Design

Streamlined exterior design.

The A3 features the iconic body lines and silhouette of an Audi sedan, while bumpers, grille, and exterior create a striking, modern look. Plus, new optional wheel designs let you customize your ride.

Driver-centric interior.

The interior design of the 2026 Audi A3 ensures that you, the driver, are always top-of-mind. Enjoy a modern interior featuring a functional design on the dash and center console. Comfort and style await with premium materials and finished.

S line plus package.

New for the 2026, available S line plus package brings a sharper edge to the A3 with front Sport seats featuring S embossing, Aluminum spectrum inlays, and stainless-steel pedals. On the exterior, the S line design is enhanced by the inclusive Black Optic package features with black badging, anthracite Audi rings, and 18" 5-Y-double-spoke design wheels in a black finish.

LED headlights.

Illuminate the road ahead with full LED headlights with a unique daytime running signature.

Black optic package.

The available Black optic package enhances both performance and aesthetics, featuring 18" 5-double-spoke modular design wheels in a graphite gray finish, black exterior trim, black badging and anthracite Audi rings, and a sport suspension with a lowered ride height.

Always obey all speed and traffic laws

Quattro.

The iconic all-wheel drive proactively directs power between axles—offering additional grip before it's needed and efficiency when it's not.

7-speed S tronic.

For instantaneous driver enjoyment, the 7-speed S tronic offers a manual mode. With steering wheel-mounted shift paddles, the gearbox responds quickly to driver input.

Audi drive select.

Choose between a range of variable settings such as steering, transmission, and throttle response. Select your preference from four modes: Comfort, Auto, Dynamic, and Individual.

Sport suspension.

As part of the available Black optic package and the new S line plus package, the sport suspension provides an increased handling feeling and lowers the ride height by 15 mm for a captivating look and engaging drive.

Turbocharged.

Elevate your driving experience in the 2026 Audi A3 with its turbocharged 2.0-liter engine; producing 201 HP and 236 lb-ft of torque.

Technology

Virtual cockpit plus.

New as standard equipment for the 2026, the Audi virtual cockpit plus is a customizable digital instrument cluster that presents key information in your field of view on a stunning 12.3" HD display.

MMI touch display.

The MMI touch display offers acoustic feedback with every command, plus crisp graphics on a customizable screen. Access your contacts, messages, and more with just a touch, scroll or swipe—just like a smartphone.

Audi smartphone interface.

Link your smartphone to wireless Apple CarPlay or Android Auto while you recharge wirelessly with the available wireless phone charging pad.

Audi connect CARE.

Experience fully integrated assistance tools with Audi connect CARE including functions such as remote vehicle services and security features that help offer peace of mind.

Driver Assistance

Lane departure warning.

With lane departure warning, receive a visual and audible warning when your vehicle drifts out of its designated lane. If no action is taken, the vehicle will provide corrective steering to stay within your lane.

Park assist plus.

Available park assist plus helps you automatically maneuver your A3 into a perpendicular or parallel parking space by assisting with controlling throttle, braking, steering, and gear changes.

Adaptive cruise assist with lane guidance.

Standard or Premium Plus, the system maintains a time-distance setting to the vehicle ahead and helps keep you centered in your lane. The hands-on detection steering wheel allows for an integrated experience.

Audi pre sense front.

Audi pre sense front scans the road ahead and gives you a series of warnings in case of a potential accident. If there is no response, the vehicle can brake automatically to avoid a collision or reduce the severity.

Side assist with rear cross traffic assist.

Standard Audi side assist alerts you of vehicles in your blind spots while in motion. When you're in reverse, rear cross traffic assist alerts you of an oncoming vehicle and intervenes with a brake jolt if needed.
