

2025 RAM  
**2500**

# CAPABILITY

## TACKLE THAT TO-DO LIST

The impressive power and useful capability of the new 2025 Ram 2500 is ready to take on nearly anything you throw its way. Newly available on 2025 Ram 2500, the High-Output 6.7L Cummins® Turbo Diesel I6 engine coupled with the new TorqueFlite® HD eight-speed automatic transmission is ready to knock out nearly every task.

## ELITE BRAKING

Ram Heavy Duty trucks feature heavy-duty four-wheel disc antilock brakes with large braking components. The Automatic Smart Exhaust Brake is also available for the diesel engine. If equipped, it kicks in when pressure is removed from the accelerator pedal and slows the truck down by supplying negative torque from the engine, making it ideal for use when towing a trailer or carrying a heavy load.

## **AVAILABLE HIGH-OUTPUT 6.7L CUMMINS® TURBO DIESEL I6 ENGINE**

Put the power in powertrain with the new TorqueFlite® HD eight-speed automatic transmission paired with the newly available High-Output 6.7L Cummins® Turbo Diesel I6 engine, which offers Best-in-Class available base diesel torque. Together, they offer enhanced durability, minimal noise, low vibration and intuitive software control for seamless shifting.

## **6.4L HEMI® V8 ENGINE**

When paired with the TorqueFlite® 8 eight-speed automatic transmission, this legendary engine offers a high level of refinement—featuring fully electronic operation and on-the-fly shift mapping.

## **CONQUER THE TASK**

Haul and tow with confidence with a maximum gas payload of 4,420 pounds when equipped with the 6.4L HEMI® V8 engine or a maximum diesel towing capacity of 20,000 pounds when equipped with the newly available High-Output 6.7L Cummins® Turbo Diesel I6 engine.

## **IMPRESSIVE AVAILABLE FUEL TANK CAPACITY**

Be in it for the long haul with a Largest-in-Class available fuel tank capacity of 50 gallons on 2025 Ram 2500 Crew Cab models with 8-foot bed.

## **TRAILER REVERSE STEERING CONTROL**

Tow like a pro with the precision of available Trailer Reverse Steering Control. It allows you to use the Trailer Steering knob to easily control your trailer's direction as you back up while the system controls the truck's steering wheel.

## **INTEGRATED TOWING HARDWARE**

The available Fifth-Wheel/Gooseneck Prep Package offers a factory-installed rear-axle structural crossmember with integrated mounting hardware that can be paired with a hitch (shown) for quick and easy towing.

## **TRAILER TIRE PRESSURE MONITORING**

Get live tire pressure readings for up to four trailers delivered digitally to the available 12-inch Digital Cluster Display.

## THE NEW 2025 RAM 2500 POWER WAGON®

Hit the trails with the incredible off-roading gusto of the new 2025 Ram 2500 Power Wagon®. It features Bilstein® Gas-Charged Monotube Shocks, a rear locking differential, a Class-Exclusive electronic locking front differential, a Class-Exclusive electronic front sway bar disconnect and an available WARN® ZEON-12 Winch.

## THE NEW 2025 RAM 2500 REBEL®

The new 2025 Ram 2500 Rebel® combines off-roading prowess with rugged capability. It offers gas and available diesel engine options, Bilstein® Gas-Charged Monotube Shocks, skid plates, 33-inch off-road tires, a 19,890-pound maximum gas towing capacity and a 2,450-pound maximum diesel payload.

# DESIGN

## NEW EXTERIOR FEATURES

With new trim-specific front fascias and grilles, an updated wheel lineup and two new eye-catching colors: Forged Blue Metallic and Molten Red, this truck is sure to become the talk of the town or the king of the jobsite.

## CLASS-EXCLUSIVE RAMBOX® CARGO MANAGEMENT SYSTEM

The Class-Exclusive available RamBox® Cargo Management System offers two lockable, drainable storage bins with LED lighting, plus features like a front driver side 115-volt power outlet and remote access via the key fob.

