READY SET Ford™

The Power to Be You

Define what drives you. Drive what defines you. Whether you prefer the simplicity of Select, the range of Premium, the freakishly fast 0–60 of GT, or the off-pavement capability of Rally, the 2026 Mustang Mach-E® SUV favors bold self-expression.

A Harmonious Paradox

Family-friendly practicality. Sports car style and exhilaration. The 2026 Mustang Mach-E® makes contradictions complement each other.

Back

Get up to 59.7 cu ft of space behind the front seats when you fold down the second row.

Center

Find room within arm's reach. You've got two front-seat cupholders and an overhead sunglasses holder. Also, find out-of-sight compartments in the center console, under the armrest, and in the pass-through cubby.

Front

Sweaty gym gear? Birthday presents for the kids? The available frunk can keep funky smells and valuables under wraps. It's also drainable. Add ice and use it as a cooler, or rinse it clean after transporting muddy hiking boots.

Electric

Zero Emissions, Zero Omissions

Going Electric

92% of drivers who choose an electric vehicle say bye to gas for good. Find out why.

Ford Power Promise

A charger and standard installation are on us when you purchase or lease a new Ford EV.

Home Charging

Plus, enjoy features like preconditioning that'll make you a morning person.

Public Charging

Access the largest integrated public charging network in North America.

Design

Electrify Your Senses

The Best Seats Out of the House

With space for five, this is your new family room. The Mustang Mach-E Premium model adds a little more luxury to the lineup with heated and ventilated front seats trimmed with ActiveX® material.

Acoustic Luxury

Standard on the Mustang Mach-E® Premium and GT models, the B&O® Sound System with 10 speakers, including a subwoofer, will have you wondering if the band snuck into your backseat.

Flashy Features

Make an impression when you pull up or pull away with coupe-inspired design, tri-bar taillamps, and the classic Pony badge.

Technology

Intuitive, Not Robotic

Wireless Compatibility

Access some of your favorite apps wirelessly with Apple CarPlay® and Android Auto™ compatibility. More than one driver? Switch quickly between multiple synced phones to personalize every drive.

Ford Connectivity Package

Access Connected Navigation, Alexa Built-in, and an unlimited 5G Wi-Fi® hotspot. Break time? Show off your pipes with karaoke, or stream YouTube on the 15.5" center display while parked.

Driver-Assist Technology

Feel confident in a busy and distracted driving world with a rearview camera, Lane-Keeping System, and Auto High-Beam Headlamps.
