

Innovation that excites

2015 MURANO®

NISSAN MURANO®

Wouldn't it be cool if your car could put a smile on your face, confidence in your hands and goose bumps all over? Here are just a few ways Murano® gives you an unforgettable drive.

Aerodynamic Design. You get more roominess and better fuel economy, all in a body designed to cut through the wind while delivering a smoother, more quiet ride. Meanwhile, intuitive AWD adapts to changing conditions for improved grip and more control when you need it.

Advanced Drive-Assist® Display. In the driver's seat, you have the info you need on an easy-to-read 178 mm (7") colour display right in front of you. Turn-by-turn directions, caller ID, driving aids, and more.^{1,2}

Intelligent Climate Control. Use your Intelligent Key to let your Murano® know you're coming. It can heat up or cool down the cabin to a comfortable 25° C before you even get inside.

Looking for more? Visit Murano® on Facebook® or Twitter® to see what owners have to say. Find walkarounds, product demos and more on YouTube®.

WHAT IF_

YOUR CAR WAS A CONVERSATION PIECE?

Imagine a crossover so modern and inviting, it speaks to the importance of good company. Introducing the all-new, 2015 Nissan Murano®. At first glance, you notice an exterior of artfully sculpted sheet metal, with an aerodynamic body that appears to be shaped by the forces of wind and a signature floating roofline that seems to hover above the cabin, while it all glides down the road on the available luminous, 20-inch machine-finished aluminum-alloy wheels. But Murano® is more than just a stunning first impression. The premium interior welcomes you with personal, purposeful technology and a uniquely spacious feel that everyone will want to get to know. And the cabin layout is designed for a collective experience, giving you every reason to stay and talk awhile. The all-new, 2015 Nissan Murano®.

Information Provided by

Nissan Murano® Platinum shown in Pacific Sunset.

Generous space is at your fingertips. The space and flexibility of the Nissan Murano®'s interior also comes with seamless ways to use it. Rear passengers can get in and out in a snap. In back, you can increase your cargo volume to 1979 litres (69.9 cubic feet) when you collapse the 60/40 split rear seats. Convenient available automatic controls let you power up the rear seats from the instrument panel or rear cargo area. And for simpler loading and unloading, control Murano®'s available power liftgate from your remote, the instrument panel, or a button on the hatch.

Nissan Murano® Platinum AWD shown in Cashmere Leather with optional equipment. U.S. instrumentation shown.

Delightful by design. Murano® invites you to enjoy the small things, like softer headrests with just the right amount of give. And the big things. Like front and rear Zero Gravity Seats, which help provide continuous support from hips to back and help reduce fatigue, leading the way for more comfortable road trips. To find your way, access the standard navigation system on a high-resolution, 203 mm (8") multi-touch control colour monitor.¹ Rear passengers can recline,² and activate their own available Quick Comfort® heating – which warms you up in moments – by flipping the switch right next to their very own rear USB connection port. In addition to warm-ups, front seats also enjoy cool-downs with the available climate-controlled front seats. It's an elevated driving experience, for everyone on board.

¹Factory-installed option. Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. ²Passengers should not ride in the reclined position while the vehicle is in motion.

YOU'RE NOT JUST DRIVING, YOU'RE HOSTING.

Murano® offers a unique social space designed to let everyone effortlessly connect in an interior that's an expression of serenity. To begin with, we've redesigned Murano's control panel to be simpler and more intuitive, nestled like a gem in the sculpted dash. Throughout the cabin, lit by the available ambient glow of adjustable mood lighting, touches of chrome and trim accents in a Jasper Pearlescent or Brushed Silver complement the available leather interior. Rear passengers enjoy controls for available rear heated seats, plus a place to store and recharge their smartphone, and the wider centre console allows everyone to mingle without leaning or straining. At the wheel, you have enhanced visibility, thanks to a higher seating position and slimmer side pillars that give way to larger windows. Meanwhile, above you, the expanded available power panoramic moonroof stretching from front to back seems to breathe in light. An atmosphere this premium makes it easy for everyone to enjoy the journey – and might make your destination seem beside the point.

Nissan Murano® Platinum AWD shown in Graphite Leather with optional equipment.

Advanced Drive-Assist® Display.

You can access the tech you need at every turn, on your own 178 mm (7") colour display.¹

Passenger-friendly Screen.

Access music, Google® and more with a tap or a swipe on a 203 mm (8") multi-touch control colour monitor. Pinch and zoom navigation lets you zero in on your destination.²

Communication Alley. A wider centre console opens the way for all passengers to feel engaged.

