The rewards of striving to be the best are even more meaningful in the development of our youth than they are in automobiles. That's why Mercedes-Benz USA is committed to educating and empowering the next generation of diverse leaders. To help equip them with the tools for success, MBUSA partners with two national organizations that invest in the futures of young people in communities across the country. As a Mercedes-Benz driver, you become a part of this effort to give hundreds of thousands of youth a better life today, and all of us a brighter tomorrow. ***Learn more about how Mercedes-Benz USA gives back at MBUSA.com/community***

Laureus FOUNDATION USA

A nationwide network of youth sports programs, Laureus Sport for Good USA is focused on improving the health, education, employment and social cohesion of youth in underserved communities. Since 2012, Laureus USA has helped nearly half a million young people in 150 cities, and has supported the training of more than 8,000 coaches who serve as mentors in their communities. ***To learn more, visit laureususa.com***

JOHNNY MAC SOLDIERS FUND

Johnny Mac Soldiers Fund helps to honor military service and sacrifice by providing scholarships to veterans and military family members, particularly the children of our nation's fallen and disabled. Since 2014, Johnny Mac has awarded over $7.5 million in scholarships to more than 1,000 students. ***To learn more, visit johnnymac.org***

## CLASS

**2019**

SEDAN / WAGON / COUPE / CABRIOLET

2019

# E

Have you ever wished you could time-travel? Maybe just once? And just far enough ahead to bring back some intel? Of course, you'd promise only to do good things with your advance knowledge: A few wise investments for your family's future. A few mishaps averted. And, ok, maybe a few trips to the patent office—though you'd share some of the most important ideas. Promises, after all. In more ways than one, the Mercedes-Benz E-Class has been time-traveling for generations—right in front of your eyes. It's pioneered countless innovations in safety, performance and luxury that have gone on to become part of every car on the road. Its design has repeatedly inspired others to emulate its unique blend of sensible and sexy—even if no car pulls it off as well. It's proven to be a wise expenditure—with solid value, enduring quality, and admirable efficiency. But the best part? In the time it takes other cars to catch up, you get to enjoy the car of tomorrow for years of todays.

**E 300 and E 300 4MATIC SEDANS  E 450 COUPE and CABRIOLET**

**E 450 4MATIC SEDAN, WAGON, COUPE and CABRIOLET**

**AMG E 53 SEDAN, COUPE and CABRIOLET**

**AMG E 63 S SEDAN and WAGON**

EVEN IF IT WEREN'T THE ONLY FULL LINE OF SEDANS, WAGONS, COUPES AND CABRIOLETS TODAY, THE E-CLASS WOULD LIKELY STILL BE THE MOST ADVANCED, AND MOST ADMIRED.

# KEY

## PERFORMANCE

Engine: Inline-4 turbo, V6 biturbo, AMG-enhanced inline-6 turbo with EQ Boost, or handcrafted AMG V8 biturbo

Rear-wheel drive, 4MATIC® all-wheel drive, or AMG Performance 4MATIC+*

9G-TRONIC, AMG SPEEDSHIFT® TCT, or AMG SPEEDSHIFT MCT 9-speed transmission, all with shift paddles

DYNAMIC SELECT drive modes

Selective damping suspension, AIR BODY CONTROL,* or 3-stage AMG RIDE CONTROL Sport Suspension*

## DESIGN

The only nameplate in the U.S. that offers a full line of sedans, wagons, coupes, and convertible cabriolets

LED headlamps and taillamps, LED Intelligent Light System*

64-color LED ambient cabin lighting*

17" to 20" alloy wheels*[1]

Power sunroof (sedans, wagons), Panorama roof (sedans,* wagons,* coupes), or 3-layer “acoustic” fabric power soft top (cabriolets)

A variety of styling packages for every model and bodystyle*

## SAFETY

Blind Spot and Lane Keeping Assists* Rearview camera, or multicamera Surround View System*

PRE-SAFE® Sound hearing protection technology, ATTENTION ASSIST,® Mercedes-Benz Emergency Call, and radar-based Active Brake Assist collision mitigation

Pioneering active safety suite* including Active Distance Assist DISTRONIC,® Active Lane Change Assist, Evasive Steering Assist, Active Speed Limit Assist, PRE-SAFE PLUS, and PRE-SAFE Impulse Side

## LUXURY

A wide selection of hand-fitted upholsteries and fine cabin trims*

Power front seats with memory

Heated, ventilated, and massaging front seats with active side support*

Digital dual-zone climate control with dust and odor filters

ENERGIZING Comfort* unites sound, lighting, aroma, seating and climate (coupes, cabriolets)

Burmester® Surround Sound*

AIRSCARF® system* (cabriolets)

## TECHNOLOGY

COMAND® system with navigation, touchpad and 12.3" color screen

Apple CarPlay™ and Android Auto

12.3" digital instrument cluster*

Touch Control Buttons on steering wheel

*Mercedes me connect* featuring smartphone app with Remote Start, 4G LTE WiFi,* and more[2]

KEYLESS-GO with HANDS-FREE ACCESS power trunk opener*

Wireless phone charging*

# FEATURES

*Optional or not available on some models. Please see features and endnotes at back of brochure.

