## G.O.A.T. Modes

Up to seven different G.O.A.T. Modes (Goes Over Any Type of Terrain) are ready to tackle nearly all conditions. On- or off-road.

## HOSS Systems

The available High-Performance Off-Road Stability Suspension (HOSS) Systems bring dynamic control and tight handling out to play in the dirt.

## Trail Tech

Features like Trail Turn Assist\* and Trail Control help keep you on the straight and narrow. Even when your path is anything but.

## Statement-Making Style

It's over, minivans. The Expedition® SUV satisfies on size without sacrificing style. Arrive to soccer practice on available 24" Ebony-painted wheels. Dazzle at the pickup line with the sun glinting off the available black-painted roof. Because those who do it all — deserve to have it all.

## More Space for More Possibilities

The standard 2026 Expedition® SUV has a cavernous cargo area, especially with the second- and third-row seats folded down. And at nearly a foot longer, the Expedition® MAX gives you extra capability to confidently fit larger items and take more of what you need, from sheets of plywood to a kayak for your next outdoor adventure.

## Panoramic Vista Roof®

Bask in natural light while the kids cloud watch. The available panoramic Vista Roof features two panels over the first and second rows. The first panel slides back for an open-air driving experience, while the second fixed panel acts as a skylight.

## Seating for up to Eight

The power-folding 40/20/40 second-row bench seat — with convenient tip-and-slide feature for easy third-row access — provides comfortable seating for you and up to seven others. Available on Expedition® Active, Tremor®, and Platinum® models without the Stealth Appearance Package or Stealth Performance Package.

## 24" Panoramic Display

Concentrate on the road ahead while keeping up with the world around. The standard and immersive 24" panoramic display can be configured to show important vehicle info — like driving data, maps, and music — at eye level.

## The Tailgate, Reimagined

Featuring powered upper and lower gates with available Open On Approach for easy, hands-free access. The liftgate can also be configured to fit larger items like coolers, kayaks, and lumber.

## Be Up for Everything

The Cargo Tailgate Manager is available and features as a backrest, shelf, or table with a 35-lb capacity.

## Shines Bright Where You Need It

Host family and friends, set up camp or tailgates — before sunrise or after dark — with available 360-degree Zone Lighting. Shining from the headlamps, roof rails, liftgate, and spoiler on select models.

## 3.5L EcoBoost® V6 High-Output Engine

Take exciting and unforgettable family trips with the 3.5L EcoBoost V6 High-Output engine producing 440 horsepower, and 510 lb-ft of torque.

## Intelligent 4WD With Terrain Management System™

Go over, around, or through using the Intelligent 4WD with Terrain Management System — featuring seven Selectable Drive Modes, including Rock Crawl mode.

## 3.73 Electronic Locking Differential

Confidently take on difficult, uneven terrain with the standard 3.73 electronic locking differential. Helping you make unforgettable memories wherever the trail leads.

Technology

# Tech To Help Protect and Connect

## Theft Happens. Don't Let It Happen to You.

Get customizable Theft Alerts in the Ford app. If your 2026 Expedition goes missing, get 24/7 access to dedicated Ford agents who will track your vehicle and work directly with law enforcement to help recovery efforts. Included for a year from new-vehicle warranty start date.

## Wi-Fi®. Apps. Maps.

The Ford Connectivity Package is everything you need to stay connected wherever you go. With unlimited data you can access your Ford vehicle's 5G Wi-Fi hotspot where you can connect up to 10 devices within 50 feet of your vehicle. Enjoy your favorite music and video streaming apps from the Google Play™ store, and real-time navigation on Google Maps™ right on the center display.

## Your Digital World, Tailored for Your Drive

Everything you love about your digital life, including the functionality and partners you're used to, designed and curated by Ford to enhance your drive.

## Confidence-Inspiring Technology

Ford Co-Pilot360® 2.0 provides driver-assist features like Adaptive Cruise Control, Pro Trailer Hitch Assist™, Pro Trailer Backup Assist™, and more. All designed to help build confidence.

## Hands-Free Highway Driving

Ford BlueCruise is an available hands-free highway driver-assist feature designed to help make driving easier, more enjoyable, and less stressful. BlueCruise operates on 97% of controlled-access highways in areas called Blue Zones across the U.S.
