NX F SPORT

- Drivetrain: Front or All-Wheel
- 0-60 MPH: 7.2 seconds
- Horsepower: Up to 304
- Adaptive Variable Suspension

Beauty in every detail

While every NX cabin puts a premium on driver and passenger comfort, Luxury versions elevate every drive with details that include perforated leather-trimmed seating and Open-Pore Wood trim.

Signature front and rear lighting, an elegant grille and available 20-inch alloy wheels help ensure that the NX makes a provocative statement.

NX F SPORT versions are equipped with deeply bolstered front sport seats, a perforated leather-trimmed steering wheel and shift knob, aluminum pedals and a sport-inspired gauge cluster to help you forge a deeper connection to every drive.

Details including an aggressive front fascia, color-matched fenders, 20-inch alloy wheels and blackened trim showcase this SUV's performance pedigree.

Black 20-inch alloy wheels and a Dark Graphite Aluminum interior trim punctuate the NX F SPORT Handling's athletic design.

Technology crafted for the human touch

User Profiles

The Profiles feature can save your preferred audio, navigation and language settings—and so much more. Sync via the Lexus app for seamless personalization across vehicles.

Digital Key

The available Digital Key feature enables you to lock, unlock and start your vehicle via the Lexus app on your smartphone.

Advanced Park with Remote Park

Take the stress out of parking. Advanced Park is designed to assist with parallel and perpendicular parking and can control steering, acceleration, braking, and gear changes. And available Remote Park allows you to operate the Advanced Park feature via the Lexus app on your smartphone. Lexus key fob and proximity to vehicle required.

Digital Rearview Mirror

This system utilizes a rear-mounted camera to display a high-resolution view of the road behind you. Simply toggle the level to switch between traditional and digital mirror modes.

Digital Latch with Safe Exit Assist

This system can warn of motorists and cyclists approaching from the rear to help prevent the door from opening until conditions are determined to be clear.