# PERPETUAL

FIRSTS THAT LAST: MORE THAN WHAT'S NEW, THE INNOVATIVE E-CLASS CONTINUES TO SHOW THE WORLD WHAT'S NEXT. IT'S AN IDEAL CAR FOR PEOPLE WHO LOVE TO DRIVE THE FUTURE.

**FIVE SEDANS** and **TWO WAGONS** offer you a wide choice of models without making you choose security over stylishness, or passenger comfort over driving joy. Advanced features tend to your senses—including your sense of well-being—while you ride in spacious luxury.

**THREE COUPES** and **THREE CABRIOLETS** each seat four amid scenic vistas and visionary innovations. Pillarless coupes feature a glass Panorama roof, while a triple-layer power soft top creates cabriolets for all seasons. New AMG models feature gas-electric power.

**E-CLASS MODELS**

E 300 and E 300 4MATIC Sedans
241-hp inline-4 turbo engine
Rear-wheel or 4MATIC® all-wheel drive

E 450 Coupe and Cabriolet
362-hp V6 biturbo engine
Rear-wheel drive

E 450 4MATIC Sedan, Wagon, Coupe and Cabriolet
362-hp V6 biturbo engine
4MATIC all-wheel drive

AMG E 53 Sedan, Coupe and Cabriolet
429-hp inline-6 turbo engine with electric auxiliary compressor and EQ Boost Integrated Starter-Generator
AMG Performance 4MATIC+

AMG E 63 S Sedan and Wagon
Handcrafted 603-hp V8 biturbo engine
AMG Performance 4MATIC+

# PIONEER

Mercedes-Benz

PERFORMANCE

## EVEN IF YOU DRIVE THE SAME ROADS EVERY DAY, CHANGE IS A CONSTANT. FROM THE WEATHER TO YOUR DRIVING MOOD, AN E-CLASS IS ENGINEERED TO ADAPT WITH EASE.

**DYNAMIC SELECT** lets you vary the car's character via a single control on the console. Driving modes from Comfort to Sport+ fine-tune the shifting, steering, throttle and more.

**EFFICIENT TECHNOLOGIES** offer instant response with long-term responsibility. Turbocharging, Direct Injection, and new EQ Boost electric assist* turn less fuel into more fun.

### HIGHLIGHTS*

Engine: Inline-4 turbo, V6 biturbo, AMG-enhanced inline-6 turbo with EQ Boost starter-generator, or handcrafted AMG V8 biturbo

Paddle-shifted 9-speed, or AMG SPEEDSHIFT® TCT or MCT 9-speed

Rear-wheel drive, 4MATIC® all-wheel drive, or AMG Performance 4MATIC+

Selective-damping suspension, self-leveling AIR BODY CONTROL,® or AMG Sport Suspension based on AIR BODY CONTROL

ECO Start/Stop system

*Optional or not available on some models. Please see back of brochure.

**MODERN** amenities create an atmosphere of sensory satisfaction, from 64 colors of LED ambient lighting to available aromatherapy. An available Panorama roof can bring you the sun and stars, as can the cabriolet power top.

**TIMELESS** elegance advances a tradition of craftsmanship in fresh style. Wood trim is offered in gloss or matte finishes, accented in sleek satin aluminum. Hand-fitted upholstery comes in a rich range of colors and grades.

YOU CAN FEEL THE TIME THAT'S DEVOTED TO CRAFTING AN E-CLASS. IT'S AN INVESTMENT THAT PAYS OFF EVERY MINUTE OF EVERY YEAR THAT YOU GET TO ENJOY.

## HIGHLIGHTS

Power front seats with memory

Heated, ventilated and multicontour front seats with massage,* heated or wood/leather steering wheel*

64-color/multizone ambient lighting

Dual-zone (or 3-zone*) climate control with dust/pollen/odor filters

Air Balance fragrance and cabin-air ionizer, plus ENERGIZING Comfort system for Coupes, Cabriolets*

KEYLESS-GO® and electronic trunk opener with HANDS-FREE ACCESS*

Soft-close doors*

Acoustic Comfort Package, including sound-and heat-absorbing glass*

*Optional or not available on some models. Please see back of brochure.

