

2024

PALISADE

Make room for the good life.

The 2024 Hyundai Palisade has everything it takes to make the most of your journey. Available with either 7- or 8-passenger seating, the 3-row Palisade is all about premium comfort. For starters, there's the availability of cooling seat ventilation in the first two rows. And heated seats in all three rows. Other small details, like a Wi-Fi hotspot onboard,¹ offer big benefits.

Everywhere you look, advanced technologies create elegant solutions. A hands-free smart liftgate is available, as well as hydrophobic glass that repels water and dirt from the front-door windows. A full-display Digital Rearview Mirror is also available for better night vision – or unobstructed views if your Palisade is fully loaded. USB ports and an available wireless phone charger add to Palisade's high-end approach.²

Hyundai SmartSense, our suite of advanced safety and driver-assist technologies, contributes to your peace of mind.³ And HTRAC All Wheel Drive is available on every trim level for enhanced traction. On Palisade Calligraphy, even the way it parks is next-level convenient – a Remote Smart Parking Assist feature lets you effortlessly roll into or out of parking spots using your key fob as a remote control.⁴

With all of this going for it, it's easy to see why *U.S. News & World Report* named the Hyundai Palisade a 2023 Best 3-Row SUV for the Money.⁵ And why Autotrader named Palisade one of the Best New Cars of 2023.⁶ According to Brand Keys, more people who buy a Hyundai buy another – more than any other car, at any price. In fact, they've ranked Hyundai #1 in customer loyalty 14 years in a row.⁷

¹ Requires active data plan from Verizon and acceptance of Hyundai Motor America Connected Services Terms and Conditions. Coverage and service are not available in all areas. Wi-Fi hotspot is intended for passenger use only. Only use Wi-Fi and connected devices when safe to do so. For terms and conditions, see www.verizon.com/plans/connected-car. ² Qi wireless charging function is based on smartphone compatibility and/or specific accessory cases. ³ Safety features vary by model. For details, refer to the Features chart in the back of this brochure or visit HyundaiUSA.com. ⁴ Remote Smart Parking Assist (RSPA) can help remotely park the vehicle. However, several factors can impact RSPA performance. RSPA may not function correctly if one or more of the parking sensors is damaged, dirty or covered, or if weather conditions (heavy rain, snow or fog) interfere with sensor operation. Always inspect the parking area with your own eyes. See Owner's Manual for details and limitations. ⁵ View U.S. News Best Cars at cars.usnews.com. ⁶ For more information, visit Autotrader.com. Autotrader is a registered trademark and used with permission. ⁷ Based on Brand Keys 2010, 2011, 2012, 2013, 2014, 2015, 2016, 2017, 2018, 2019, 2020, 2021, 2022 and 2023 Customer Loyalty Engagement Index*.

Drive at the intersection of design and technology.

With its elevated seating position and commanding view of a spacious cabin, Palisade raises the standards of modern interior design. Position yourself in the driver's seat, and all of the information you need is displayed within a single continuous panel: There's a large 12.3" high-resolution split-screen audio/navigation system to your right, and an available 12.3" digital instrument cluster front and center.

Also at your command is Dynamic Voice Recognition. Prompted by conversational phrases, it lets you easily adjust climate, audio or navigation settings.¹ On Palisade Calligraphy and Limited models, a full-color Head-up Display can project your critical driving data onto the windshield – just like a fighter jet.

Slip inside Palisade Calligraphy, and you're surrounded by buttery-soft Nappa leather trim with a distinctive quilted pattern (a luxurious new Calligraphy Night Edition features exclusive dark premium seating surfaces). Beneath you is luxurious heated and ventilated seating that extends from the front seats to the 2nd-row captain's chairs. Up above, an expansive dual sunroof bathes the interior in natural light. And a camera mounted in the rear spoiler provides a video feed of what's behind your Palisade.

If all of that sounds inviting, so will this: An available Harman Kardon® premium audio system that uses QuantumLogic® Surround to fill your cabin with powerful, sparkling sound.² The system's Clari-Fi™ Music Restoration Technology works in the background to restore the richness of your music by fixing waveform deficiencies inherent in digital audio compression.