Rear-seat Perks. Available rear heated seat switches and USB connection port so rear passengers can charge their smartphone and play their music.

¹Information displayed is dependent on how vehicle is equipped. ²Factory-installed option. Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. Do not unfasten the rear centre seat belt connector except when folding down rear seats.

NISSAN ADVANCED DRIVE-ASSIST® DISPLAY¹

INNOVATION THAT UPGRADES YOUR PERSONAL SPACE.

Daily commutes, traffic jams, and soccer games. With so much going on around you, it's easy to lose sight of what's most important: driving. From turn-by-turn directions to caller ID or safety features, the Advanced Drive-Assist® Display lays it all out right before you on a 178 mm (7") colour screen – helping to minimize time looking away.^{1,2,3,4}

TIRE PRESSURE MONITORING SYSTEM^{1,5}

NissanConnect^{SM7}

YOUR WORLD, AT YOUR FINGERTIPS.

Google® Search for a local kickboxing class.² Call hands-free to invite friends to dinner.³ Find the cheapest gas on your way out that night. All the while, your own hand-picked music, podcasts, and more are all just a swipe or a tap away, working seamlessly together through your smartphone and Murano®'s 203 mm (8"), high-resolution colour touch-screen. And it keeps on getting better: the basic app package is complimentary for the first three years.⁷

More than just apps, NissanConnect with Mobile Apps⁷ keeps you in the loop with the Nissan Navigation System (featuring Voice Recognition),² hands-free text messaging assistant,⁸ Bluetooth® hands-free calling and streaming audio,³ and two iPod/USB inputs.⁹

¹Information displayed is dependent on how vehicle is equipped. ²Factory-installed option. Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. ³Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone Owner's Manual for details. Bluetooth® word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under licence. ⁴XM® and SiriusXM® Satellite Radio is available in the 10 Canadian provinces and the 48 contiguous United States. Basic monthly subscription required and sold separately after trial period. NavTraffic®/SiriusXM® Traffic is available in select North American markets. In Canada, at time of printing, incident and flow data is available for 12 metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Toronto, Ottawa, Montreal, Quebec City, Hamilton, St. Catharines, Kitchener, Guelph, and London). Subscription sold separately after trial period. All subscriptions subject to customer agreement at siriusxm.ca/terms. Fees and programming subject to change. © 2014 Sirius XM Canada Inc. The Sirius®, XM®, and SiriusXM® names and all related marks and logos are trademarks of Sirius XM Radio Inc. All other trademarks are the property of their respective owners. ⁵TPMS is not a substitute for regular tire pressure checks. ⁶Blind Spot Warning is not a substitute for proper lane change procedures. The system will not prevent contact with other vehicles or accidents. It may not detect every vehicle or object around you. ⁷Driving is serious business. Only use NissanConnectSM services when safe to do so. Subscription Agreement required. Compatible smartphone required. Not all app features are available for all models. Some apps have late availability. May require dealer service visit or software upgrade to activate. Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. Cellular network not available in all areas. Cellular network, apps, and services, including Google® services, are provided by independent companies not within Nissan's control and may require subscription and owner consent to activate. Should provider terminate/restrict service, service may be terminated without notice or liability to Nissan and/or its agents. Nissan not responsible for any equipment or app replacement/upgrades, or associated costs, that may be required for continued operation. Terms and conditions of Subscription Agreement apply. 36-month trial period starts on vehicle sale date; subsequently a paid subscription is required at the then current rate. Standard text rates and/or data usage may apply. See retailer and check Nissan.ca/NissanConnect for details. ⁸Use the text messaging feature after stopping your vehicle in a safe location. If you have to use the feature while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. Compatible smartphone required. Standard text rates and/or data usage may apply. ⁹Driving is serious business and requires your full attention. If you have to use the connected device while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. 260 HP
240 LB-FT TORQUE

BECAUSE YOU LIKE YOUR POWER POLISHED.

Power, courtesy of a 3.5-L V6 engine. Murano®'s 260-horsepower 3.5-litre V6 engine keeps you ahead of the pack when you need to be. And efficient fuel economy on the highway keeps it practical. Of course, it doesn't hurt to have aerodynamics that give you a drag coefficient of 0.31 – comparable to sports cars.

