

2025 ADX

Premium Compact SUV

PERFORMANCE

ADX Powertrains

FWD

Experience the joy of the open road with the turbocharged ADX, featuring a 1.5L VTEC® Turbo engine that delivers 190-HP. With impressive low-end torque and a smooth, flat torque curve, the ADX offers a spirited yet effortless drive that makes every journey both dynamic and enjoyable.

26 MPG RATING CITY / 31 MPG RATING HWY / 28 MPG RATING COMBINED

ENGINE	HORSEPOWER
1.5L	190
TORQUE	TRANSMISSION
179 _{LB}	CVT

AWD

The ADX features an advanced All-Wheel Drive with Intelligent Control System that enhances drivability. By directing up to half of the power to the rear wheels, it improves control and handling through corners, ensuring a precise and confident driving experience in most any weather conditions.

25 MPG RATING CITY / 30 MPG RATING HWY / 27 MPG RATING COMBINED

PERFORMANCE

Integrated Dynamics System

Snow

Feel confident on wintry roads in Snow Mode, which helps you maintain control by adjusting the throttle response and transmission.

Comfort

Enjoy a smoother drive with Comfort Mode, offering easier steering inputs and a reduced engine note.

Normal

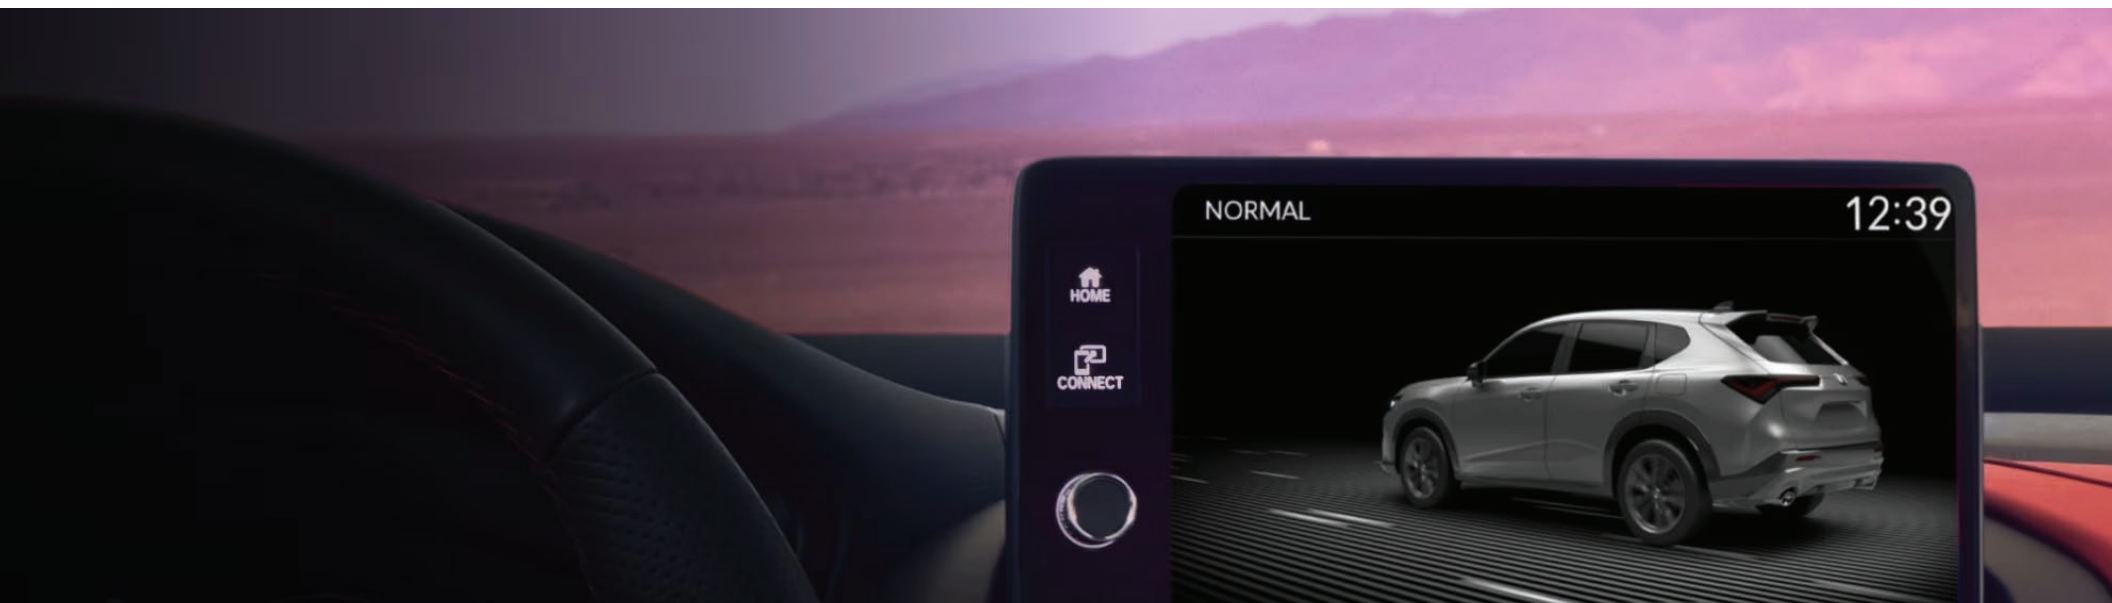

Normal Mode provides a comfortable ride for everyday driving without sacrificing agility or throttle responsiveness.

Sport

Amp up the performance of the ADX with Sport Mode, which features a sportier engine sound, sharper throttle response, and increased steering feedback.

Individual

Personalize your drive exactly to your specifications with available Individual Mode.

PERFORMANCE

Dynamic Power

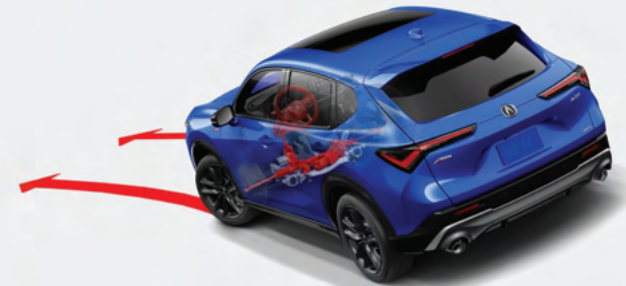

Handling

The fully independent suspension in the ADX provides lively, smooth handling for enhanced comfort and control. A lightweight aluminum front subframe adds rigidity for more stability and confidence.