Drive your own road. Choose your own mode.

As our flagship SUV, Palisade expresses our highest level of refinement. With Drive Mode Select, you can fine-tune that feeling. Want to enhance the precise response of its steering, braking and acceleration? Turn the Drive Mode knob on the center console to Sport, and your Palisade sharpens its performance edge.

Select Comfort mode, and your Palisade instantly adjusts the engine, transmission and other systems for a smoother, more relaxed response. Choose Eco mode, and your Palisade is set up for peak fuel efficiency. Vehicles equipped with available HTRAC All Wheel Drive even feature a Snow mode that calibrates traction for slick driving surfaces, and a Tow mode that optimizes AWD acceleration for smooth towing.

Whatever mode you choose, the power you feel pours from a Shift-by-Wire 8-speed automatic transmission and an innovative 3.8L GDI V6 engine that generates up to 291 horsepower. Palisade's versatility extends from a towing capacity of up to 5,000 pounds¹ to an EPA-estimated rating of up to 26 MPG on the highway.² The HTRAC AWD available with all trim levels also includes Downhill Brake Control, which helps maintain traction when you're descending an incline without having to press the brake pedal.³

HTRAC All Wheel Drive with Tow Mode

Self-leveling rear suspension

Shift-by-Wire push-button drive controls

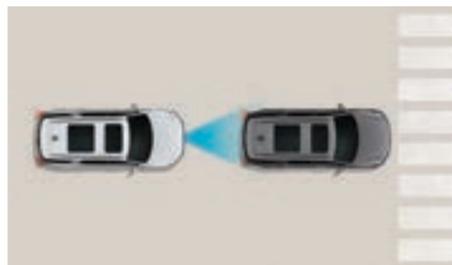

¹Towing capacity with trailer brakes. Towing capability varies by configuration. See the towing guide in the Owner's Manual for proper use and additional information. ²EPA estimates with front-wheel drive for comparison only. Mileage may vary. Your actual mileage will vary with options, driving conditions, driving habits and the vehicle's condition. ³Downhill Brake Control is designed to help the driver maintain vehicle speed on steep downhill descents and is not a substitute for safe driving. Vehicle speed, grade, surface conditions and other factors can affect the system's capability. See Owner's Manual for details and limitations.

When it comes to safety ratings, aim for the top.

To earn an *IIHS TOP SAFETY PICK+* rating,¹ you've got to be on the top of your game. Palisade deploys Hyundai SmartSense technologies to help protect you from every angle. Forward Collision-Avoidance Assist scans the road ahead, detecting potential collisions with other vehicles, pedestrians or cyclists.² Lane Following Assist,³ together with features like Blind-Spot Collision Warning⁴ and Safe Exit Assist,⁵ help monitor your Palisade's flanks. Behind you, a rearview camera and Rear Cross-Traffic Collision-Avoidance Assist technology have your back.⁶

Palisade SEL Premium, Limited and Calligraphy trim levels offer two more innovations: A Surround View Monitor that assists in managing tricky parking maneuvers,⁷ and a Blind-Spot View Monitor that helps negotiate lane changes by showing video of either blind spot on the digital instrument cluster after you activate the turn signal.⁸

Hyundai SmartSense Technologies

1. Forward Collision-Avoidance Assist

When the front-facing camera or radar detects a vehicle, pedestrian or cyclist in your path, or an oncoming car when you're turning left in an intersection, your Palisade warns of a potential collision. If necessary, the system may apply emergency braking automatically to help avoid a collision.

2. Blind-Spot Collision Warning

If your Palisade detects a vehicle in your blind spot while the turn signal is on, it issues an alert before you change lanes to help avoid a collision. It also monitors for vehicles approaching from behind to help prevent collisions when you are exiting a parallel parking spot.

