

THE 2024

XT5

MAKE SAFETY LOOK STYLISH

REAR CAMERA MIRROR

The available Rear Camera Mirror uses a camera to provide you a wide and less-obstructed view behind the vehicle while driving. You can switch between the camera view and a traditional rearview mirror.

LANE CHANGE ALERT WITH SIDE BLIND ZONE ALERT

Available Lane Change Alert with Side Blind Zone Alert can provide side-mirror visual alerts when a detected moving vehicle is quickly approaching or is in your side blind zone. It can help you avoid lane-change collisions.

AUTOMATIC EMERGENCY BRAKING

Automatic Emergency Braking works with Forward Collision Alert to help you avoid or reduce the severity of a front-end collision with a detected vehicle you're following. This feature works at speeds below 50 mph. Camera technology is used to automatically provide hard emergency braking or enhance the driver's hard braking.

AUTOMATIC PARKING ASSIST WITH BRAKING

Available Automatic Parking Assist with Braking can search for a parallel or perpendicular parking space, then steer and brake your vehicle into that space using limited braking. While the feature steers and tells you when to shift gears, you may need to override and take control.

REAR PEDESTRIAN ALERT

Available Rear Pedestrian Alert can help alert you to detect pedestrians directly behind the vehicle to help avoid a collision. The system works when you're in Reverse during the daytime. It has limited nighttime and low-visibility performance.

LANE KEEP ASSIST WITH LANE DEPARTURE WARNING

The standard Lane Keep Assist with Lane Departure Warning system uses a brief, gentle turn of the steering wheel to alert you when you may be unintentionally drifting out of detected lane lines. If needed, you may also receive Lane Departure Warning haptic seat alerts if selected. System alerts do not occur if you're using your turn signal, or if it detects you may be intentionally leaving your lane.

GO CONFIDENTLY WITH THE CADILLAC SMART SYSTEM

In a world of unpredictability, the Cadillac Smart System™ offers proactive peace of mind. This comprehensive suite of standard driver-assistance features helps inspire confidence on your journey—whether you're backing out of your driveway or boldly taking on the road ahead.

CADILLAC SMART SYSTEM STANDARD FEATURES:

AUTOMATIC EMERGENCY BRAKING

INNOVATION THAT FEELS INSTINCTIVE

A WORLD OF INTUITION

With the Cadillac user experience, commanding your world is as intuitive as a simple touch or spoken word. This intelligent infotainment system features an 8" diagonal HD color touchscreen, Natural Voice Recognition and available embedded navigation, tooltipt with readily accessible smartphone and app functionality.

WI-FI® HOTSPOT

With an available Wi-Fi Hotspot capability, you can connect up to seven devices at the same time, up to 50 feet away from your XT5. Your passengers will have the freedom to browse, chat and stream how they please from their own personal devices.

AMAZON ALEXA BUILT-IN

The Alexa functionality you enjoy at home is now fully integrated into the Cadillac user experience. With available Amazon Alexa Built-In you can ask Alexa to stream your favorite music, get directions, make calls, change your radio stations and more. Ask anything. Alexa's on board.

DEVICE PAIRING

Your devices. Your vehicle. Seamless connectivity. With Bluetooth® technology, you can pair your XT5 with up to two devices simultaneously.

NIGHT VISION SYSTEM

When the available Night Vision view is enabled, this system can help you see beyond your headlamps by displaying a thermal image that highlights and alerts you to detected pedestrians or large animals directly ahead of the vehicle—helping to instill confidence on night drives.

THE PATH TO CONFIDENCE AND CONTROL

TWO POWERFUL OPTIONS

XT5 offers two distinct engine options. First, a spirited 2.0L Turbo engine with 235 hp and 258 lb-ft (350 newton-meter) of torque made for driving thrills. The second is a robust 3.6L V6 engine with 310 hp and 271 lb-ft (366 newton-meter) of torque for performance that stands out.

9-SPEED AUTOMATIC TRANSMISSION

The 9-speed automatic transmission delivers immediate power and efficient performance at a moment's notice.

DRIVER MODE SELECTOR

With an array of driver-select modes, XT5 grants you dominion over your drive. The freedom of available All-Wheel Drive is expanded by Touring, Off-Road and Sport calibrations, while Front-Wheel-Drive vehicles deliver the confidence of Snow/Ice, Touring and Sport modes.

BREMBO® BRAKES

Brembo, a worldwide leader in performance-brake technology, helps provide exceptional stopping power to your XT5. Standard on the Sport model, front Brembo brakes promote confidence for your drive.

SPECS

2.0L TURBO 4-CYLINDER ENGINE

- GM-estimated fuel economy tooltpt: 22 mpg city/29 mpg highway/24 mpg combined on Front-Wheel Drive
- 235 hp and 258 lb-ft (350 newton-meter) of torque with premium gasoline

3.6L V6 ENGINE

- GM-estimated fuel economy: 19 mpg city/26 mpg highway/21 mpg combined on Front-Wheel Drive
- 310 hp and 271 lb-ft (366 newton-meter) of torque

CARGO VOLUME

- 30.0 cu. ft. with rear seatbacks up
- 63.0 cu. ft. with rear seatbacks down
