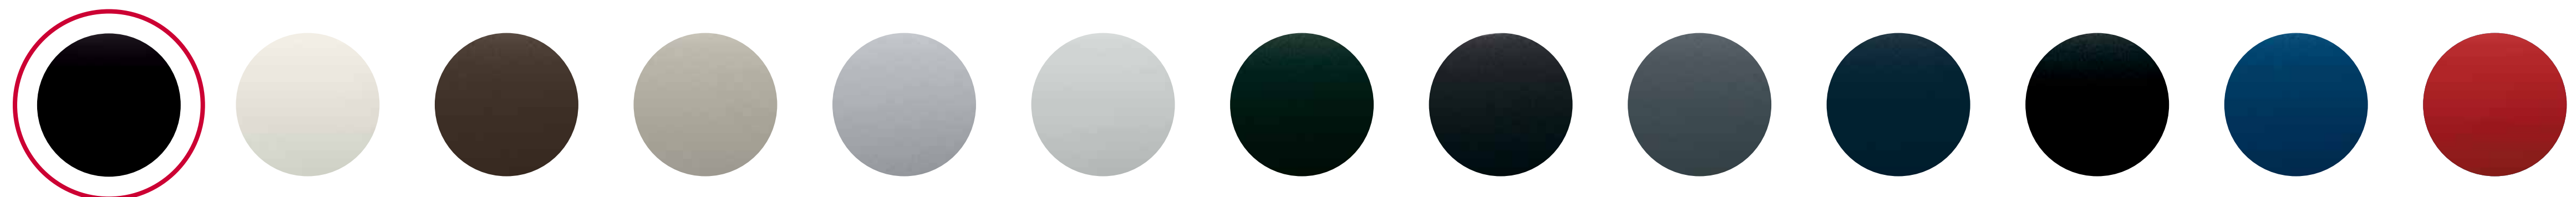

¹ Airbags are supplemental restraints only and will not deploy in all crash circumstances. Always use safety belts and seat children only in the rear, using restraint systems appropriate for their size and age.

19" Audi Sport® 10-V-spoke design, summer tires¹

Optional on Premium Plus and Prestige

[Find A Local Dealer ↗](#)

[Build your 2017 A4 ↗](#)

Exterior colors, interior colors, wheels and decorative inlay options will vary based on model and trim level combination. See your dealer for details. Tires are supplied and warranted by their manufacturer. High-performance tires are designed for better performance and handling in warm climates. When driving in cold, snowy or icy weather, you should equip your vehicle with four all-season or winter tires, which offer better traction under those conditions. We suggest you use the Audi-recommended winter or all-season tires specified for your Audi. High-performance tires also have a lower aspect ratio that aids performance and handling. Driving over rough or damaged road surfaces, as well as debris, curbs and other obstacles, can cause serious damage to wheels, tires, vehicle body and suspension parts. Be careful to avoid road hazards and reduce your speed, especially if your vehicle is equipped with low-profile tires. Please also remember when making your selection that, while these tires deliver responsive handling, they may ride less comfortably and make more noise than others. Finally, these tires may wear more quickly than other choices. It is important that the inflation pressure is regularly checked and maintained at recommended levels.

1. MMI® navigation plus depends on signals from the worldwide Global Positioning Satellite network. The vehicle's electrical system and existing wireless and satellite technologies must be available and operating properly for the system to function. The system is designed to provide you with suggested routes in locating addresses, destinations and other points of interest. Changes in street names, construction zones, traffic flow, points of interest and other road system changes are beyond the control of Audi of America, Inc. Complete detailed mapping of lanes, roads, streets, toll roads, highways, etc., is not possible, therefore you may encounter discrepancies between the mapping and your actual location. Please rely on your individual judgment in determining whether or not to follow a suggested MMI® navigation plus route. Mapping updates are available at no charge for the first five map updates and are subsequently available on a subscription basis. 2. Always pay careful attention to the road, and do not drive while distracted. Audi connect® should only be used when it is safe and appropriate. Audi connect® services and features are optional, provided with the support of authorized affiliated and third party service providers, and may require additional subscriptions with separate terms and conditions. Available on select models. Certain services collect location information, see Terms of Service for information about how to disable and for other details. 3. INRIX XD® Traffic is available on all Model Year 16+ A6, A7, TT and Q7 vehicles and is included with an Audi connect® subscription. Other models (allroad, A3, A4, A5, A8, Q3 and Q5) include SiriusXM® Traffic for four years with the purchase of the vehicle. 4. Always pay careful attention to the road, and do not drive while distracted. Not all features available on all operating systems. Standard text and data usage rates apply. These features require compatible device, operating system, and mobile apps. See mobile device and app providers for terms and privacy. "Android Auto" is a trademark of Google Inc. "Apple CarPlay" is a trademark of Apple Inc. 5. SiriusXM® Satellite Radio subscriptions sold separately or as a package after trial expires. Subscriptions are governed by SiriusXM® Customer Agreement (see www.siriusxm.com) and are continuous until you call SiriusXM® to cancel. Sirius U.S. Satellite Service available only to those 18 and older in the 48 contiguous U.S.A., D.C and Puerto Rico (with coverage limitations).

