DESIGN & STYLE

Driven by unique style.

Crafted for comfort and modern style, Sienna's refreshed interior makes every errand and road trip a drive to look forward to. Whether hauling the family or enjoying a date night, soak in the minivan's premium look and feel from its sleek center console to detailed seat stitching.

Refreshed Interior

Enjoy Sienna's premium look and feel from the sleek center console available in wood-grain, carbon-fiber pattern or satin-grain finished trims, down to the detailed available caramel-finished seat stitching.

Unique Woodland Edition Features

Sienna Woodland Edition is ready to put in the work with rugged matte-black wheels, standard tow hitch and durable floor mats with a pine-tree pattern. Its darkened accents on the upper grille and door handles add the perfect finishing touches to its unique aesthetic.

Sporty Front Styling

With available 20-in. dark wheels and black sporty accents including honeycomb grille, Sienna's modern design matches your sense of style.

Sleek Design

Sienna's modern lines, bold accents and sculpted design show onlookers that function and style aren't mutually exclusive.

PERFORMANCE

Keeps up with your hustle.

With an impressive hybrid system producing a net combined 245 horsepower and available AWD, take on family adventures with ease. You'll also find yourself traveling from one cherished moment to the next with Sienna's up to 36 combined estimated mpg.

All-Wheel Drive

Gravel, rain or snow, Sienna's available Electronic On-Demand All-Wheel Drive (AWD) system helps give you confidence on unfamiliar roads.

Hybrid Performance

Every Sienna is a hybrid. Whether you're driving around the city during the day or taking a weekend road trip, Sienna's class-leading 36 combined estimated mpg helps keep you going. And with up to 3500 lbs. of towing capacity, you can bring more with you on your next adventure.

Sport-Tuned Suspension

Sienna doesn't compromise on performance. Its available sport-tuned suspension helps deliver a dynamic drive every time you get behind the wheel.

CONVENIENCE & TECHNOLOGY

Navigate daily life with ease.

Advanced Rear-Seat Reminder

Sienna's Advanced Rear-Seat technology may detect certain motions consistent with an occupant's presence in the second or third row. This may trigger various alerts and notifications after the vehicle has been turned off and locked.

LATCH

Sienna offers up to five LATCH (Lower Anchors and Tethers for CHildren) locations for an added measure of safety with car seats for smaller family members.

Available 12.3-In. Digital Gauge Cluster

Put Sienna's vitals right in front of you for easy access. Keep track of real-time driving data, turn-by-turn directions, safety information and alerts—all while keeping both hands on the wheel.

Split & Stow 3rd Row® Seats

Make room for more friends, more stuff or both. Sienna's 60/40 One-Motion-Stow Split & Stow 3rd Row® seat easily folds down so you can configure the space in the back to meet the day's needs.

Blind Spot Monitor With Rear Cross-Traffic Alert

Standard Blind Spot Monitor (BSM) is designed to alert you when vehicles enter your blind spots. When in reverse, Rear Cross-Traffic Alert (RCTA) helps detect vehicles approaching from either side, alerting you with side mirror indicators and a warning tone.

Panoramic View Monitor

Sienna's available Panoramic View Monitor (PVM) uses four cameras to help you check your surroundings. When you're parked and using the Moving View setting, it creates a virtual view from above.

Front and Rear Parking Assist With Automatic Braking

Ease into tight spaces with more confidence. Sienna's available Front and Rear Parking Assist with Automatic Braking (PA w/AB) warns you when it detects nearby obstacles and, if necessary, may reduce power and apply the brakes.