3. Rear Cross-Traffic Collision-Avoidance Assist

Backing out of a parking space and wondering if there's cross traffic? First, check the available full-display Digital Rearview Mirror. Once you are in reverse, Rear Cross-Traffic Collision-Avoidance Assist warns of detected vehicles approaching from the side. If necessary, your Palisade may automatically apply braking to help prevent a collision.

4. Lane Following Assist

Using the front-view camera to detect lane markers on the pavement, this feature offers subtle steering corrections to help keep your Palisade centered in its lane. Your Palisade is also able to determine a virtual path based on the movements of the preceding vehicle.

1

4 5

2

6

3

Blind-Spot View Monitor

Surround View Monitor

5. Highway Driving Assist

Beyond helping to keep you centered in your lane at a safe cruising distance from the vehicle in front – while automatically adjusting for changing speed limits – Palisade can also reduce your cruise control speed automatically when entering a curve. Palisade models equipped with Highway Driving Assist 2 help perform automatic lane changes in the direction indicated by your turn signal when it is safe to do so.⁹

6. Ultrasonic Rear Occupant Alert & Safe Exit Assist

An available ultrasonic sensor in the headliner scans for rear seat movement after you exit and lock your Palisade. If movement by a child or pet is detected, it sounds the horn, flashes its lights and sends an alert to your phone.¹⁰ Safe Exit Assist warns the driver if an approaching vehicle is detected alongside an opening door.

¹To qualify for 2023 *TOP SAFETY PICK+*, a vehicle must earn good ratings in the driver-side small overlap front, passenger-side small overlap front, original moderate overlap front and updated side tests. It also must earn an advanced or superior rating for both daytime and nighttime vehicle-to-pedestrian front crash prevention and come with standard acceptable- or good-rated headlights. For details, visit www.iihs.org. ²Forward Collision-Avoidance Assist with Junction Turning (FCA-JT) is intended to be a supplement to safe driving practices. The system is not designed to detect certain stationary objects such as trees or poles, and may not detect all vehicles, pedestrians or cyclists under certain conditions. The system's Junction Turning function operates when the vehicle's left turn signal is activated, the vehicle is traveling between approximately 6-19 mph and the oncoming vehicle's speed is between approximately 19-44 mph. The system is a driver assistance system and is not a substitute for safe driving. The driver is responsible for being attentive and maintaining control of the vehicle, and should not wait for the system's alerts before braking as there may not be sufficient time to brake safely. See Owner's Manual for details and limitations. ³Lane Following Assist (LFA), when actively engaged with Smart Cruise Control or Highway Driving Assist, helps keep your vehicle centered in its lane when the lane markings are clearly visible on the road. Lane Following Assist will not work under all circumstances and will not prevent loss of control. Lane Following Assist is a supplemental assist and does not replace the need for extreme care and attention by the driver. See Owner's Manual for details and limitations. ⁴Blind-Spot Collision Warning (BCW) helps warn you of other cars in the blind-spot region to help prevent an unsafe lane change. It also helps prevent collisions when exiting parallel parking spots by alerting the driver to a potential hazard. Never rely exclusively on BCW as it is not a substitute for attentive driving. Always look over your shoulder and use your mirrors to confirm clearance. There are limitations to the function, detection, range and clarity of the system. BCW may not function correctly if one or more of the parking sensors is damaged, dirty or covered, or if weather conditions (heavy rain, snow or fog) are interfering with sensor operation. See Owner's Manual for details and limitations. ⁵When parked, Safe Exit Assist (SEA) can alert occupants planning to exit the vehicle when another vehicle is detected to be approaching from behind. When child locks are active, SEA prevents the disablement of the child locks if a vehicle approaching from behind is detected. All doors must be closed for Safe Exit Assist to operate. Functionality is retained for 10 minutes after the ignition is turned off. Opening the door