## INDUSTRY-ADVANCING DRIVER ASSISTANCE AND SAFETY SYSTEMS CAN KEEP VIRTUAL EYES ON THE ROAD, AND LEND A VIRTUAL HAND TO HELP KEEP YOU ON COURSE.

Available **DRIVER ASSISTS**[3] help ease your way in cities, stop-and-go traffic, and highway cruising—even slowing for tolls or exits. Other systems can help prepare for a front, side or rear impact before it happens, and help you steer around danger.

**CAR-TO-X COMMUNICATION** lets your E-Class share info with other cars so equipped, both to learn about danger ahead and notify others.[4] If an impact is sensed as imminent, PRE-SAFE® Sound can emit a special tone to trigger your ears' natural defenses.[5]

### HIGHLIGHTS

Radar-based Active Brake Assist

Rearview camera or multicamera Surround View System*[6]

Driver assistance suite*[3] including Active Distance Assist DISTRONIC® cruise control; Route-based Speed Adaptation; PRE-SAFE® PLUS; Evasive Steering Assist; and Active Blind Spot, Emergency Stop, Lane Change, Lane Keeping, Speed Limit and Steering Assists

Pop-up roll bars (Cabriolets)[7]

## HUMAN-FOCUSED TECH EXPANDS WHAT YOUR THUMBS AND VOICE CAN PERFORM. AND ELEVATES WHAT YOUR EYES AND EARS CAN PERCEIVE.

A touchpad on the console and a **12.3" SCREEN** with animated menus make it easy to access audio, navigation[8] and comfort settings. Touch Control Buttons on the steering wheel and a 12.3" digital instrument cluster* make it even more seamless.

From standard HD Radio® stations and Bluetooth® audio streaming, to nationwide SiriusXM Radio*[9] and global TuneIn Radio,®[10] they all sound even richer in Burmester® **SURROUND SOUND***—including a High-End 3D option for the coupes and sedans.

### HIGHLIGHTS

COMAND® with navigation, 12.3" display, touchpad controller, and steering-wheel Touch Controls

12.3" digital instrument cluster*

Head-Up Display*[11]

Apple CarPlay™ and Android Auto[12]

Wireless charging and NFC pairing*[13]

LED headlamps and taillamps, or LED Intelligent Light System with Adaptive Highbeam Assist*

*Optional or not available on some models. Please see features and endnotes at back of brochure.

## COMFORT PACKAGES

Warmth & Comfort: Rapid heating for front seats, heated front armrests and upper doors, heated steering wheel

Air Balance: Cabin-air purification with ionizer, cabin-air fragrance atomizer

ENERGIZING Comfort: Air Balance, plus up to 6 programs of ambient light, sound, climate, comfort and fragrance

## PREMIUM PACKAGE

Blind Spot Assist[14]

KEYLESS-GO® and electronic trunk opener with HANDS-FREE ACCESS

Heated front seats

Burmester® Surround Sound System, SiriusXM Radio with 6-month trial,[9] wireless charging with NFC pairing

## AMG STYLING PACKAGES

AMG Line with AMG body styling, 18" or 19" AMG® wheels,[1] and more (E 300 and E 450 models)

Night Packages with gloss black accents for exterior and AMG wheels

AMG Exterior Carbon Fiber Packages (E 53 and E 63 models)

### POPULAR OPTION GROUPS MAKE IT EASY TO CUSTOM-TAILOR YOUR E-CLASS TO FIT YOUR LIFE AND YOUR STYLE.

Stylishly appointed and generously equipped, every E-Class also offers a wide array of options to meet your needs and satisfy your wishes. The most popular options are grouped into easy-order packages—some of them shown here—that let you enjoy a number of the most-desired items just by checking off a few boxes.

*Package contents and availability vary by model.*
*See page 53 for full list of options and packages.*

# PACKAGES

# HALF A CENTURY AFTER IT INVENTED THE CATEGORY, THERE'S STILL NO LUXURY SPORT SEDAN THAT MOVES, OR SOOTHES, QUITE LIKE AN E-CLASS.

Reading about an E 300 or E 450 Sedan reveals a preview of a dreamy driving future. Riding in one—or better yet, driving it—puts you very much in the here and now. Turbocharged torque brings the nimble chassis to life. The cabin is a sculpture of visual and tactile delights, and a symphony of thoughtful luxuries. Touch Control Buttons on the steering wheel respond like tiny touchscreen versions of the vivid in-dash displays. You can turn up the climate control, adjust the 64-color ambient lighting, or start the available "hot stone" seat massage—all with your voice. And Car-to-X Communication[4] lets you virtually see around corners—by sharing info about road conditions among other cars with the system. When the car known today as the E-Class first debuted, it did more than set a standard of innovation. It started a category of luxury car with sporty performance, advanced safety, and admirable efficiency like never before. Generations later, it continues to introduce new standards by which other cars will be measured in the future. And makes every moment—starting now—feel like time well spent.

