- 6.1 seconds acceleration 0-60 mph
- 255 hp power @ 5,800 rpm
- 295 lb-ft torque @ 2,000-3,200 rpm

SUV

DESIGN.

Everything in perfect proportions: Flowing lines and precise edges are smooth to the wind, rugged in the rough, and elegant everywhere. The GLC SUV's design reflects the confidence and comfort within.

DISTINCTION IN THE DETAILS.

A selection of 18, 19 and 20-inch wheels turn heads even at a standstill. The AMG Line pairs 19 or 20-inch AMG® wheels with a Star-pattern grille and special details inside and out. The Night Package adds jet black accents. The new AMG Lite Package adds sporty wheels and a spoiler.

MILD HYBRID FOR SPICY POWER.

A 48-volt mild hybrid system amps up performance electrically, efficiently adding gas-free boost of up to 23 hp and 148 lb-ft of torque to the turbo engine's 255 hp and 295 lb-ft.

THE LONGEST ELECTRIC RANGE OF ANY PLUG-IN HYBRID SUV.

The new GLC 350e can go up to 54 miles on battery power alone, while its spirited turbo engine can add another 364 miles. Electric in town, gas for the open road, and they can team up anytime for 313 hp and 0-60 in 6.2 seconds.

COUPE

DESIGN.

The capability and confidence of the GLC is wrapped in a body that perfectly expresses the sporty character you can feel on-road and off, and wrapped around a roomy, refined and highly advanced cabin.

TONED-UP MUSCLE, TONED-DOWN TRIM.

Stylish alloy wheels include 19- and 20-inch sizes. The AMG Line pairs a range of AMG[®] wheels with sculpted bodywork, plus a sport steering wheel and pedals. The Night Package adds gloss black accents.

RESPONSIVE, WITH A RESPONSIBLE SIDE.

A 48-volt electrical system and mild hybrid assist can efficiently add a gas-free performance boost, on top of the turbcharged engine's 255 hp and 295 lb-ft of torque.

REFINED BY DESIGN, RUGGED IN NATURE.

The GLC suspension can handle corners, tackle terrain, and take open roads in stride. Mercedes-Benz pioneered both its 4-wheel independent layout and multilink design in cars and SUVs, a level of experience that you can feel wherever you drive.

SUV & COUPE

A PORTRAIT OF YOU.

The 11.9-inch central touchscreen is portrait-style and canted toward the driver. The 12.3-inch digital gauge cluster offers a variety of display designs. A fingerprint scanner recalls your preferences.

ARTISANAL AUDIO.

The Exclusive Trim wraps you in Burmester® 3D Surround Sound. More than powerful, it's personal, with digital sound stages you can customize to your ear. Metal speaker grilles also please the eye.

CONNECTIONS, UNPLUGGED.

Apple CarPlay® and Android Auto are standard, and wireless. So you don't have to plug in your phone to enjoy the benefits.

COUPE

SUV & COUPE

TAILORED TO SUIT YOU.

The high-tech cabin also exhibits high-caliber craftsmanship. Contoured seats upholstered in a range of colors from warm Sienna Brown to bold AMG Power Red. Trim options include fine woods and modern metals.

A RANGE OF HUES, FOR CHANGING MOODS.

Suit your mood or set a new one with the 64-color ambient cabin lighting, even in the dash vents. Multicolor or sequencing motifs and variable brightness let you give the cabin a color makeover, over and over.

GIVES CHARGE.

With or without a cable, the GLC helps keep your devices powered up. Wireless charging and a trio of USB-C ports are standard. A sextet of 100-watt fast-charging USB-C ports, two for the rear cabin, is available.

STANDS GUARD.

Available GUARD 360° keeps virtual watch on the car when it's parked via the surround cameras. If another car bumps it, it can send an alert and images to your phone.

SIGNALS AHEAD.

Available DIGITAL LIGHT headlamps can project icons directly on the pavement, to help alert you to pedestrians, lane drift or other hazards. They also adapt their beams to curves and vehicles ahead.
