

THE 2027

5

BMW 5 Series Sedan.

Models.

2027 BMW 530i, 530i xDrive, and 540i xDrive Sedans.

The 2027 BMW 5 Series Sedan blends the latest innovative tech, exquisite style, and finest BMW engineering to show off without apology.

	0-60 MPH	Horsepower
530i Sedan	5.9 sec	255
530i xDrive Sedan	5.8 sec	255
540i xDrive Sedan	4.4 sec	375

Exterior Highlights

Unmistakable. Even in the dark.

The available BMW Iconic Glow Kidney Grille catches your eye, especially when the sun goes down. White light highlights its contours when the vehicle is stationary and while driving.

An illuminating entrance.

The available Dynamic Light Carpet brightens up the door areas, providing a safe entry and exit, while also welcoming and inspiring with light animations.

The feeling of open air.

The available Sky Lounge Panoramic Roof makes the interior look even larger. More light gets in, and you can enjoy the open-top atmosphere in every seat.

Interior Highlights

Functional and fascinatingly attractive.

Each My Mode is staged differently in the BMW Interaction Bar. For all the ever-changing visual experiences and emotional lighting moods you could wish for.

Fully integrated video streaming.

Wait times will fly by when you watch movies and TV shows on your BMW Curved Display. Just park your vehicle to enjoy high-resolution, fully integrated video streaming.

The best sound for every seat.

The intense, balanced sound is impressive. The 12-speaker and 205-Watt Harman Kardon Premium Sound System reaches all corners of your BMW.

SAFETY & TECHNOLOGY

The right lane. The right distance.

The available Driving Assistant Professional provides you with comprehensive support by maintaining lane position and distance, which is particularly useful in stop-and-go traffic. If necessary, your BMW will brake to a complete stop and then automatically resume driving.

Let your BMW park itself.

Park your BMW without having to sit inside it. The available Parking Assistant Plus system automatically pulls in and out of parking spaces. Simply perform the maneuver once to save it for future use.

Your assistant for smoother journeys.

Highway Assistant allows for hands-free driving at speeds up to 85 mph on controlled-access highways. This feature, available in the Driving Assistant Professional Package, includes Active Lane Change, allowing you to confirm suggested lane changes with a glance at the side mirror. The driver must stay attentive and take over if needed.

View more than just the road.

The available BMW Live Cockpit Professional supplements the BMW Head-up Display with live augmented video, while incorporating navigation and information through the BMW Curved Display.

More than just a key.

With BMW Digital Key Plus, you use your smartphone as a key for the vehicle and share it digitally with up to 5 people. As soon as you approach your BMW, it opens automatically accompanied by a light display. Depending on the personal profile selected, the interior adjusts to your preferences.

BMW ConnectedDrive.

BMW ConnectedDrive seamlessly integrates your mobile devices, smart home technology, and your vehicle's intelligent interfaces into a complete driver's environment.
