PERFORMANCE

Integrated Dynamics System

Snow

Snow Mode helps maintain traction and confidence by adjusting the amount of power going to each wheel so you're ready when winter arrives.

Comfort

Easier steering inputs and a reduced engine note make Comfort Mode a smooth ride with exceptional handling and satisfying efficiency.

Normal

Find the perfect balance of a comfortable ride, agile handling, and throttle responsiveness for your daily drive.

Sport

Styled for pure performance, the A-Spec® package features gloss black accents, 20-in Shark Gray wheels, and LED fog lights. The Unleash the full performance of the MDX in Sport Mode. Experience a sportier engine sound, and increased steering feedback and torque vectoring with available Super Handling All-Wheel Drive™.

Sport+

Dare to heighten the excitement with Sport+ mode, exclusive to Type S Advance. Firmer dampers, quicker throttle response and lower ride height at higher speeds maximize performance for every ride.

Lift

The dynamic on-demand Lift mode available with Type S Advance offers more ground clearance for extreme on-road conditions. Whether you're navigating through sand or snow, an additional 50mm of height makes all the difference.

PERFORMANCE

Power-Packed Precision

Handling

The double-wishbone front suspension keeps your MDX glued to the ground with larger and wider wheels for highly responsive handling even when pushed to the limit.

Chassis

An ultra-rigid chassis and longer wheelbase work in tandem to create a more comfortable ride by reducing vibration and ambient noise. The chassis also improves handling response and performance for a superior drive in this sporty SUV.

Steering

For a connected driving experience, variable ratio steering delivers precision control. A tuned electric power steering booster delivers agile handling for superior maneuverability. Firm up the steering by switching to Sport mode for a more dynamic driving experience.

Type S Advance

The MDX Type S Advance brings new levels of performance to your everyday drive. Large Brembo® front brake calipers featuring upsized rotors paired with NSX-inspired Electro-Servo brakes deliver confident braking, while the Adaptive Air Suspension lowers or raises ride height for extra ground clearance when needed. Quad exhaust outlets symbolize the ultimate combination of Type S power, performance and style.

EXTERIOR

Commanding Style

Driven Design

A sleek, redesigned front fascia accentuates the precision-crafted body lines, creating a powerful stance. The Chicane™ LED daytime running lights flow into the pronounced beltline that follows through to the rear, giving the exterior a sense of dynamic motion.

LED Lighting

Jewel Eye® LED headlights and darkened Chicane™ LED taillights illuminate the sculpted style of the MDX. The 3D light blade of the Chicane taillights adds dramatic depth to the modern precision design of the exterior.

A-Spec Styling

Styled for pure performance, the A-Spec® package features gloss black accents, 20-in Shark Gray wheels, and LED fog lights. The elevated aggressive design continues inside with a flat-bottom steering wheel, with SportShift paddle shifters, and metal sport pedals for the ultimate driver-centric cockpit.

Premium Paint Technology

Intensify your MDX with a premium paint finish in Performance Red Pearl, Liquid Carbon Metallic, Majestic Black Pearl, Platinum White Pearl, Double Apex Blue Pearl or Urban Gray Pearl. This durable pigment is applied in a series of tinted clear coats for brilliant chromatic color that has a deep, rich finish.

Type S Advance

Make a statement every time you hit the road in the MDX Type S Advance. The aggressive quad exhaust outlets and rear diffuser will leave a lasting impression long after you're gone, while exclusive front fascia and Type S badging highlight its performance-focused design.

INTERIOR & COMFORT

Precision Crafted

Premium Design

For those who are truly driven, the MDX is ready with an ultra-refined, technologically advanced cabin. The digital Precision Cockpit™ puts all your driving information front and center in brilliant HD. Be immersed in a bespoke atmosphere with the available Iconic Drive™ Ambient Cabin Lighting and premium leather-trimmed interior.

Authentic Materials

The cabin is rich with high-grade authentic materials. Available open-pore wood accents and a hand-wrapped synthetic leather dash with French stitching emphasizes the premium craftsmanship of the MDX.

Panoramic Moonroof

Enjoy an expansive view with the wide panoramic moonroof and fill the cabin with fresh air and natural light.

Three-Row Seating

High-end craftsmanship extends to every row with seating for up to 7 and adjustable configurations. The removable 2nd-row center seat also offers easy access to the 3rd row. Available full-grain leather and authentic open-pore wood trim welcome everyone to a first-class experience.

Type S Design Details

Experience supreme levels of refinement with 16-way power front seats with 9 massage modes. Premium Orchid and Azurite Blue leather seating choices offer high-class comfort and available distinctive dark wood trim surrounds you with sophistication.

CARGO & VERSATILITY

Intelligent Versatility

The MDX features a max cargo capacity of 95 cu. ft. with the rear two rows folded flat. Hidden cargo storage that has a reversible smart lid with a plastic side allows for easy cleaning and storing dirty items. Stow the smart lid to increase capacity for bulkier items like a stroller even with all three rows up.

AUDIO & CONNECTIVITY

At Your Command

Google built-in

Familiar features like Google Assistant, Google Maps, Google Play and more seamlessly connect you to your MDX with Google built-in. Control music, use navigation, check the weather and control the cabin temperature simply by saying "Hey Google."