switches Safe Exit Assist off. See Owner's Manual for details and limitations. ⁶Rear Cross-Traffic Collision-Avoidance Assist (RCCA) is designed to notify drivers of approaching cross traffic behind their vehicle. When another vehicle is detected while you are backing out of a parking spot, it provides audible and visual display warnings and applies braking if it senses a collision is imminent. RCCA is active when the vehicle is in reverse gear and backing at a speed less than 6 mph. It only engages during the first activation of reverse gear from park and may not detect all vehicles, depending on the size, angle, distance and speed of the other vehicle. Never rely exclusively on RCCA. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection, range and clarity of the system. See Owner's Manual for details and limitations. ⁷The Surround View Monitor is a parking support system. It cannot completely eliminate blind spots, may not detect every object and does not warn of moving objects. Always check your surroundings before moving your vehicle. See Owner's Manual for details and limitations. ⁸The Blind-Spot View Monitor (BVM) assists the driver in changing lanes by providing a live view of the blind spots on either side of the vehicle and an audible alert if another vehicle is detected. Turn signal must be activated, and other system limitations apply. Do not rely exclusively on BVM. It is the driver's responsibility to be aware of the surroundings and ensure it is clear before changing lanes or directions. See Owner's Manual for more information. ⁹Highway Driving Assist (HDA) is for highway use only. It can help maintain a safe distance from the vehicle ahead and help keep your vehicle centered in its lane when lane markings are clearly visible on the road. HDA should not be used in poor weather, heavy or varying traffic, or on winding or slippery roads. HDA will not work under all circumstances and will not prevent loss of control. Driver remains responsible to slow or stop the vehicle to avoid a collision. See Owner's Manual for details and limitations. ¹⁰When the vehicle is parked and the engine has been turned off, Ultrasonic Rear Occupant Alert (UROA) can help alert the driver if it detects movement from a child or pet. Upon exiting and locking the vehicle, the UROA may provide visual, audible and/or Bluelink alerts if the interior sensors detect movement. UROA is not a substitute for driver attentiveness. Never leave a child or pet unattended in a vehicle. Bluelink notification requires a properly equipped vehicle with an active Bluelink account. See Owner's Manual for details and limitations.

PALISADE Calligraphy in Beige Nappa Leather

Be the center of your universe.

Palisade puts the world at your fingertips. You can unlock the doors and start the engine using your compatible smartphone and the Digital Key 2 Touch app.¹ Apple Wallet and Samsung Pass let you share your digital key with trusted friends and family members.² You can also create good connections from the get-go with Palisade's integrated Wi-Fi hotspot³ and call up your music playlists using Apple CarPlay® and Android Auto™.⁴

On Palisade Calligraphy models, the Ergo Motion Driver Seat offers stress-relieving stretching and posture support. Front legroom stretches the imagination – it's more than some full-size SUVs. Palisade's available heated 8-way power front seats are also available with ventilation and 4-way power lumbar support for the driver. Dedicated climate control vents for both front and rear passengers and a roof vent diffuser quietly stream an evenly distributed flow of air. For 2024, dual automatic temperature control with auto defog and 2nd-row automatic temperature controls are now standard across the lineup.

When your 3rd-row passengers are ready for naptime, Rear Seat Quiet Mode lets you mute only the rear speakers. There's also a conversation mirror and available Passenger Talk in-car intercom, so you can command your crew without raising your voice.

Access to Palisade's 3rd-row seating is effortless, too, thanks to one-touch sliding 2nd-row seats. Split-folding 2nd- and 3rd-row seats let you quickly reconfigure seating and cargo areas, and a button in the rear cargo area controls the available 3rd-row power-folding seats. So along with the available height-adjustable hands-free smart liftgate,⁵ you can open up your Palisade to a wide range of possibilities.

