

THE 2025
MAZDA CX-90/PHEV

DESIGN

UP TO 8-PASSENGER CAPACITY

The CX-90 comes with a 3-seat 3rd row on select models, making each passenger feel comfortable.

MULTIPLE POWER OUTLETS

Stay fully charged with access to 12V of accessory power and conveniently placed available USB-C outlets.

AVAILABLE PANORAMIC MOONROOF

Driver and passengers can embrace natural light, open ambience, and the world around them.

PERFORMANCE: CX-90

M HYBRID BOOST

M Hybrid Boost improves your driving performance and fuel economy, using a small electric motor to assist the engine in low load driving situations. The motor is battery powered which seamlessly uses regenerative braking to recharge.

FLEXIBLE MI-DRIVE TECHNOLOGY

With Mi-Drive, drivers can switch between four distinct modes designed to optimize power delivery and responsiveness: Normal, Sport, Off-road and available Towing.

KINEMATIC POSTURE CONTROL

Kinematic Posture Control (KPC) helps minimize vehicle body roll while enhancing cornering. The result is improved steering feel without sacrificing comfort.

PERFORMANCE: CX-90 PHEV

CHARGING CAPABILITIES

Experience the benefits of a plug-in electric vehicle with the confidence of a hybrid gas engine. The Mazda CX-90 PHEV can reach up to an 80% charge using a Level 2 AC charger in 1.5 hours.

TOWING CAPACITY

When properly equipped, the Mazda CX-90 PHEV has a 3,500-lb towing capacity. Available Towing mode also helps with vehicle stability when driving with the extra weight, allowing you to bring along a boat or recreation trailer without sacrificing your connection to the road.

WHICH CX-90 IS RIGHT FOR YOU?

TECHNOLOGY

360° VIEW MONITOR WITH SEE-THROUGH VIEW

The available 360° View Monitor with See-through View gives you an enhanced view of the area directly ahead of and beside your vehicle that would normally be obstructed, visible on the center display.

MAZDA CONNECTED SERVICES

Locate your vehicle, start the engine, lock and unlock the doors--all remotely. With the MyMazda App and Mazda Connected Services, complimentary for one year on your mobile device, you can do all this and more.

ACTIVE DRIVING DISPLAY

The available Active Driving Display has an increased display area for optimal visibility and functionality, providing easier access to essential information about your vehicle.

SAFETY

LEADING THE WAY IN SAFETY

We're proud that eight Mazda vehicles, including the 2025 Mazda CX-90 and CX-90 Plug-In Hybrid EV, have won a 2025 IIHS TOP SAFETY PICK+ award, more than any other brand (as of April 2025) — so you can drive with control, safety, and confidence.

NATIONAL HIGHWAY TRAFFIC SAFETY ADMINISTRATION

5-Star Overall Safety Rating for the 2025 Mazda CX-90

SMART BRAKE SUPPORT - FRONT CROSSING

When approaching an intersection at low speeds, this available feature can activate automatic emergency braking if a potential collision is predicted with vehicles crossing from either side.

SMART BRAKE SUPPORT AND TURN -ACROSS TRAFFIC

When making a left turn at an intersection across oncoming traffic, this available feature can alert the driver of an oncoming vehicle in the opposing lane and activate automatic emergency braking if a potential collision is predicted.

ROAD KEEP ASSIST

If your vehicle begins to depart from the road, this available feature can provide alerts and momentary steering assistance to help avoid roadway departures above about 40 mph.

BLIND SPOT ASSIST

When changing or deviating from a lane, this available feature can provide alerts and momentary steering assistance to help avoid collision with adjacent vehicles above about 40 pmh.