Efficiency, brought to you by the Next-Generation Xtronic CVT®. Unlike conventional automatic transmissions, the virtually “gearless” Xtronic CVT® transmission makes gear-hunting a thing of the past. Fully variable gear ratios mean it can hold the engine at the ideal rpm, giving you a wave of power when you need it, and achieving quiet, efficient cruising when you don't.

CONTROL THAT DOESN'T MISS A BEAT.

Available intuitive All-Wheel Drive (AWD). Just because the terrain and weather vary doesn't mean the smoothness of your ride has to. Feel connected to the road, no matter where you go. The second you pull away, the intuitive AWD turns on, delivering power to both front and rear wheels for improved grip. Once you're up to speed, no sense powering all four wheels, so Nissan Murano® efficiently sends the power all up front. Then, for enhanced cornering control and traction, intuitive AWD compensates by transferring some of that power from the front wheels to the rear, so you can rise to the occasion when driving conditions change.

Nissan Murano® Platinum shown in Pearl White.

NISSAN SAFETY SHIELD® PHILOSOPHY

SURROUND YOURSELF WITH CONFIDENCE.

What if extra reassurance was easy to spot? Whether you're changing lanes on the highway or deftly manoeuvring your way into a parking spot, Murano®'s available Safety Shield Technologies™ offer you a class-exclusive¹ safety suite of advanced systems that help you keep an eye out all around you, watch the flow of traffic and think ahead, so you're prepared to respond when you need to.

7 Standard Airbags. Nissan Advanced Airbag System has dual-stage supplemental front airbags with seat belt and occupant-classification sensors.² In addition, Murano® features front seat-mounted side-impact supplemental airbags,² a driver supplemental knee airbag,² and roof-mounted curtain side-impact supplemental airbags with rollover sensor.²

Tire Pressure Monitoring System (TPMS) with Easy-Fill Tire Alert. With this standard feature, when your tire pressure is low, an icon illuminates on your dash to let you know. When filling your tires, the Easy-Fill Tire Alert gives you a friendly beep of the horn when you've reached the right pressure.^{3,4}

snugglykids®. Nissan safety engineers have dedicated thousands of hours to evaluating hundreds of child restraints in Nissans. The result: An industry first, The Snug Kids® Child Safety Seat Fit Guide. This guide lists child seats that fit the rear seats of Nissan vehicles, and offers invaluable tips on correct installation. Look for the latest Fit Guide at Nissan.ca/owners/en

Rear Cross Traffic Alert (RCTA). When you're backing out of a parking space, this feature monitors the area around the rear of your Murano® and can warn you about vehicles you might not see behind you approaching from either side. So backing up feels easier than ever.⁷

Moving Object Detection (MOD). When the Around View® Monitor is in use and detects something moving by the vehicle, it gives a visual and audible alert.⁸

180° Camera View. When in Reverse, the press of a button on your Around View® Monitor gives you a wider view of what's behind you.⁹

Predictive Forward Collision Warning (PFCW). In traffic, it only takes a moment to get caught off guard in a potentially dangerous situation. How about a little help? With this technology, a radar sensor on the front of Murano® constantly monitors not just one vehicle ahead in your lane, but two. When the system detects sudden deceleration, it gives you an audible warning and a visual signal on the instrument panel.¹⁰ So you get a heads up, even if you can't see what's slowing you down.

Forward Emergency Braking (FEB). Using radar technology to keep an eye on your speed and proximity to vehicles ahead of you, FEB gives you audible and visual display warnings to help you know when to reduce your speed, if necessary. It can also apply braking to help you avoid a collision. If a collision is unavoidable, this feature will engage the brakes to help reduce speed of impact and reduce the severity of a collision.¹¹

Blind Spot Warning (BSW). If another vehicle is detected in the blind spot area, an indicator appears in the driver or front passenger door pillars and on the Advanced Drive-Assist® Display. Put your turn signal on, and the indicator flashes with a warning chime to alert you.⁵

Intelligent Cruise Control (ICC). Helps you keep a safe distance by using radar technology to maintain a preset distance from the car ahead in your lane, even at low speeds.⁶

