

# 2023 Expedition®

# 2023 Expedition trim level differences

## XL

The XL trim is intended for fleet buyers. Standard features include:

- Turbocharged 3.5-liter V6 engine (375 horsepower, 470 lb-ft of torque)
- 10-speed automatic transmission
- Rear-wheel drive or optional four-wheel drive
- Seating for five passengers
- 18-inch wheels
- LED headlights
- Foglights
- Leather-wrapped steering wheel
- Dual-zone automatic climate control
- Power-adjustable driver's seat
- 4G LTE Wi-Fi hotspot
- Keyless entry with push-button start
- Six-speaker audio system
- 12-inch touchscreen
- Apple CarPlay and Android Auto functionality (wireless connectivity for both)
- Trailer tow package
- Ford Co-Pilot360

## XLT

The XLT includes all of the XL's features, adding:

- Seating for eight passengers
- Tri-zone automatic climate control
- Auto-dimming rearview mirror
- Additional USB charging ports
- Satellite radio

## Timberline

Introduced in 2022, it builds on the XLT's features with:

- Upgraded V6 engine (440 hp, 510 lb-ft)
- Hands-free liftgate
- Heavy-duty radiator
- Electronic limited-slip differential
- All-terrain tires
- Low-range gearing (4WD only)
- Special exterior trim
- Off-road-tuned suspension
- Unique interior upholstery
- Power-adjustable front passenger seat
- Power-adjustable pedals and steering column
- Driver's seat memory settings
- Power-folding second- and third-row seats
- Heated, leather-wrapped steering wheel
- Wireless smartphone charging pad

## Limited

The midtier Limited trim is the one we suggest going with. Besides the XLT's features and options, the Expedition Limited offers:

- 20-inch wheels
- Hands-free liftgate
- Panoramic sunroof
- Leather upholstery
- Heated second-row seats
- Available second-row captain's chairs (seating for seven passengers)
- Front parking sensors
- Rain-sensing windshield wipers
- Power-folding mirrors
- 12-speaker Bang & Olufsen audio system
- Onboard navigation
- Adaptive cruise control (maintains a driver-set distance between the Expedition and the car in front)

## King Ranch

The Expedition King Ranch is loaded with features, many specific to this trim. The King Ranch includes:

- Two-tone exterior
- 22-inch wheels
- Power-deployable running boards
- Special leather upholstery
- Power-folding second-row captain's chairs
- 15.5-inch infotainment touchscreen
- 22-speaker Bang & Olufsen audio system
- Full digital instrument panel
- Surround-view camera system (gives you a top-down view of the Expedition and its surroundings for tight parking situations)
- Park assist (steers into a parking spot with little or no driver intervention)

## Platinum

The Platinum trim has the same feature upgrades as the King Ranch but without the special styling details. On top of that, you get:

- More powerful V6 (400 hp, 480 lb-ft)
- Adaptive suspension (can enhance road comfort and handling stability)
- Upgraded leather
- Wood and leather interior trim
- Massaging and ventilated front seats
- Roof rails with crossbars
- Power-folding second- and third-row seats
- Active noise cancellation (can help reduce road and wind noise in the cabin)
- BlueCruise (Ford's semi-automated driving system that allows for hands-free driving on select highways and under certain conditions)

## Cargo

The full-size SUV is designed to deliver the capability you and your crew need. Comfortably accommodate up to eight passengers while hauling an impressive amount of cargo.

## Towing

Tow almost anything your adventure needs with the available Heavy Duty Trailer Tow Package with Pro Trailer Backup Assist with Trailer Reverse Guidance.

## Pro Trailer Backup Assist

With the turn of a knob, Pro Trailer Backup Assist steers your trailer in reverse to help align and attached your trailer. Available trailer features help with brake and sway control to support you when you're riding with a boat or a camper-trailer behind you.

## Impressive Safety and Driver Assistance Features

The 2023 Expedition comes equipped with Ford Co-Pilot360 technology, which comes with a mix of standard and available features you can add on to the vehicle. Some of the features that come standard with Ford Co-Pilot360 include Pre-Collision Assist with Automatic Emergency Braking and Intersection Assist and Lane-Centering Assist. Available features you can add on include Intersection Assist and Ford BlueCruise, which lets you drive hands-free.

## Practical Technology Features

The 2023 Expedition includes some practical technology features that help your drives go seamlessly. The vehicle has SYNC 4 technology that offers built-in navigation and voice recognition and can be used on a 12-inch LCD touchscreen. It also has an available 12.4-inch Digital Instrument Panel that will show you your speed and other vital driving information in an easy-to-read layout on the vehicle's dashboard.
