HEAD-TURNING DESIGN ELEMENTS

SPACIOUS
ENOUGH FOR
ALL

All second-row seating configurations offer well-appointed, abundant space for passengers and cargo in this 3-row SUV.

POWERFUL
PERFORMANCE FOR
UNCOMPROMISING
COMFORT

Features like available Air Ride Adaptive Suspension and available Magnetic Ride Control help the drive feel smooth and easy, offering the comfort you expect from the Escalade full-size SUV.

ADVANCED
CONNECTIVITY

Passenger entertainment, Google built-in compatibility and 5G Wi-Fi® Hotspot capability allow you to stay in touch with the world from the road.

SUPER CRUISE

Super Cruise utilizes advanced technologies to provide the ease and convenience of hands-free driving, even while changing lanes, thanks to Turn Signal Activated Lane Change, offered on select 2021–2026 Super Cruise-equipped vehicles.

PERFORMANCE

6.2L V8 ENGINE

The standard Dynamic Fuel Management system varies the number of active cylinders, helping to optimize fuel efficiency.

6.2L SUPERCHARGED V8 ENGINE

Exclusive to V-Series, this available ferocious-output engine continues the legacy of legendary Cadillac craftsmanship and performance.

AIR RIDE ADAPTIVE SUSPENSION

Available Air Ride Adaptive Suspension is precision-crafted to help elevate the isolation and smoothness of your ride.

MAGNETIC RIDE CONTROL

This available feature reads the road 1,000 times per second—this means the vehicle is reading every inch of the road at 60 mph.

ELECTRONIC LIMITED-SLIP DIFFERENTIAL

This available feature maximizes traction on the road by intelligently reacting to road conditions, such as during rain and snow or while cornering.

TOWING CAPACITY

A powerful max towing capacity of 8,100 lbs. helps ensure you can bring everything you need on your drive.
