

2025 Encore GX

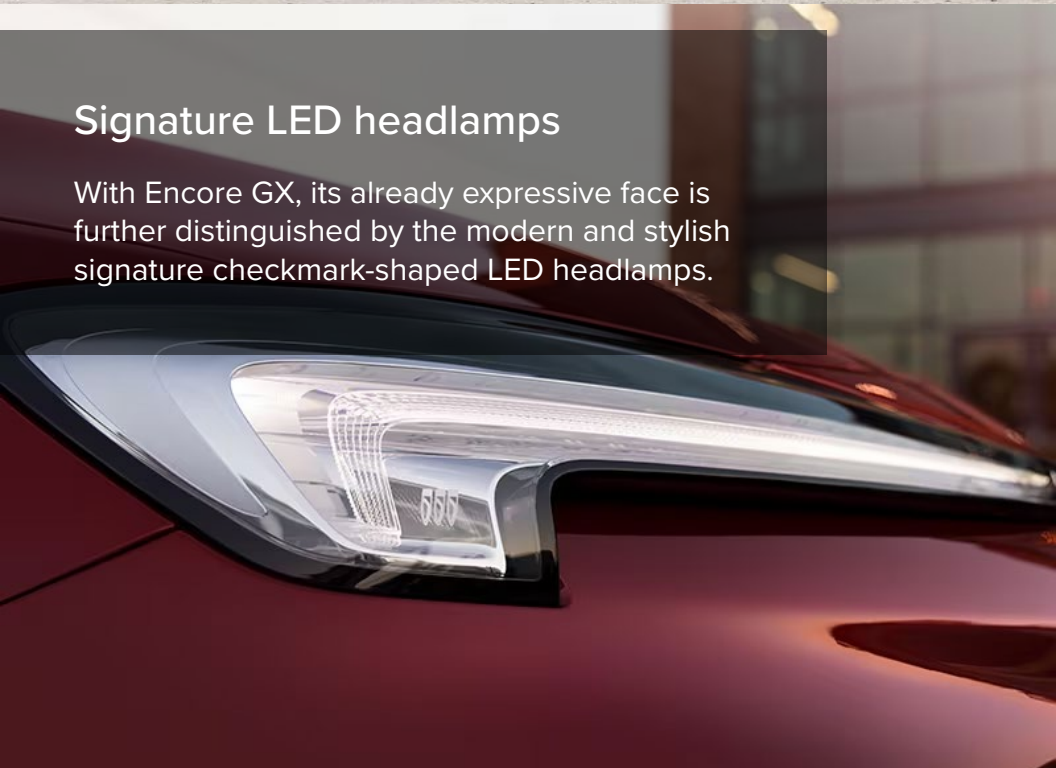

Design that stands out

With its sculpted body lines, streamlined stance and uniquely designed grille, the Encore GX small SUV strikes a distinctively sculpted tone.