SAFETY SHIELD®

¹Ward's middle cross/utility competitors segmentation. 2015 Murano® vs. 2014 and in market 2015 competitors. ²Airbags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Airbags will only inflate in certain accidents; see your Owner's Manual for more details. Inflated airbags shown for illustration purposes only, actual coverage area may differ. Airbags deflate after deployment. ³TPMS is not a substitute for regular tire pressure checks. ⁴Vehicle must be on for the Easy-Fill Tire Alert to operate. ⁵Blind Spot Warning System is not a substitute for proper lane change procedures. The system will not prevent contact with other vehicles or accidents. It may not detect every vehicle or object around you. ⁶Intelligent Cruise Control is not a collision avoidance system or warning device. Designed to use limited braking. Failure to apply the brakes could result in an accident. ⁷Not a substitute for proper backing procedures. May not detect all moving vehicles. Speed and other limitations apply. See Owner's Manual for details. ⁸AVM with MOD cannot completely eliminate blind spots and may not detect every object. MOD operates at vehicles speeds below 8 km/h (5 mph). Always check surroundings and turn to look behind you before moving vehicle. ⁹Virtual composite 180° view. ¹⁰PFCW is intended to warn you before a collision occurs; it cannot prevent a collision. Speed and other limitations apply. See Owner's Manual for details. ¹¹FEB cannot prevent accidents due to carelessness or dangerous driving techniques. It may not provide warning or braking in certain conditions. Speed limitations apply.

NISSAN AROUND VIEW® MONITOR¹

IF YOU WANT PARKING ANY EASIER, YOU'LL HAVE TO VALET.

What if parallel parking were easier? A RearView Monitor is great when backing up – but when it comes to parking, it's nice to see more than just what's behind you. That's why Murano's available Around View® Monitor uses four cameras to give you a virtual 360° bird's-eye view of your vehicle, with selectable split-screen close-ups of the front, rear, and curbside views, so you can get a better look.^{1,2} And since all obstacles aren't stationary, Moving Object Detection helps keep an eye around your Murano® and can warn you about moving objects in your vicinity.³

¹Available feature. Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings and turn to look behind you before moving vehicle. ²Virtual composite 360° view. ³MOD cannot completely eliminate blind spots and may not detect every object. MOD operates at vehicle speeds below 8 km/h (5 mph). Always check surroundings and turn to look behind you before moving vehicle. ⁴Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone Owner's Manual for details. Bluetooth® word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under licence. ⁵XM® and SiriusXM® Satellite Radio is available in the 10 Canadian provinces and the 48 contiguous United States. Basic monthly subscription required and sold separately after trial period. NavTraffic®/SiriusXM® Traffic is available in select North American markets. In Canada, at time of printing, incident and flow data is available for 12 metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Toronto, Ottawa, Montreal, Quebec City, Hamilton, St. Catharines, Kitchener, Guelph, and London). BUYING AND OWNING

Finance Options Through Nissan Canada Finance, we offer many attractive lease and purchase options that can be tailored to your individual needs. We have unique programs such as the Nissan Grad Program or the New Canadian Program designed just for you. Please visit our website Nissan.ca/finance to explore all of the options available. We have also made it easy to pre-qualify online. All of our programs come with competitive rates and terms. With our flexible options, driving home a new Nissan has never been easier. Consult your local Nissan Dealership for complete details.

No-Nonsense Warranty Every 2015 Nissan is covered by a 3 year/60,000 km⁷ Comprehensive New Vehicle Warranty, a 5 year/100,000 km⁷ Powertrain Warranty, an 8 year/130,000 km⁷ Emission Control Warranty on selected components, and a 5 year/unlimited km Corrosion Perforation Warranty. As a Nissan owner, you'll also receive a 3 year Roadside Assistance program available to you 24 hours a day. Terms, conditions and exclusions apply. See Warranty Information Booklet for complete details.

Added Security Plan (ASP) For ultimate peace of mind, consider the Nissan Added Security Plan. It's our commitment to be there for you, and to help you leave your worries behind. Different plans, available for both purchased and leased vehicles, let you tailor the coverage to your driving habits.

Security+Plus™ Prepaid Maintenance Plan The smart choice when it comes to maintaining your new Nissan. Honoured at all participating Nissan Dealers in Canada and the U.S., your vehicle is cared for by factory-trained technicians using Genuine Nissan Parts. And best of all, there's no worrying about price increases on parts or service in the future. A variety of plans are available. Ask your Dealer for details.

2015 Fuel Economy Estimates – L/100 km (MPG)

Fuel Economy estimates not available at time of printing. Please contact your Nissan Dealership or visit nissan.ca for more information.

Nissan's environmental action plan focuses on several key areas. Increasing production of Zero Emission vehicles, including the 100% electric LEAF®. Improving fuel efficiency through our PUREDRIVE™ measures. And reducing the environmental impact of manufacturing through energy-efficient practices in our plants around the world.