## MOPAR® SPORT PERFORMANCE HOOD

The available Mopar® Sport Performance Hood gives the new 2025 Ram 2500 Laramie® Night, Laramie Sport and Limited Night models a menacing look. Combined with unique hard badging on the exterior, these models let the world know you mean business.

## RIDE IN LUXURY

The new 2025 Ram 2500 Limited interior offers the feeling of first class on four wheels and comes in either red or black. With 100% leather seats and accents made of real wood and aluminum, this interior experience is next level.

## ADJUSTABLE FOR PASSENGERS AND CARGO

The new 2025 Ram 2500 offers available seating options that are designed to fit your everyday needs. With a 40/20/40 split-folding bench or available bucket seats in the front, three different 60/40 split-folding rear seating configurations and Class-Exclusive available Reclining Rear Seats in Mega Cab® models, ample space is offered for passengers and cargo alike.

## MUSIC TO YOUR EARS

Dampen sounds outside with the help of an Interior Active Noise Cancellation System. Turn up the volume on the music you want to hear with the available 900-watt Harman Kardon® Premium Audio System and surround yourself with 17 speakers.

# FEATURES

## ADVANCED DIGITAL CLUSTER

Offering full-color 3D graphics with color customization, easy-to-see vehicle stats, safety and security alerts, in-cluster navigation (if equipped) and driver profiles, the available 12-inch Digital Cluster Display offers the tools you need to help keep you focused.

## DIGITAL REARVIEW MIRROR

The available Digital Rearview Mirror with side camera integration features an LCD monitor that when switched on, provides a real-time video stream from a rear-facing camera. Paired with the available exterior mirror cameras, the mirror also offers a view of the areas to the left and right of your trailer. Plus, you can activate the available wired tow mode camera for a clear view behind your trailer.

## 360° SURROUND VIEW CAMERAS

The available 360° Surround View Camera is designed to display a bird's-eye view around your vehicle. And make towing a breeze with the added visibility of the available 360° Trailer Surround View Camera.

## LARGEST-IN-CLASS AVAILABLE 14.5-INCH INFOTAINMENT TOUCHSCREEN

Step things up with the Uconnect® 5 coupled with the Largest-in-Class available 14.5-inch infotainment touchscreen. It lets you create up to five driver profiles, view tow-specific navigation and more. Access the available Ram Connect services for safety and security features, comfort control and personalized benefits.

## CLASS-EXCLUSIVE AVAILABLE 10.25-INCH FRONT PASSENGER INTERACTIVE DISPLAY

Mounted seamlessly and conveniently in the passenger dash, the Class-Exclusive available 10.25-inch Front Passenger Interactive Display provides information and entertainment for your copilot. The front passenger can use this screen to view navigation, access vehicle cameras, stream shows, play movies during a trip and blast music via the Uconnect® 5 system.

# SAFETY & SECURITY

## LED TRAILER HITCH LIGHT

Hitch up day or night thanks to the LED trailer hitch light. This illuminating feature is built into the tailgate handle area to help enhance visibility when connecting and securing a trailer.

## REAR SEAT REMINDER ALERT

For enhanced safety and security in an ever-moving world, the handy Rear Seat Reminder Alert can remind you to check your rear seats for precious cargo before leaving the vehicle.

## FORWARD COLLISION WARNING WITH ACTIVE BRAKING

Forward Collision Warning with Active Braking helps warn the driver when an accident is imminent. This feature can even apply the brakes, bringing the vehicle to a complete stop—even with a trailer attached.

## ADAPTIVE CRUISE CONTROL WITH STOP

Class-Exclusive standard Adaptive Cruise Control can help maintain a set distance, selected by the driver, from vehicles in the lane ahead. If slower traffic is detected, the truck can automatically adjust its speed all the way down to 0 mph, even with a trailer attached.

## STAY CENTERED AND IN CONTROL

Stay centered within your lane while driving thanks to new blind spot sensors. These helpful sensors are used for added steering correction and lane centering. When unintentional lane drifts do occur, the available LaneSense® Lane Departure Warning with newly enhanced Lane Keep Assist can display a visual alert and help guide the vehicle back into position.
