Off-Roading

Built Wild® Durability Tested

We tested in labs. On the trails. In fact, we tested the equivalent of 10 million miles of assorted terrain. The Ford Bronco® is one durable ride.

Ford Bronco® is always ready for the Off-Road with these features:

- Ground Clearance of up to 11.6"
- Water Fording up to 37"
- HOSS Suspension System
- 35" tires available
- Stabilizer Bar Disconnect

Design

Removable Doors & Tops

Painted Hard Top

The shadow black-painted modular hardtop is easily accessible. Remove part — or all — of it whenever you want to get a little closer to nature.

Functional Interior

All Bronco® interiors are easy to maintain and come with a variety of ways to stow all of your gear.

Customize Your Ride

Gear up for extended adventures and personalized to suit your needs with a host of available Ford Accessories and options.

You Asked We Listened

New for 2025, the integrated vents for rear passengers help ensure a comfortable climate for the climbs, the dunes, and the trails.

Performance

For Every Day. But Thrives on the Day Off.

Introducing the Stroppe Edition

Hit the trail in style. This edition is a nod to Bronco's Baja racing-inspired heritage. Drawing inspiration for various racing Broncos like the Desert Racer. Features two-door style, Fox shocks and full vehicle bash plates, with a unique badging and color combination.

Powerful Engine Options

Goes Over Any Type Of Terrain offers up to seven different modes to tackle nearly any driving condition you encounter.

- Normal
- Eco
- Sport
- Sand
- Mud
- Rock Crawl
- Slippery

Power to Move

Three turbocharged options. Unlimited capabilities to take you wherever adventure calls.

- The turbocharged 2.3L in-line four-cylinder engine with 300 horsepower.
- Twin-turbo 2.7L V6 with 330 hp
- Twin-turbo 3.0L V6 with 418 hp

Haul & Go

The 2025 Bronco® SUV has a towing capacity starting at 3,470 lbs. and up to 4,500 lbs when equipped.

Technology

Your Copilot to Adventure

Available 360-Degree Camera

You can see everything surrounding your Bronco with the 360-degree camera, making it easier for trail exploration.

Trail Control™

For those times you just want to take in the scenery. Just push the button, and this off-road cruise control for low-speed driving lets you enjoy your outdoor adventure even more. Requires automatic transmission.

AdvanceTrac™ with RSC

This electric stability control system helps to improve vehicle control on all driving surfaces, including snow, ice, gravel, rain-covered roads and dry pavements, while the Roll Stability Control (RSC) offers increased rollover protection.

FAQ

Things You Should Know

What is the Ford Bronco® towing capacity?

The 2025 Ford Bronco® SUV provides a towing capacity starting at 3,470 lbs. and up to 4,500 lbs. based on trim level and performance configurations. Always check your Owner's Manual for details.

What are the Ford Bronco® dimensions?

It all depends on which model and trim you choose. All models and dimensions of the 2025 Ford Bronco® SUVs are on the models page.

What is the difference between Bronco® & Bronco Sport®?

The most notable exterior differences are their body styles and size. The Bronco® vehicle is larger and available in two- and four-door body styles. The Bronco Sport® is four-door only. The two-door Bronco® measures 173.7 inches — one inch longer than the four-door Bronco Sport®.

Does the Ford Bronco® have a manual or automatic transmission?

That depends on the model. While the Outer Banks® only comes with the 10-speed automatic transmission, the Heritage Edition and Raptor® trims are only available with an automatic transmission. All other models offer either an automatic or manual transmission.

Where can I find pricing for the 2025 Ford Bronco®?

All models and Manufacture Suggested Retail Prices (MSRPs) of the 2025 Ford Bronco® are on the models page.