Four **STYLING OPTIONS** make a roomy sedan that's not "one size fits all." Grille, wheel and upholstery designs distinguish Sport Styling from Luxury Styling. AMG Line Exterior and Night Package options add even sportier wheels, trim and more.

The **PREMIUM PACKAGE** bundles core options you'll appreciate every day: Blind Spot Assist[14] integrates Rear Cross-Traffic Alert.[15] KEYLESS-GO® also adds a hands-free power trunklid. It also includes heated front seats, SiriusXM Radio,[9] and a wireless charging station for your phone.[13]

Agile **HANDLING** starts with a selective damping suspension tuned to match the styling. Adaptive, self-leveling AIR BODY CONTROL is optional. And the year-round confidence of 4MATIC® all-wheel drive is an E 300 option, and standard on the E 450.

WITH LOOKS THAT ARE OFTEN IMITATED, THE E-CLASS IS A LOT LIKE A FASHION MODEL. WITH ITS CONTINUAL DEVOTION TO SAFETY LEADERSHIP, IT'S ALSO A ROLE MODEL.

Please see endnotes at back of brochure.

THE E 450 4MATIC WAGON

IN AN ERA WHEN FEW AUTOMAKERS EVEN BOTHER TO OFFER A WAGON, THE E-CLASS CONTINUES TO RAISE THE STANDARD, AND THE ENTHUSIASM OF ITS DRIVERS.

4MATIC

Say the word “wagon” today, and a lot of people will picture an imitation-wood-paneled dinosaur from the days before SUVs ruled the roads. But say “E-Class Wagon” and you’re likely to evoke satisfied grins and approving nods from a smaller but highly devoted audience. It’s not just because it’s one of few wagons still produced. And it’s not because its wood trim has always been real, and on the inside. It comes from what else has long been genuine within its stylish body: Like the industry-advancing safety systems and innovative luxury that make it an E-Class. The room for five adults plus a rear-facing third-row seat for a pair of kids.[16] The flexible, sizable cargo space and self-leveling rear suspension. And a driving experience that’s an unmatched mix of rejuvenation and reassurance. For 2019, it grows even more athletically fit: A new 362-hp biturbo V6 teams up with the E 450’s 9-speed 9G-TRONIC transmission and standard 4MATIC® all-wheel drive. And with multiple driving modes, four styling options, and 64-color ambient lighting, it remains one of the most adaptable wagons ever offered. Which is why, unlike dinosaurs, it keeps thriving.

**AIR SUSPENSION** can automatically adjust the rear ride height, to help level the car as passenger and cargo loads vary. Optional AIR BODY CONTROL adapts the suspension at all four wheels, and includes selectable Sport and Comfort settings.

A standard rear-facing **3RD-ROW SEAT** brings the E 450 Wagon’s total seating capacity to seven. The seat stows to create a flat, carpeted cargo floor—which you can extend by folding the 40/20/40-split second row. The standard power liftgate opens to reveal a brushed metal sill guard.

Indulgent options enhance **COMFORT** in any season. Along with heated front seats, you can warm the front armrests, 2nd-row seats, and steering wheel. Add ventilation or a massage to the front seats. And add a third climate zone just for the rear cabin.

THERE MAY BE NO OTHER WAGON WITH SO MUCH BEHIND THE DRIVER: IN ADDITION TO 64 CU FT OF CARGO SPACE, THERE’S 130 YEARS OF PERFORMANCE AND SAFETY LEADERSHIP.

Please see endnotes at back of brochure.

# WHAT HAPPENS WHEN GERMAN ENGINEERS BRING TOGETHER THEIR EXPERTISE IN AERODYNAMICS, MATERIALS SCIENCE, AND PHYSICS? IT GETS ROMANTIC.