Touchscreen Display

Flowing naturally with the dashboard, the 12.3-in color touchscreen is the widest screen ever to be featured in an Acura. The multi-view rear camera, music, and customizable settings are displayed with brilliant clarity on a large, engaging and easy to use touchscreen interface.

Apple CarPlay® Compatibility

Stay connected through wireless Apple CarPlay®* compatibility. Easily access music, texts, and navigation on the 12.3-inch color touchscreen. Enjoy effortless control through the touchscreen interface and Siri® Eyes Free.

Android Auto™ Compatibility

Stay connected to your MDX through wireless Android Auto™* compatibility. Access music, texts and navigation with the 12.3-inch color touchscreen. Enjoy effortless control through the touchscreen interface.

Premium Bang & Olufsen® Sound System

The MDX offers a custom-tuned premium Bang & Olufsen Sound System. Meticulously engineered with 19 speakers, it takes the in-car audio experience to the next level with rich, balanced and authentic sound. Premium Bang & Olufsen Sound System standard on Technology, A-Spec®, Advance, A-Spec® Advance Packages. Bang & Olufsen Ultra Sound System standard on Type S Advance.

AcuraLink® Connected Services

AcuraLink®* helps you stay connected to your Acura through your smart phone. Enjoy convenient features like Remote Start, Find My Car, Automatic Collision Notification, and Enhanced Roadside Service during your three-year complimentary trial.

Precision Cockpit™

The 12.3-in Precision Cockpit™ is configurable for a personalized digital experience. Select the layout to best fit your drive and view the advanced driver assistive system alerts displayed right in front of you. The MDX Type S Advance welcomes you in style with an exclusive and modern start up sequence when you press the start button.

Head-Up Display

Engineered to keep you focused on the drive, the MDX projects critical information front and center with the 10.5-in Head-Up Display. Information like your speed, AcuraWatch™ alerts, turn-by-turn navigation and music are projected on the windshield.

Wi-Fi Hotspot Capability

Stay connected with Wi-Fi Hotspot Capability and enjoy over the air updates to your MDX and allow your passengers to stream HD video for up to three devices. Select an AT&T data plan to get started. Learn more about data plans [here](#).

SAFETY & ASSIST TECH

AcuraWatch™

Collision Mitigation Braking System™ (CMBS™)

CMBS™ helps alert drivers when it determines potential frontal impact is possible and can even apply the brakes to help avoid or reduce the collision impact.

Road Departure Mitigation (RDM)

RDM alerts the driver to an unintentional departure from a detected lane or roadway. The feature is able to apply steering torque and braking to help keep the vehicle on the roadway.

Adaptive Cruise Control (ACC) with Low-Speed Follow

ACC helps maintain a set speed and interval behind the vehicle detected ahead. The low-speed feature can bring the vehicle to a complete stop if needed. Cornering Speed Assist, available with Type S Advance, helps keep the MDX planted on winding roads.

Lane Keeping Assist System (LKAS)

LKAS applies steering assistance at higher speeds, helping to keep your Acura centered in the detected lane.

Pedestrian Detection

System is part of CMBS and is used to help detect pedestrians and alerts the driver with audio and visual warnings. It may apply the brakes if needed to help avoid a collision.

Traffic Sign Recognition

Can detect speed limit signs and display that information on your dash and the available head-up.

Traffic Jam Assist

Helps aid with steering at low speeds and bring your vehicle to a complete stop then resume travelling again with the traffic ahead.

Blind Spot Information System

This feature monitors the rear and sides of your MDX to help you detect vehicles in the alert zone of adjacent lanes. For Type S Advance, Lane Change Collision Mitigation and Steering Avoidance can provide steering input if needed to help avoid a collision.

SAFETY & ASSIST TECH

Driver Assist Technologies

Surround-View Camera

The MDX gives you a 360 view of the space immediately around the car through the navigation display. Guidelines appear in your rear camera view to help you get in and out of tight spots.

Front and Rear Cross Traffic Monitor

Rear Cross Traffic Monitor helps detect vehicles approaching from either side when in reverse. Front Cross Traffic Warning (FCTW), available on Type S Advance, notifies the driver of detected approaching cross traffic, helping the driver navigate intersections. Rear Cross Traffic Monitor standard on all packages. Front Cross Traffic Warning (FCTW) available on Type S Advance.

Low Speed Braking Control

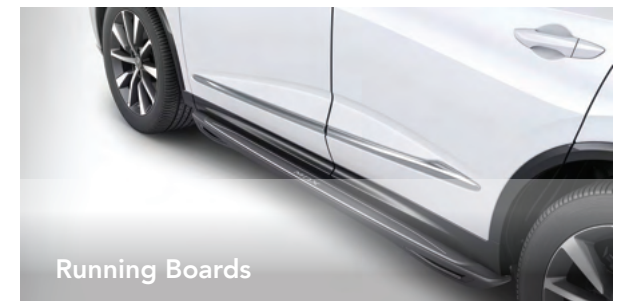

Low-Speed Braking Control can help bring the MDX to a stop when traveling at low speeds by automatically applying brake pressure when the system determines that either a frontal or rear collision is unavoidable.