Digital Key 2 Touch

¹Not available with Palisade SE. Near Field Communication digital smartphone key requires compatible smartphone and appropriately equipped 2024 Palisade. Not all smartphones are compatible. Lock/unlock functionality works on front doors only. Features and specifications subject to change. See your Owner's Manual for details and limitations. ²Requires compatible iPhone,® Apple Watch® or Samsung Galaxy® phone. Not all Android, Apple or Samsung devices are compatible. Digital key sharing requires active Bluelink account. See Owner's Manual for details and limitations. Apple® is a registered trademark of Apple Inc. Samsung® is a registered trademark of Samsung Electronics Inc. ³Requires active data plan from Verizon and acceptance of Hyundai Motor America Connected Services Terms and Conditions. Coverage and service not available in all areas. Wi-Fi hotspot is intended for passenger use only. Only use Wi-Fi and connected devices when safe to do so. See www.verizon.com/plans/connected-car for terms and conditions. ⁴Apple is a registered trademark of Apple Inc. Android Auto™ is compatible with Android™ phones running Android 5.0 or higher. Android Auto may not be available on all devices. Additional apps may be required. Android and Android Auto are trademarks of Google LLC. ⁵The hands-free smart liftgate opens when your Proximity Key is within 3 feet of the detection area for at least 3 seconds. Radio transmitters and other smart keys may interfere with normal operation. Please consult your Owner's Manual for details and limitations.

Remote Smart Parking Assist

Introducing Bluelink+. No fees. No trial. No worries.

With the introduction of Bluelink+, Hyundai becomes the first automotive brand to offer its suite of connected car features to new car purchasers at no extra cost. Bluelink+ is complimentary with the purchase of your new 2024 Palisade.¹

Bluelink features technologies designed to help keep you safe – from automatic collision notifications to automatic emergency assistance if your airbags deploy and enhanced roadside assistance that sends your exact location to a roadside assistance associate. Bluelink also includes helpful maintenance features like remote diagnostics and monthly vehicle health reports. All complimentary with a 2024 Palisade new vehicle purchase for the life of the supporting wireless network technology.²

Our MyHyundai app turns your compatible smartphone, smartwatch or smart home assistant device into a Bluelink remote control that can unlock your Palisade's doors and start the engine and climate controls before you walk out the door.³

Starting your Palisade remotely, or with the available Digital Key 2 Touch, also tunes your radio and navigation system presets using your Bluelink personal profile. Want to remotely check and see if you've left your doors unlocked or the headlights on? Just consult your MyHyundai app. It's that easy.

Automatic Emergency Assistance

Hyundai Bluelink offers 24/7 SOS Emergency Assistance as well as Automatic Collision Notification that calls for help if you're in an accident where your vehicle's airbags deploy.⁴

On-Demand Diagnostics

Run vehicle diagnostics from your MyHyundai app, report issues at the press of a button, and receive monthly vehicle health reports or maintenance reminders by email.

Remote Vehicle Controls

Your compatible smartphone, smart speaker or wearable device can remotely start your Palisade's engine, unlock the vehicle's doors, set the cabin's temperature, and much more.

Driver Profile Management

When using remote start or your Digital Key 2 Touch, the radio presets, seating/mirror positions and other Bluelink profile settings are intact the moment you take a seat inside of your Palisade.⁵

Destination Send-to-Car

Use the MyHyundai app to find restaurants or other points of interest, then send the destination to your Palisade's navigation system before you start to drive.

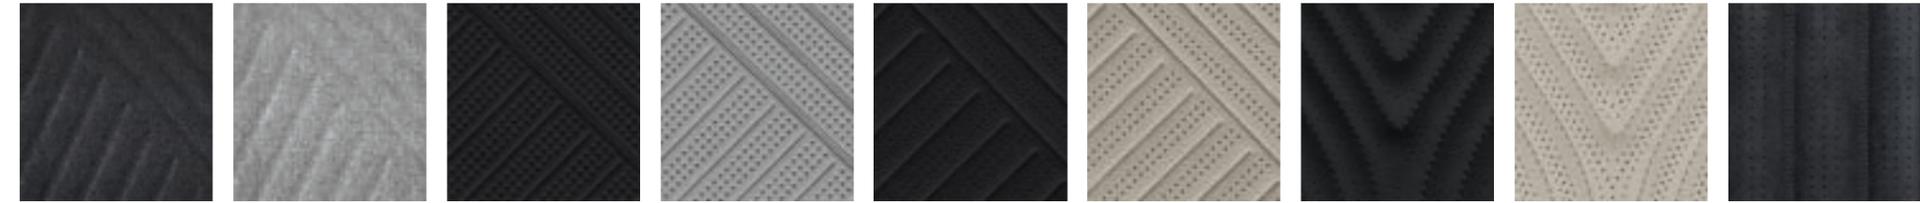

Remote Vehicle Status

Wondering how much fuel is in your tank? If your Palisade's doors are unlocked? Your MyHyundai app knows the answers to these questions and more.

