DESIGN

TWO-LINE LED HEADLAMPS

The GV70's show-stopping front profile is flanked by the Genesis signature Two-Line LED headlamps. And upgraded Micro Lens Array technology creates exceptional brilliance to illuminate the road ahead.

SPORT WHEEL DESIGN

The GV70's athleticism is further accentuated by 21" contemporary sport wheels inspired by the iconic Genesis Two-Line design signature.

27" OLED DISPLAY

Expand the limits of infotainment with a standard 27-inch OLED navigator and instrument cluster. Enjoy immersive split-screen views of navigation maps, media, weather, audio controls and more.

D-CUT STEERING WHEEL

Inspired by racecar design, the available D-Cut Steering Wheel provides sporty comfort and responsive control—all in the palm of your hands.

NAPPA LEATHER

Take a seat and wrap yourself in the feeling of bespoke tailoring with available Nappa leather seating and intricate stitching details.

TECHNOLOGY

GENESIS CONNECTED SERVICES

Genesis Connected Services is a comprehensive and complimentary telematic suite of features accessible through your compatible smartphone for first owners of 2023 and new models. Discover Genesis Digital Key, Enhanced Roadside Assistance, and more.

GENESIS PAY

Available through Genesis Connected Services, Genesis Pay is a convenient, cashless in-car payment service that allows drivers to pay for fuel—plus reserve and pay for parking at participating locations.

PERFORMANCE

At the heart of this turbocharged SUV is unmistakably bold power that's reflective of its new sporty exterior. An available 375-hp Twin-Turbo V6 engine delivers dynamic athleticism, which simultaneously feels both aggressive and refined.

SAFETY

FORWARD ATTENTION WARNING

Help make the roads safer for everyone by staying focused at the wheel. Forward Attention Warning monitors eye direction with an interior view camera and displays a reminder message if the driver is not paying attention.

HANDS ON DETECTION

When driver assistance systems such as Highway Driving Assist are activated, Hands-On Detection can issue warnings if your hands aren't detected on the steering wheel, helping to keep you alert behind the wheel.

DRIVER ATTENTION WARNING

With the help of an interior camera, this safety system monitors your eye position and sounds a chime if the driver is not paying attention, reminding you to stay focused and alert.

ADVANCED REAR OCCUPANT ALERT

Like an extra pair of eyes, available Advanced Rear Occupant Alert uses high-precision radar to help detect if a child or pet is present in the back seat or cargo area, and reminds the driver when exiting the vehicle.