One of the most defining features of an E-Class Coupe is something you cannot see. Its absence, however, gives it a presence like no other car in its class. Lower the four side windows and it becomes apparent: a vista unimpeded by visible framework. The “pillarless coupe” is a bodystyle only Mercedes-Benz has continuously produced since 1961. It requires a level of engineering far beyond ordinary to achieve such purely romantic benefits, while still satisfying the Mercedes-Benz standards for strength, solidity and quietness. And while it’s the only pillarless coupe in its segment, that’s not the only virtue that sets an E-Class Coupe apart. That’s because they share nearly all of the groundbreaking innovations in safety, driving ease, connectivity and luxury as their four-door siblings. Along with a few special treats of their own—like a power Panorama glass roof, individual seating for four, and 64-color LED ambient lighting that even sets the dash vents aglow—all standard. And with generous room, user-friendly technology, and swift biturbo V6 power, the E 450 and all-wheel-drive E 450 4MATIC Coupes are engineered to be as rational as they are openly romantic.

**V6 BITURBO** power—boosted to 362 hp for 2019—is sent to the rear wheels in the E 450, or all four wheels in the E 450 4MATIC. All 369 lb-ft of torque is available from just 1,800 rpm, ready for you to command it through the paddle-shifted 9-speed.

**INDIVIDUALITY** is the essence of a true coupe. The AMG Line and Night Package let you express your style with 18" or 19" wheels[1] and sporty details inside and out. And any of five high-gloss or matte wood cabin trims complements a spectrum of leather and Nappa leather upholsteries.

**ENERGIZING COMFORT** is an industry-first system that unites climate control and available seat heating, cooling and massage with audio and ambient lighting. A variety of programs can be selected to help rejuvenate your senses as you drive.

VINTAGE MERCEDES-BENZ COUPES THAT ARE NOW COVETED COLLECTIBLES BEGAN AS STANDOUTS IN INNOVATION AND DRIVING ENJOYMENT. SOME FAMILY TRAITS NEVER GET OLD.

Please see endnotes at back of brochure.

SOME WORKS OF ART BELONG IN A FRAME. SOME GO IN A MUSEUM. AN E-CLASS CABRIOLET IS A MASTERPIECE THAT GOES EVERYWHERE.

In any bodystyle, the E-Class has always reached for the sky. But from any of its four exquisitely tailored, alfresco seats, it's a way of life in a 2019 E 450 Cabriolet. The toned muscle of its body envelops an artfully crafted cabin. With the power soft top stowed beneath the shapely rear deck, a ring of brushed metal encircles the interior—framing its flowing sculpture of wood, leather and satin aluminum. Invisibly, a network of advanced safety and driver assistance systems surround you, while equally innovative luxuries cosset you. Together, they immerse you and your passengers in a sense of well-being—all while 362 biturbo-V6 horsepower and a selective-damping suspension invigorate your driving spirit. Want to take it all even further? The available AIR BODY CONTROL harnesses the air to enhance both handling and comfort. The E 450 4MATIC's all-wheel drive adds to your confidence even when it's purely top-up season. The power top itself is a cocoon of quiet comfort, masterfully crafted from three layers. It comes in four colors. And in just 20 seconds, it vanishes from sight, to put the sky within reach.

**AIRSCARF®** extends "convertible season" by emitting warm air from beneath each front head restraints—like a virtual scarf. AIRCAP® helps calm turbulence in the open cabin with a pair of wind deflectors that rise above the windshield and rear deck.

Intelligent **ENGINEERING** creates more thoughtful luxuries. The dual-zone climate control automatically adapts to top-down driving. Available MAGIC VISION CONTROL® washes the windshield with heated fluid from laser-cut holes in the wiper blades, to minimize overspray even driving top-down.

The highly rigid body delivers **FLEXIBLE** accommodations. Rear seats fold down in a 50/50 split.[16] Automatic presenters "hand" the seat belts to the front-seat occupants for easy fastening, and retract them when unfastened for easier rear-cabin access.

FROM THE EMBLEM IN ITS CHROME-PINNED GRILLE TO THE SKYSCAPE IT CAN DELIVER TO ITS FOUR OCCUPANTS, AN E-CLASS CABRIOLET IS A STAR THAT SHINES DAY AND NIGHT.

Please see endnotes at back of brochure.

# PRECISION OF A SCALPEL, IMPACT OF A HAMMER

AMG
DRIVING PERFORMANCE

Please see endnotes at back of brochure.

# UNEQUIVOCAL

ITS ADVANCED PERFORMANCE TECHNOLOGY IS QUALIFIED ON THE TEST TRACK, TESTED ON THE RACETRACK, AND PROVEN ON THE WINNERS' PODIUM TO BE AN UNQUALIFIED SUCCESS.

**MULTIPLY** and dominate: The 429-hp E 53 inline-6 is boosted three ways: a twin-scroll turbo, an EQ Boost Integrated Starter-Generator, and an electric auxiliary compressor. In the handcrafted E 63 S V8, twin turbos and racing-bred technology create a staggering 603 hp.

