TECHNOLOGY

REAR SEAT ENTERTAINMENT

EFFORTLESS AND SECURE

When you open the driver's door, the steering column and driver's seat will move aside for easy disembarking. As you walk away, the doors will lock automatically when the key fob can no longer be detected.

WIRELESS CHARGING

Minimize cabin clutter. Charge compatible smartphones using in-car wireless charging.

MERIDIAN™ SIGNATURE SOUND

One of the finest automotive audio experiences in the world. Meridian™ Trifield 3D technology uses 29 speakers to create an immersive, high-fidelity sound experience for each of the four main occupants.
