

The 2025 Lincoln Nautilus SUV

Three Models, Six Distinct Looks

Lincoln Black Label Nautilus with Jet Appearance Package

Building upon the finer materials and benefits of Lincoln Black Label, the addition of available Jet Appearance Package makes for an even more stunning statement of style.

Lincoln Black Label Nautilus

The highest expression of Lincoln design and person service. Lincoln Black Label Nautilus offers two captivating interior themes, standard 22-inch wheels and enhanced benefits.

Nautilus Reserve with Jet Appearance Package

The addition of the available Jet Appearance Package to the Reserve model adds 22-inch Satin Dark Luster Nickel wheels with a Satin Chrome insert, a unique black grille, roof rack, and accents.

Nautilus Reserve

Extending the bold design found in the Premiere model, the Nautilus Reserve adds premium leather-trimmed seating, 28-speaker Revel Ultima 3D Audio, Digital Scent, and Auto Air Refresh.

Nautilus Premiere with Jet Appearance Package

The Jet Appearance Package is available on all Lincoln Nautilus models. When added, the package includes 20-inch bright-machined wheels, black exterior accents, all black Onyx interior, and more.

Nautilus Premiere

Setting a solid course for comfort, the Nautilus Premiere model includes new panoramic display, 10-way Comfort driver seat, Co-Pilot360 Vision 2.2, and so much more.

Performance & Powertrain

Available hybrid 2.0-L turbocharged engine

Experience a gliding-like sensation from our fourth generation, 2.0L turbocharged hybrid engine. Available on all models, this hybrid powertrain can achieve a total combined horsepower of 310 — a full 60 horsepower more than the conventional gas engine. It is composed of a 2.0L turbocharged engine paired with a continuously variable automatic transmission with a 100 kW electric motor capable of achieving an EPA-estimated 30 mpg in the city and 31 mpg on the highway.

Standard 2.0-L turbocharged engine

Sporty and agile, the standard 2.0-L turbocharged four-cylinder engine produces 250 horsepower and 280 lb-ft of torque and works with an eight-speed automatic transmission. Available adaptive suspension and selectable Drive Modes — Normal, Conserve, Excite, Slippery, and Deep Conditions — allow you to choose the mode that matches your road conditions.

Media & Technology

Immersive panoramic display

Our Lincoln Digital Experience* brings enhanced levels of customization and convenience to your drive. The 2025 Nautilus® SUV has the largest panoramic display in its class,** paired with an 11.1-inch center-stack touchscreen, work together to position information and content at eye level.

Fully customizable interface and display themes

Personalize your display with drag and drop informative widgets — like media, fuel economy, trip, and weather — in the order you prefer. And to set the perfect mood for any drive, choose between the distinct and selectable display themes: Constellation, Engage, Inspire, and Tranquil.

Lincoln Rejuvenate

Your spa on wheels, Lincoln Rejuvenate adjusts your seat to massage with heating and ventilation while using Ambient Lighting, audio, Digital Scent technology, and expansive imagery to curate the ultimate multisensory experience.

Lincoln Digital Experience

Enjoy hands-free help from Google Assistant, real-time insights using Google Maps, and many more apps and services on Google Play.

Advanced steering wheel controls

Control functions like digital media, phone calls, text messages, and more all from the steering wheel with a touch-activated mirror.

Lincoln Connect

Expand your connectivity with a standard embedded modem and 5G Wi-Fi capability that allows to perform functions and control.

Advanced Driver-Assist

Adaptive Cruise Control

This bundle of technology marries camera and radar, enabling the Lincoln Nautilus SUV to detect and adjust to the pace of cars ahead of you and recognize street signs. Stop-and-Go functionality allows the vehicle to come to a complete stop and restart when traffic begins to move.

Lane-Keeping System

Using a camera mounted behind the windshield's rear view mirror, the Lane-Keeping System can monitor road lane markings and detect unintentional drifting toward the outside of a lane. If the camera detects an impending unintentional drift, the system will use the steering system and the instrument cluster display to alert and/or aid you to stay in your lane.

Pre-Collision Assist with Pedestrian Detection

Using camera and radar technology to scan the road ahead for pedestrians or vehicles, the system can provide a collision warning and automatically apply the brakes if you're unable to take corrective action, helping you avoid or lessen the severity of traffic accidents.

Blind Spot Information System

Broaden your horizons. Blind Spot Information System helps warn you of vehicles you might otherwise miss. The system uses radar in the rear quarter panels to identify a vehicle entering your blind spot and alerts you with an indicator lights in the side-view mirror.

Available Digital Scent

Available curated fragrances

With a tap of the display, choose from a range of custom scents for your cabin. Replacement cartridges can be ordered via the Lincoln Accessories website.

Quiet cabin

The combination of Active Noise Control, acoustic laminated windshield and front door glass, and engine compartment insulation, create a peaceful and serene interior.

Available Perfect Position massaging seats

The available heated and ventilated Perfect Position front seats with Active Motion® massage functionality and thigh extenders offer 24 different adjustment options.

Spacious second row

The second-row seats can slide forward and backward and offer second-row legroom which is among the most spacious in its class.

Ambient lighting

Set the mood you like in your interior cabin with selectable colored ambient lighting. Just tap the color you want and drag up or down to set the ideal level of brightness.

Available Auto Air Refresh

Auto Air Refresh is a holistic air filtration and active air monitoring system that helps clean the cabin air by filtering out fine particles caused by atmospheric dust, smog, and some allergens, including pollen.