**DIVIDE** and conquer: AMG Performance 4MATIC+ all-wheel drive can vary the torque sent to the front and rear axles from a 50/50 split to 100% rear-wheel drive. The system instantly responds to conditions and drive modes to quicken launches while preserving agility.[17]

## HIGHLIGHTS

E 53 Sedan, Coupe and Cabriolet: AMG-enhanced 3.0L inline-6 turbo with EQ Boost and electric auxiliary compressor; 429 hp, 384 lb-ft torque; AMG SPEEDSHIFT® TCT 9-speed; AMG Performance 4MATIC+®; 19" or optional 20" AMG wheels[1]

E 63 S Sedan and Wagon: Handcrafted AMG 4.0 L biturbo V8, 603 hp, 627 lb-ft torque; AMG SPEEDSHIFT MCT 9-speed; AMG Performance 4MATIC+; 20" AMG wheels[1]

AMG

AMG
DRIVING PERFORMANCE

AMG
DRIVING PERFORMANCE

## ICONIC SEDANS, INNOVATIVE NEW COUPE AND CABRIOLET, OR A TRUE SUPERWAGON: ALL FASTIDIOUSLY CRAFTED BY A FAMILY FAMOUS FOR FAST.

**FORTIFIED** hardware strengthens every aspect of AMG performance: 19" and 20" wheels[1] reveal sizable brakes. Based on AIR BODY CONTROL, the AMG Sport Suspension's 3-stage damping is among the factors you can dial in via the modes of AMG DYNAMIC SELECT.

**FINESSED** inside and out, every AMG E-Class slices the wind and embraces the road with aero-optimized bodywork and a selection of styling package options. Cockpits are outfitted to support the driver with crisp controls and reconfigurable digital instruments, and satisfy passengers with their exquisite appointments.

Please see endnotes at back of brochure.

## THE VALUE OF THE DIFFERENCE

Getting a new Mercedes-Benz may be a dream come true. But from the vehicle and its features to the company and its people, Mercedes-Benz aims to make every experience special—now, and for many miles down the road.

### *MERCEDES ME CONNECT*

More than a smartphone app with remote vehicle features, *Mercedes me connect* helps make your life easier, from the everyday to an emergency, and countless ways in between.[2] To learn more, visit *MBUSA.com/mercedesme*

## THE PERKS BEHIND THE STAR

The Star on the front of your Mercedes-Benz is also a symbol of the treatment you can expect when you're part of the family. It starts at your Mercedes-Benz dealer, where your sales and service teams are equipped to take the best care of your vehicle, and eager to take the best care of you. But you're part of a much bigger world of Mercedes-Benz, too—from special events, offers and partnerships, to exclusive perks for AMG owners like an online "lounge" and the AMG Driving Academy.

## GENUINE ACCESSORIES

Genuine Mercedes-Benz Accessories let you personalize your vehicle beyond its factory equipment. A range of items let you enhance its convenience, versatility, or appearance—all without compromising its legendary quality, safety or style.

From the Illuminated Star to LED logo projectors, they're stylish. Whether helping you manage cargo, enjoy your electronic devices, or protect your car's finishes, they're functional. And they all fit like they're engineered for your car. Because they are. To see the line of accessories for your vehicle, visit *MBUSA.com/accessories*

## EASE OF SERVICE

Your Mercedes-Benz dealer makes it easy to keep your vehicle at its peak of performance. Thanks to *Mercedes me assist*,[2] so does your car. It can alert your dealer when maintenance is due, send diagnostic info, and even have its software updated over the air.

## ROADSIDE ASSISTANCE

The original manufacturer-provided Roadside Assistance Program is just a phone call or in-car button's push away, 24/7, to anyone driving your Mercedes-Benz. From a jump start to a tow to expert attention even before they arrive, the original still puts you first.[37]

## ENDNOTES

* Item is optional or not available on some models. See Packages and Options listing in this brochure or visit MBUSA.com for more information.

1 Lower-aspect-ratio tires and accompanying wheels provide substantially increased treadwear, increased tire noise and reduced ride comfort. Serious wheel and tire damage may occur if the vehicle is operated on rough or damaged road surfaces or upon encountering road debris or obstacles. These tires are not designed for use on snow and ice. Winter tires mounted on appropriately sized and approved wheels are recommended for driving in those conditions.