Sirius U.S. Satellite Service available only to those 18 and older in the 48 contiguous U.S.A., D.C and Puerto Rico (with coverage limitations). 5. Always pay careful attention to the road, and do not drive while distracted. Connect PRIME services are optional, may require an additional subscription with separate terms and conditions, and should be used only when it is safe and appropriate. Trial or paid subscription required. Connect PRIME services require vehicle cellular connectivity and availability of vehicle GPS signal; certain services collect location information, see Terms of Service for information about how to disable. See Terms of Service, Privacy Policy, and other details at www.audiusa.com/audiconnect-privacy and www.audiusa.com/audiconnect-terms. Connect PRIME services should only be used when it is safe and appropriate. 6. Pre-paid session-based plans, available for domestic use only. Plans expire when full data allotment is used or time period ends, whichever comes first. Monthly plans auto-renew every 30 days and charges are billed to the credit card on file on the last day of the 30-day term, for the next 30-day time period, unless canceled. To cancel monthly plans at any time, visit myaudiconnect.com or call 1-877-505-2834. Other plans do not auto-renew. Wi-Fi[®]: Connectivity for up to 8 Wi-Fi[®] capable devices. General Wireless Service Terms: Subject to the Session Based Wireless Data Services Agreement. Other restrictions and terms apply and may result in service termination and/or limitations. Coverage and service not available everywhere. 7. INRIX XD[®] Traffic is available on all Model Year 16+ A6, A7, TT and Q7 vehicles and is included with an Audi connect[®] subscription. Other models (allroad, A3, A4, A5, A8, Q3 and Q5) include SiriusXM[®] Traffic for four years with the purchase of the vehicle. 8. High-performance tires are designed for better performance and handling in warm climates. When driving in cold, snowy or icy weather, you should equip your vehicle with four all-season or winter tires, which offer better traction under those conditions. We suggest you use the Audi-recommended winter or all-season tires specified for your Audi. High-performance tires also have a lower aspect ratio that aids performance and handling. Driving over rough or damaged road surfaces, as well as debris, curbs and other obstacles, can cause serious damage to wheels, tires, vehicle body and suspension parts. Be careful to avoid road hazards and reduce your speed, especially if your vehicle is equipped with low-profile tires. Please also remember when making your selection that, while these tires deliver responsive handling, they may ride less comfortably and make more noise than others. Finally, these tires may wear more quickly than other choices. It is important that the inflation pressure is regularly checked and maintained at recommended levels. 9. When driving during cold, snowy or icy weather conditions, ensure that your vehicle is equipped with appropriate all-season or winter tires. Even with appropriate tires, you must always drive in a manner appropriate for the weather, visibility and road conditions.

TAP IMAGES FOR DETAILS

// **Small cargo carrier**

Use 12.7 cu ft of extra storage to get started on your weekend getaway.

Size: 70" long, 33" wide, 15" high.

visit parts.audiusa.com for more.

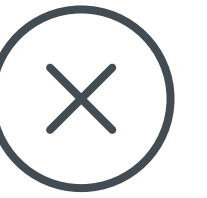

// **Aluminum bike rack¹**

Help protect your other ride. This locking holder fits 20- to 80-mm bike frames with both wheels on the bike and helps keep the bike upright as you secure it in place.

visit parts.audiusa.com for more. 

¹ All roof-rack system attachments require the base carrier bars. All attachments sold separately. Recreational equipment, sporting equipment and luggage not included.

// Ski and snowboard racks¹

These racks help transport your equipment to the slopes. The standard attachment (shown) holds two sets of skis or two snowboards. A deluxe attachment, sold separately, holds up to three sets of skis or up to four snowboards.

visit parts.audiusa.com for more.

¹ All roof-rack system attachments require the base carrier bars. All attachments sold separately. Recreational equipment, sporting equipment and luggage not included.

// A4 winter wheel and tire package

Adding style and performance, this winter wheel and tire package features Audi Original winter tires specifically engineered to help improve traction and handling in snow and ice—and even on dry roads—in temperatures below 45°F.¹

visit parts.audiusa.com for more.

¹ Even with appropriate tires, you must always drive in a manner appropriate for the weather, visibility and road conditions, and you must maintain more distance from other vehicles since braking distances will be longer on ice- and snow-covered roads.

// Carbon fiber mirror caps

Built from the same materials as the famed Audi Le Mans prototype race cars, these strong, light-weight, eye-catching accents display carbon fiber technology in all its glory.

visit parts.audiusa.com for more.

// All-weather floor mats

No matter where the day takes you, the floor mats feature a deep-ribbed, channeled design that helps protect your vehicle's floor and carpeting from the elements. Black mats are available in sets of two for front or rear. Front mats feature the Audi A4 logo.

visit parts.audiusa.com for more.

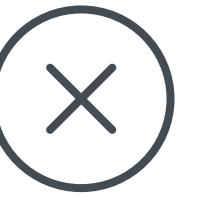

// All-weather cargo mat

Custom fit for your A4, the raised outside edge of the cargo mat helps contain spills and protect cargo-area carpeting from stains. The textured material helps control load shifting.

visit parts.audiusa.com for more.

// Carbon fiber trunk lid spoiler¹

Add a sporty accent to your A4. This spoiler is lightweight, but also strong and durable with the sleek, sophisticated look that carbon fiber offers. Matches the mirror caps.

visit parts.audiusa.com for more.

¹ Professional installation required. See your authorized Audi dealer for details.

// Men's Ingolstadt jacket

This three-layer performance soft-shell jacket, with a bonded fleece lining and an interior membrane, features custom map artwork in front and the Audi rings logo on the sleeve.

// Gunmetal key holder

Represent your Audi in style. This dark-gray metal key holder features the Audi rings logo with a pull-and-twist mechanism.

// Men's leather chronograph watch

Add a little extra style to your everyday attire. This watch has a black leather band, a gray dial and a chronograph function with the Audi rings logo.