Steering

Experience enhanced control and precise maneuverability with the optimally tuned dual-pinion assist electronic power steering (EPS).

Acceleration

With impressive low-end torque, the ADX delivers the power needed for everything from daily drives to weekend adventures. Engage Sport Mode to enhance throttle response and make acceleration even more exciting.

EXTERIOR

Expertly Crafted

Premium Styling

The Diamond Pentagon Grille embodies Precision Crafted Performance® design, while a standard sporty rear tailgate spoiler adds dynamic styling.

A-Spec® Design

The A-Spec® package delivers performance-inspired style with 19-in Alloy Wheels, black trim accents and LED fog lights.

LED Lighting

The crisp design of the LED headlights and LED daytime running lights illuminates the road while adding to the sleek exterior of the ADX.

Premium Paint Technology

Amplify the standout style of your ADX with premium paint in Urban Gray Pearl or Platinum White Pearl that provides a rich, deep finish.

INTERIOR & COMFORT

Precision Crafted

Premium Materials

Every detail of the 2025 ADX is meticulously crafted to elevate the driving experience. Available premium leather-trimmed seats add a sense of sophistication while refined finishes throughout the cabin create an inviting atmosphere.

A-Spec® Design

The ADX A-Spec® is crafted to enhance your connection to the road. Premium design details like a performance-inspired flat bottom steering wheel and dynamic sport pedals ensure an exhilarating, confident drive every time.

Panoramic Moonroof

The available panoramic moonroof offers expansive views and a more open, spacious feel.