2 All ***Mercedes me*** services operate only where cellular and GPS signals are available, which are provided by third parties and not within the control of Mercedes-Benz USA, LLC. ***Mercedes me connect assist*** services, and 3 years of ***Mercedes me connect*** services are included at no additional charge with new-vehicle sales and leases at an authorized Mercedes-Benz dealer. Models with COMAND® navigation also include 3 years of over-the-air map updates, 3 years of live traffic information provided by TomTom,® 1 year of Concierge Service, and a 1-month trial (up to 1GB) of in-vehicle WiFi and streaming audio. Subscriber Agreement is required for service to be active. Some services are only available on select vehicles. Your PIN is required to use certain services. Connection may be limited by cellular signal and other factors. Features may be introduced and updated at varying dates, and may also require a vehicle software update. Some services may be limited or restricted in some areas. Driver is responsible for complying with traffic and other laws. The ***Mercedes me*** Mobile App is compatible with Apple iPhone® models and Android-based phones, and may require a software update. See your dealer or MBUSA.com/mercedesme for details.

3 Even the most advanced safety systems may not be sufficient to avoid an accident. Please refer to more detailed information on specific systems elsewhere in this brochure, at MBUSA.com, and in the vehicle's Operator's Manual. Some systems may be optional.

4 Car-to-X services are activated as part of ***Mercedes me connect***. Connected services operate only where cellular and GPS satellite signals are available, which are provided by third parties and not within the control of Mercedes-Benz USA, LLC. See your dealer or MBUSA.com/mercedesme for details.

5 Audio/multimedia system must be turned on for system to operate.

6 Rearview camera and Surround View System do not audibly notify driver of nearby objects and are not a substitute for actively checking around the vehicle for any obstacles or people. Images displayed may be limited by camera field of view, weather, lighting conditions and the presence of dirt, ice or snow on the cameras.

7 The roll bar system is designed to enhance the level of rollover protection compared to a vehicle without one. No system, regardless of how advanced, can eliminate the chance of injury in an accident. Please always wear your seat belt.

8 While the navigation system provides directional assistance, the driver must remain focused on safe driving behavior, including paying attention to traffic and street signs. The driver should utilize the system's audio cues while driving and should only consult the map or visual displays once the vehicle has been stopped in a safe place. Maps do not cover all areas or all routes within an area. SD card-based navigation is a dealer-installed accessory, and requires factory pre-installation option.

9 The purchase of a new, satellite radio-enabled vehicle includes a 6-month introductory subscription to the Sirius All Access package. If you decide to continue your subscription after your trial, the plan you choose will automatically renew and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at siriusxm.com. All fees and programming subject to change.

10 Requires an active subscription to ***Mercedes me connect*** In-car WiFi.

11 Display may not be visible with certain eyewear, including polarized glasses.

12 Apple CarPlay™ is a product of Apple Inc. Android Auto is a product of Google Inc. Device and app providers' terms and privacy statements apply. Requires connected compatible device and data plan. Apps, content and features are selected solely by their providers. Connection to apps and streaming services may be limited by the device's network connection. Data usage is routed through device and subject to fees, charges and restrictions in user's wireless plan. Vehicle's factory audio/information interface may not be used simultaneously with Apple CarPlay or Android Auto. When Apple CarPlay or Android Auto is in use, the steering-wheel voice control button accesses Siri® or Google voice recognition software for voice commands.

13 Wireless charging and NFC pairing available only for devices with compatible technology and size. See Operator's Manual for more information. Devices sold separately.

14 Blind Spot Assist is a warning system only. Blind Spot Assist or Active Blind Spot Assist may not be sufficient to avoid all accidents involving vehicles in your blind spot and does not estimate the speed of approaching vehicles. It must not be used as a substitute for driver awareness and checking of surrounding traffic conditions. See Operator's Manual for system's operating speeds and additional information and warnings.

15 Rear Cross-Traffic Alert requires Blind Spot Assist or Active Blind Spot Assist, and is not a substitute for actively checking around the vehicle for any obstacles or people. It may not detect certain objects based on their size, path, proximity or speed and angle of approach, or due to sensor obstruction, and does not control steering angle. See Operator's Manual for additional information, tips and warnings.

16 Unsecured cargo can become hazardous in a collision. Always secure cargo using the floor-mounted tie-downs. See Operator's Manual for E 450 Wagon 3rd-row seating limitations.

17 No system, regardless of how advanced, can overcome the laws of physics or correct careless driving. Please always wear your seat belt. Driver's deliberate steering inputs are required to initiate the system's action, and can override its intervention at any time. See Operator's Manual for system operating speeds and additional information and warnings.

18 Stated rates of acceleration are estimated based upon manufacturer's track results and may vary depending on model, environmental and road surface conditions, driving style, elevation and vehicle load.