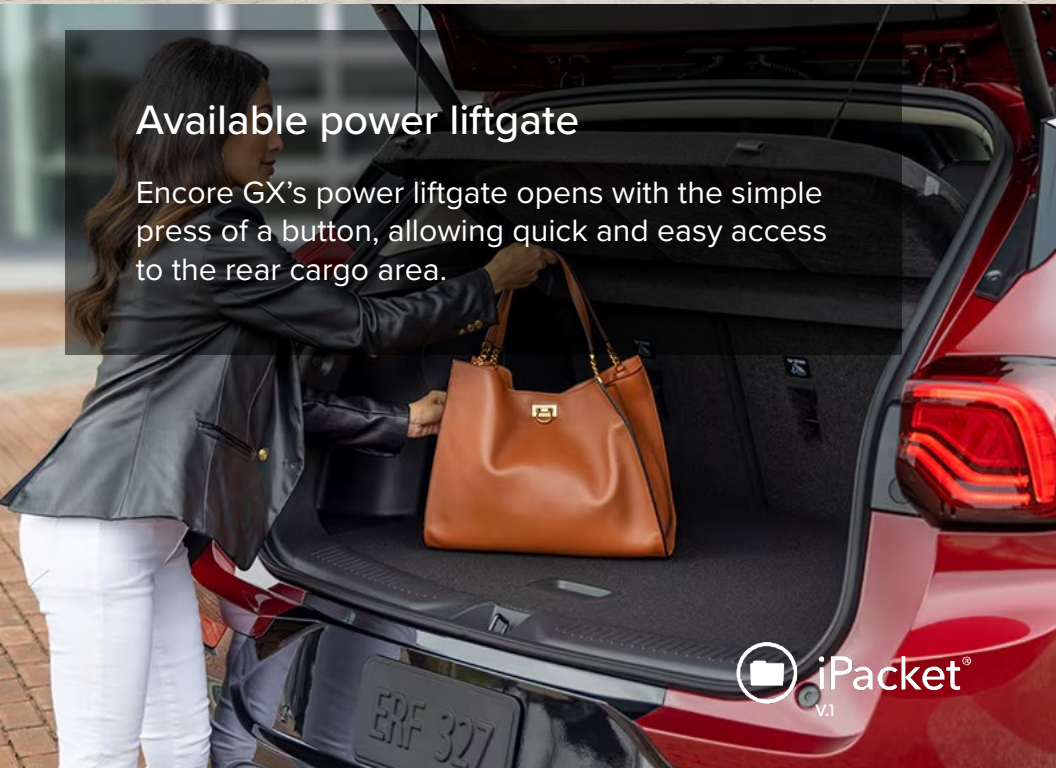

Signature LED headlamps

With Encore GX, its already expressive face is further distinguished by the modern and stylish signature checkmark-shaped LED headlamps.

Available power liftgate

Encore GX's power liftgate opens with the simple press of a button, allowing quick and easy access to the rear cargo area.

Trims

Strikingly styled Sport Touring model

Encore GX Sport Touring adds bold accents to an already stunning design.

Exclusive Avenir design details

The Encore GX Avenir is the highest expression of Buick luxury.

Interior

Folding passenger seats for versatility

Adapt to any situation with ease thanks to 40/60 split rear seats and an available flat-folding front-passenger seatback.

Available panoramic moonroof

Welcome every ray of sunshine with Encore GX's available panoramic moonroof.

Premium seating for up to five

The 2025 Encore GX subcompact SUV offers refined seating for up to five, ensuring ample comfort to go around. Preferred trim boasts cloth with leatherette seating surfaces and updated interior accents, adding a touch of sophistication for every drive.

Possibility-expanding Powers

Enjoy available perks like the power liftgate, flat-folding front-passenger seatback and reconfigurable cargo floor that help you bring more along for the ride.

An incredibly quiet cabin

QuietTuning® technology with Active Noise Cancellation is just one more way Encore GX helps provide a tranquil interior.

Available Bose audio

Enjoy crisp, clear and dynamic sound with the available Bose premium 7-speaker audio system.

Technology

Ultrawide 11" diagonal infotainment screen

The ultrawide infotainment screen offers touch-screen access to modern perks like wireless smartphone integration.

Remote commands

Take full control of your Encore GX sport SUV from anywhere. You can remotely start your vehicle, lock and unlock your doors, and more.

Wireless smartphone charging

Available wireless smartphone charging keeps your smartphone charged and your cabin clutter-free.

Wireless Apple CarPlay® compatibility

With wireless Apple CarPlay compatibility, you'll enjoy easy access to music and maps from your iPhone® to make calls, send messages and more — all through the infotainment touch screen or with your voice through Siri®.

Wireless Android Auto™ compatibility

Wireless Android Auto compatibility seamlessly connects your compatible smartphone so you can get directions using Google Maps, listen to music via Google Play and more using your Encore GX infotainment touch screen.

Safety

Rear Park Assist

Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. Read the vehicle Owner's Manual for important feature limitations and information.

Raise your awareness

Available Front Pedestrian Braking can help you avoid or reduce the severity of a collision with a pedestrian it detects directly in front of you. It provides alerts and can automatically provide hard emergency braking or enhance the driver's hard braking. It has limited night-time and low visibility performance.

Change lanes more confidently

Available Lane Change Alert with Side Blind Zone Alert provides visual side-mirror alerts when a moving vehicle is detected either quickly approaching or already in your side blind zone. It can help you avoid lane change collisions.

A nudge in the right direction

Available Lane Keep Assist with Lane Departure Warning uses a brief steering wheel turn to alert you when it detects you are unintentionally drifting out of your lane lines. If needed, you may receive additional Lane Departure Warning alerts. System alerts do not occur if you're using your turn signal, or it detects you may be intentionally leaving your lane.

A heads-up backup plan

When in Reverse, available Rear Cross Traffic Alert can alert you of detected cross traffic behind your vehicle.

A helpful hand

Automatic Emergency Braking works with Forward Collision Alert to help you avoid or reduce the severity of a collision with a detected vehicle you're following. Camera technology is used to automatically provide hard emergency braking or enhance the driver's hard braking.

Get help keeping your distance

Following Distance Indicator displays the gap time in seconds between your vehicle and a detected vehicle you're following. This can help you decide if you're following much too closely.

Keep moving forward

Forward Collision Alert can warn you if it detects a potential collision with a detected vehicle you're following so you can take action. It can also provide a tailgating alert if you're following a vehicle much too closely.

Seats up to:

5

Max cargo capacity:

50.2 cu.ft

EPA-est. MPG city/hwy:

29/31 (FWD)