¹Bluelink+ requires an active subscription agreement subject to the Connected Services Terms and Conditions. Term starts from the new vehicle date of first use. Only use Bluelink and corresponding devices when safe to do so. Cellular and GPS coverage is required. Features, specifications, and fees are subject to change. A fee will apply for map and multimedia over-the-air (OTA) updates, which are dependent on an active Bluelink connection, after an initial 3-year period of complimentary updates. For details and limitations, visit HyundaiUSA.com or your authorized Hyundai dealer. ²All Bluelink services rely on digital wireless telecommunications technology outside of our control and in the control of the wireless carriers who provide the telecommunications technology. 4G LTE cellular networks are controlled and maintained by third-party wireless carriers. Telecommunication technologies have been known to change over time. If and when these networks change and discontinue services or the underlying technology required to support Bluelink is obsolete, then the connected services will not work, and we will be forced to cancel impacted subscription services. ³Requires active Bluelink Advanced subscription (complimentary for the original owner). Remote climate control available on properly equipped models with fully automatic temperature control. Remote stop only available when in remote start mode. ⁴Bluelink agents will contact existing emergency service responders. ⁵Bluelink profile settings vary by trim level.

Hope comes standard on every Hyundai.

Each time we sell a Hyundai, a portion goes to Hyundai Hope On Wheels® to help find a cure for childhood cancer. Over the last 25 years, Hyundai Hope On Wheels has donated \$225 million to pediatric cancer research. Hope is our greatest feature. And it comes standard on every Hyundai. For more information, please visit HyundaiHopeOnWheels.org.

America's Best Warranty

NEW VEHICLE LIMITED WARRANTY

5 YEARS 60,000 MILES

ANTI-PERFORATION WARRANTY

7 YEARS UNLIMITED MILES

24/7 ROADSIDE ASSISTANCE

5 YEARS UNLIMITED MILES

Hyundai Complimentary Maintenance

Complimentary maintenance includes Hyundai-approved oil and oil filter change (except for electric vehicles and fuel cell electric vehicles) plus tire rotation at normal factory-scheduled maintenance intervals for 3 years or 36,000 miles, whichever comes first. More frequent maintenance due to severe driving or conditions excluded. Offer valid only for new 2020-2024 Hyundai models purchased or leased on or after February 1, 2020. See your Hyundai dealer for further details and limitations.

Owner Assurance

Our commitment to Hyundai owners does not end with the transfer of keys. Wherever the road takes you, we have got your back with Hyundai Owner Assurance, an umbrella of services and benefits that includes America's Best Warranty, 24/7 Roadside Assistance, innovative safety and car care features...and more.

While the information contained in this brochure is based on the latest information available at the time of printing, specifications and equipment can change. Feature comparisons are based on competitor information available at the time of printing. Although the information contained in this brochure is believed to be correct, accuracy cannot be guaranteed. No warranty or guarantee is being extended in this brochure, and Hyundai reserves the right to change product specifications and equipment at any time, without notice, without incurring obligations. Some vehicles are shown with optional equipment. Specifications apply to U.S. vehicles only. Please contact your Hyundai dealer or visit HyundaiUSA.com for current vehicle specifications or details on any of the programs or services listed here. As part of Hyundai's commitment to a responsible environment, this brochure was printed using paper certified by the Forest Stewardship Council®. FSC® certification helps ensure that the highest social and environmental standards are met in the making of the paper we use, contributing to conservation, responsible management and community-level benefits for people near the forests.
