

THE 2026

X5

BMW X5 SUV.

2026 IIHS TOP SAFETY PICK+

Driving pleasure.

The BMW X5 fuses aesthetics with performance, comfort, and versatility—around town, on long journeys, or off the beaten path. Its agile steering and precise power delivery ensure that the BMW X5 adapts to every driving situation. Its exterior exudes self-confidence, with wide proportions, an unmistakable character line, and horizontal contours. Discover all the model variants of the BMW X5, its equipment options and technical data, and numerous leasing and financing options.

2026 BMW X5 sDrive40i, X5 xDrive40i, & X5 xDrive50e SUV.

In the 2026 BMW X5 sDrive40i and X5 xDrive40i models, you'll have the power to do more, the space to sprawl, and the confidence to conquer, while the BMW X5 xDrive50e delivers the same benefits, plus the flexibility of a PHEV, including an electric range of up to 38 miles.

	0-60 MPH	Horsepower
X5 sDrive40i	5.3 seconds	375
X5 xDrive40i	5.2 seconds	375
X5 xDrive50e	4.6 seconds	483

Pioneering design and performance.

The BMW X5 combines a distinctive appearance with outstanding performance, first-class comfort, and impressive versatility. As BMW's pioneering SUV, it continues to set the benchmark on city street and highway alike.

A powerfully elegant character.

From the front, the striking twin kidney grille and standard LED headlights catch the eye. A character line rises from the rear doors, accentuating the vehicle's athletic proportions. Powerful wheel arches and large alloy wheels are more than just visual highlights—they further enhance presence. At the rear, horizontal lines, sculpted bumpers, and integrated exhaust tailpipes underscore the width of the vehicle. All in all, the X5 is a stylish and self-confident owner of the road.

The best light in every situation.

Adaptive Full LED Headlights respond to changing roads and environments. Automatic High Beams, along with cornering and turning lights, perfectly illuminate the surroundings, even in tricky conditions.

Individual alloy wheels.

22" BMW Individual multi-spoke style alloys wheels in Bicolor, available for both 40i models, are diamond-polished on the outside with black inlays for an impressively striking effect.

A head-turning tailgate.

The powered split-opening tailgate makes for easy loading and unloading and offers a sturdy platform for things like luggage, groceries, and all of life's cargo.

Elegance and functionality.

The modern operating system lets you intuitively control the interior of your BMW X5 at all times. The prism effect of the lighting strip accentuates the impression of visual depth in the cockpit.

Customized & curated.

The continuous BMW Curved Display combines high-resolution infotainment with intuitive operation, while the individually adjustable colors of the ambient lighting create a stylish atmosphere.

Quality you can feel.

The available extended Merino leather upholstery with decorative stitching lends a refined touch to the interior. It boasts a soft feel, elaborate detail, and premium seat comfort to transform every journey into a stylish experience.

Sophisticated interior.

The available Glass Controls enhance the interior of your BMW with elements of high-quality crystal glass.

Amazing space.

Make the most of an extremely spacious interior. The flexible fold-down rear seat bench expands the cargo space, from 22.9 cubic feet up to 66 cubic feet with the seats down in the X5 sDrive40i/xDrive40i and from 17.6 cubic feet to 60.7 cubic feet in the xDrive50e.

Uncompromising efficiency. The BMW X5 Plug-in Hybrid.

The powerful combustion engine of the X5 xDrive50e works with the 194hp BMW eDrive motor to deliver an overall power of 483hp. On battery power alone, it achieves a range of up to 38 miles.

Improved power and range.

The X5 xDrive50e includes the latest fifth-generation eDrive technology. And when you want to drive efficiently, enjoy an improved all-electric range of up to 38 miles—all you need for most local drives and commutes.

Focused displays.

The X5 xDrive50e includes the iconic BMW Curved Display with hybrid-specific digital displays, showing e-range, electric motor output, charge status, and more in a sleek design.

Connect and take charge.

Check your range and charging status, pre-condition your vehicle, and adjust charge times to off-peak hours—all from your compatible smartphone with the My BMW App.

Experience the difference every day.

Choosing a plug-in hybrid can improve the efficiency of your daily drives and your daily life. In addition to potential fuel savings and often times preferential parking for charging, you could save time with single-occupancy HOV lane access and more. Learn more about the eligibility and availability of incentives offered in your community.

BMW Charging.

Optimized charging at home.

The 2026 X5 xDrive50e comes with the Flexible Fast Charger and adapters for charging at a 120V or 240V outlet. You can also install the optional BMW Wallbox in your garage or outside for fast charging between daily drives.

Enjoy nationwide public charging.

Charge with ease by accessing Level 2 chargers on the go, which you can quickly locate in your vehicle navigation or My BMW app. And with the BMW TwinPower Turbo engine, you can be assured that your plug-in hybrid has the range to get you where you want to go.

Charge**Forward**

Charge smarter with ChargeForward.

Join thousands of customers and earn money smart charging your BMW. Optimize the best time to charge your BMW when carbon emissions are lower in your local energy grid.