19 Active Brake Assist may not be sufficient to avoid an accident. It does not react to certain stationary or suddenly moving objects or pedestrians, may not react in certain situations where objects cannot be clearly identified, nor does it recognize or predict the curvature and/or lane layout of the road or every movement of vehicles and pedestrians ahead. It is the driver's responsibility at all times to be attentive to traffic and road conditions, and to provide the steering, braking and other driving inputs necessary to retain control of the vehicle. Drivers are cautioned not to wait for the system's alerts before braking, as that may not afford sufficient time and distance to brake safely. See Operator's Manual for system operating speeds and additional information and warnings.

20 Driving while drowsy or distracted is dangerous and must be avoided. ATTENTION ASSIST® and Lane Keeping Assist are warning systems only. ATTENTION ASSIST, Lane Keeping Assist and Active Lane Keeping Assist may be insufficient to alert a fatigued or distracted driver of lane drift and cannot be relied on to avoid an accident or serious injury. See Operator's Manual for system's operating speeds and additional information and warnings.

21 Parking assistance systems are not substitutes for driver attention to the immediate surroundings, as well as any people, animals or vehicles in or approaching the vehicle's maneuvering range. System cannot determine if a space is legally available or of a suitable surface for parking. See Operator's Manual for additional information, tips and warnings.

22 Most steering wheel options may not be ordered together, though all AMG Performance steering wheels are available heated.

23 To maximize benefits and the number of available programs, ventilated and multicontour front seats are recommended in combination with the ENERGIZING Comfort Package.

24 Active Distance Assist DISTRONIC® cruise control is not a substitute for active driving involvement. It does not adapt cruising speed in response to stationary objects, nor does it predict the curvature and lane layout of the road ahead or the movement of vehicles ahead. Active Steering Assist requires driver to hold steering wheel and be ready to steer vehicle at any time. It may not recognize lane markings in some lighting, weather and road conditions. It is the driver's responsibility at all times to be attentive to traffic and road conditions, and to provide the steering, braking and other driving inputs necessary to retain control of the vehicle. Drivers are cautioned not to wait for the system's alerts before braking, as that may not afford sufficient time and distance to brake safely.

25 Active Lane Change Assist is not a substitute for active driving involvement. It estimates but does not predict the curvature and lane layout of the road ahead or the movement of vehicles ahead. It is the driver's responsibility at all times to be attentive to traffic and road conditions, and to provide the driving inputs necessary to retain control of the vehicle. System may not detect some objects, obstacles or vehicles in the area into which the vehicle would move. See Operator's Manual for system operating speeds and additional information and warnings.

26 Drivers are cautioned not to wait for the system's alerts before braking, as that may not afford sufficient time and distance to brake safely. Braking effectiveness also depends on proper brake maintenance, and tire and road conditions. See Operator's Manual for system operating speeds and additional information and warnings.

27 No system, regardless of how advanced, can overcome the laws of physics or correct careless driving. Please always wear your seat belt. Driver's deliberate steering inputs are required to initiate the system's action, and can override its intervention at any time. See Operator's Manual for system operating speeds and additional information and warnings.

28 System cannot prevent a collision, and does not alert the driver of an impending collision or system activation. It does not intervene if vehicle is backing up, and does not apply the brakes if the driver is accelerating or if Active Parking Assist is operating. When PRE-SAFE closes the side windows, a small gap is left near the fully closed position.

29 E 300 and E 450 Sedan and Wagon models require either Sport Styling or Luxury Styling.

30 Sport steering wheel included only with Black or Saddle Brown/Black upholstery.

31 The carbon-ceramic brakes are designed expressly for high-performance braking. It is a characteristic of their materials and design that brake noise/squeal may result, along with differing brake pedal feel at lower brake temperatures compared to higher operating temperatures.

32 AMG Performance seats are not available with multicontour seats or PRE-SAFE Impulse Side.

33 Option availability may be limited or delayed. Please see your dealer.

34 Wagon 3rd-row seat is upholstered in MB-Tex with all upholstery options. Seat is black with Nut Brown/Black and Macchiato Beige/Black interiors. ***designo*** leathers require additional options.

35 ***designo*** leather upholstery also includes ***designo*** floor mats and headliner, plus topstitched ***designo*** Nappa leather on dash and doors.

36 May be available with black, red or silver seat belts. See your dealer or MBUSA.com for more details.

37 Roadside Assistance repairs may involve charges for parts, service and towing. Vehicle must be accessible from main roads. Depending on the circumstance, these services may be provided by an outside provider, courtesy of Mercedes-Benz Roadside Assistance. Restricted roadways, acts of nature and vehicle accessibility may limit our ability to provide services to you. For full details, eligibility requirements, and limitations/exclusions of Sign and Drive services, as well as the Roadside Assistance Program, please see your dealer.