60W Power Sharing

Stay powered up wherever you go. The ADX features powerful USB charging ports that deliver up to 60W of power for fast smart-phone charging and enough energy to keep larger devices like laptops fully charged.

CARGO & VERSATILITY

Expansive Cargo Space

With up to 55.1 cu. ft. of cargo space and the flexibility of 60/40 split rear seats, the ADX effortlessly accommodates your lifestyle. Whether packed for a camping trip or loaded up with groceries, the ADX adapts to your everyday needs.

AUDIO & CONNECTIVITY

Next-Level Connections

Google built-in

With Google built-in, stay connected with Google Assistant for hands-free calls, reminders and cabin control, along with Google Maps for continuously updated traffic and lane guidance. Additionally, the ADX now offers new entertainment options right on your main display, including apps for video streaming, gaming, and web browsing available on Google Play for when you're not driving.

BANG & OLUFSEN® Sound System

Elevate your drive with the premium 15-speaker Bang & Olufsen® sound system. Enjoy rich, balanced sound that transforms every journey into an immersive audio experience and brings your favorite tracks to life.

Wireless Apple CarPlay® Compatibility

Stay effortlessly connected with wireless Apple CarPlay® compatibility. Access music, texts and navigation on the 9-inch HD touch-screen display, providing an intuitive experience that keeps your attention on the drive.

Wireless Android Auto™ Compatibility

Stay connected to your ADX with wireless Android Auto™ compatibility. Effortlessly access music, texts and navigation on the 9-inch HD touchscreen display, keeping your focus on the road and convenience at your fingertips.

AcuraLink® Connected Services

AcuraLink® helps you stay connected to your Acura through your smartphone. Enjoy convenient features like Remote Start, Find My Car, Automatic Collision Notification and Enhanced Roadside Service during your three-year complimentary trial. Learn more about the full list of available features at acuralink.com.

Wireless Charging

Keep your smartphone charged effortlessly with wireless charging for Qi-compatible devices, and enjoy uninterrupted connectivity during your drive.

Wi-Fi Hotspot Capability

Stay connected with Wi-Fi Hotspot Capability, and enjoy the fastest data speeds with 5G connectivity. Select an AT&T data plan to get started.

SAFETY & ASSIST TECH

AcuraWatch™

Collision Mitigation Braking System™ (CMBS™)

CMBS™ helps alert drivers when it determines potential frontal impact is possible and can even apply the brakes to help avoid or reduce the collision impact.

Road Departure Mitigation (RDM)

RDM alerts the driver to an unintentional departure from a detected lane or roadway. The feature is able to apply steering torque and braking to help keep the vehicle on the roadway.

Adaptive Cruise Control (ACC) with Low-Speed Follow

ACC helps maintain a set speed and interval behind the vehicle detected ahead. The low-speed feature can bring the vehicle to a complete stop if needed. Cornering Speed Assist, available with Type S Advance, helps keep the ADX planted on winding roads.

Lane Keeping Assist System (LKAS)

LKAS applies steering assistance at higher speeds, helping to keep your Acura centered in the detected lane.

Rear Cross Traffic Monitor

This feature helps detect vehicles approaching from either side when the ADX is in reverse.

Traffic Sign Recognition

Can detect speed limit signs and display that information on your dash and the available head-up.

Traffic Jam Assist

Helps aid with steering at low speeds and bring your vehicle to a complete stop then resume travelling again with the traffic ahead.

Blind Spot Information System

This feature monitors the rear and sides of your ADX to help you detect vehicles in the alert zone of adjacent lanes.

SAFETY & ASSIST TECH

Driver Assist Technologies

Multiview Camera

The ADX gives you a 360 view of the space immediately around the car through the navigation display. Guidelines appear in your rear camera view to help you get in and out of tight spots.

Low Speed Braking Control

Low-Speed Braking Control can help bring the ADX A-Spec with Advance Package to a stop when traveling at low speeds by automatically applying brake pressure when the system determines that either a frontal or rear collision is unavoidable.
