- 6.0 seconds acceleration 0-60 mph
- 255 hp power @ 5,800 rpm
- 295 lb-ft torque @ 2,000-3,200 rpm

C 300 4MATIC SEDAN

- Engine 2.0L Inline-4 turbo with mild hybrid drive
- 6.0 seconds acceleration 0-60 mph
- 255 hp power @ 5,800 rpm
- 295 lb-ft torque @ 2,000-3,200 rpm

CLARITY IN EVERY COMMAND

Vivid screens and intuitive controls anchor a finely crafted cockpit. A portrait-style 11.9-in multimedia touchscreen is driver-oriented for clarity and ease. The 12.3-inch digital gauge cluster lets you personalize its content and design.

EXQUISITELY FINISHED, YET NEVER AT AN END

Finely tailored upholstery, including new Nappa leather options, drapes the contoured seats. Six trim choices cascade from the dash. Yet with 64 colors of ambient lighting you can choose, change or sequence, the cabin is always as refreshing as it is refined.

DESIGN

The classic proportions and tensed muscle tone of a sport sedan envelop a spacious digital cockpit. A perennial favorite keeps driving into the future, to entice you, engage you, and enthrall you like never before.

ELEGANCE IN EVERY LINE

Clean, streamlined design extends to the way you configure your C-Class. Beyond its generous standard luxuries, Exclusive Trim deepens the indulgence. Pinnacle Trim heightens its high-tech advancements.

AN IMMERSION IN SOUND

The Exclusive Trim brings you Burmester® 3D Surround Sound. And while your ears revel in the customizable digital audio of Sound Personalization, your eyes can enjoy the exquisitely designed metal speaker grilles.

SPORTY STANCE, EVEN SPORTIER STYLE

The AMG Line w/Night Package wraps a sport suspension, steering and brakes in bolder design inside and out. Details include a Star-pattern grille, AMG® wheels up to 19 inches, gloss black exterior accents, plus sport pedals and a sport steering wheel.

PERFORMANCE

Electrified with mild-hybrid power, the C-Class is both energetic and more energy-conscious. It's also responsive yet refined, keeping its sport-sedan legacy on the forefront of driving fun.

A MODE FOR EVERY DRIVING MOOD

DYNAMIC SELECT dials in performance with the tap of a console button. Selectable drive modes can fine-tune the 9-speed transmission, throttle, steering and more. Modes range from ECO to Sport, to an Individual mode you can customize.

SAVVY IN EVERY SEASON

Available 4MATIC® all-wheel drive can help ensure power is sent to the wheels that can turn traction into action. Lightweight and nimble, it adds confidence in winter's wrath and joy to a sunny corner.

INNOVATION

The C-Class continues to advance its innovation leadership. From its 3rd-generation Mercedes-Benz User Experience (MBUX), to a new front center air bag, to its advanced driver assists, it looks after your comfort and looks out for your safety.

IT BRINGS NEW WORLDS TO YOU

MBUX adds new features you can enjoy every day, with downloads from an integrated app store to new Routines you can personalize. For example, you can automate music, cabin lighting or seat heating based on location, time, or even the outside temperature.

IT GETS TO KNOW YOU BETTER

Be yourself, and your C-Class follows suit. Hundreds of preferences can be set in-car or by smartphone. Up to seven user profiles can be saved, shared with other vehicles, and called up via a fingerprint scanner in the dash.

IT KEEPS ITS EYES ON YOUR WORLD

Available GUARD 360° with picture-taking functionality keeps virtual watch on the car when it's parked via the surround cameras. If another car bumps it, it can send an alert and images to your phone.

YOU TALK, IT TAKES ACTION

The acclaimed "Hey, Mercedes" voice assistant lets you speak requests naturally in 27 languages, and learns more as time advances. Intuitive touch controls on the steering wheel and the large touchscreen let you take control quietly.

UNPLUG AND STAY CONNECTED

Apple CarPlay® and Android Auto are not just standard, they're wireless. And wireless charging is standard, too. In-car WiFi is also available to keep you tuned into your world
