

THE 2024
XT6

MODELS

LUXURY

Fashion meets versatility. Bright Galvano exterior accents and a spaciouly crafted three-row interior take your lifestyle to new heights.

PREMIUM LUXURY

Elevation starts with premium interior choices, exclusive wheels and intuitive driver-assistance features so your whole crew arrives in ultimate style.

SPORT

Sophisticated style paired with the performance of Sport Control All-Wheel Drive and front Brembo® brakes. The Sport handles itself with standout looks and a spirited drive.

INTERIOR SPACE

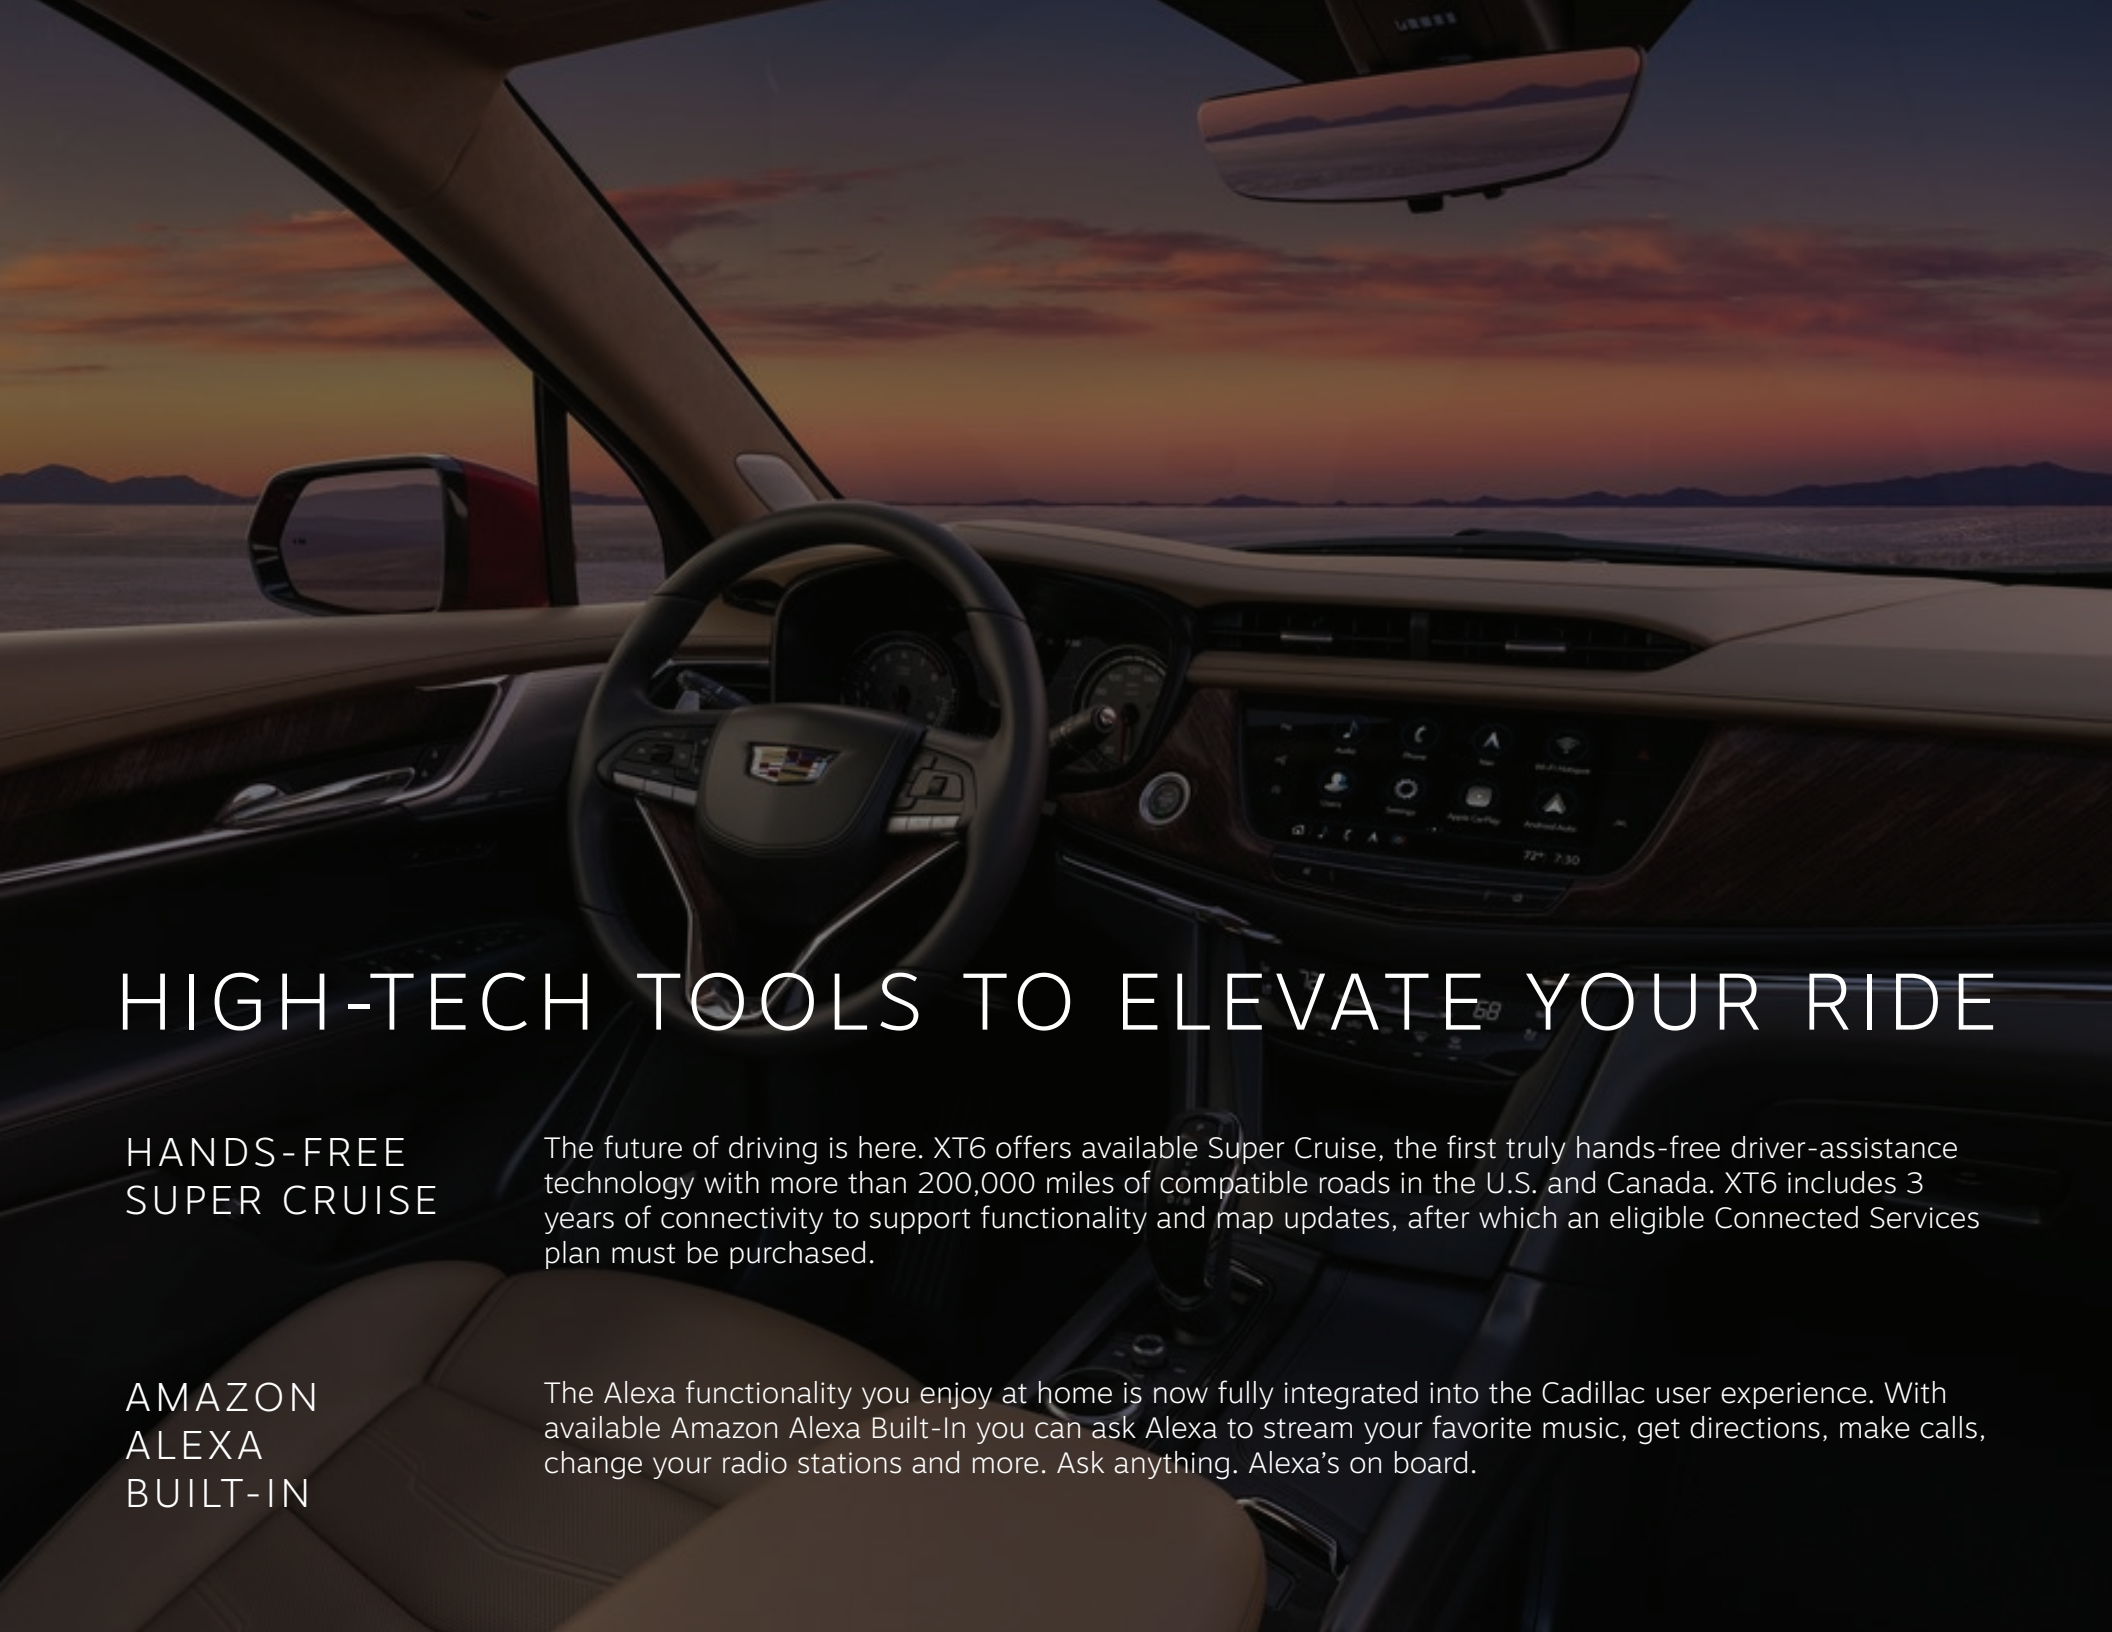

XT6 brings three full rows of comfort with exceptional third-row head room and leg room, allowing all your passengers to ride in style. Shown with available second-row captain's chairs.

LEATHER SEATING

XT6 makes the most of its spaciousness, providing premium and luxurious interiors at every model level. On the available Platinum Package, Semi-Aniline leather seats cover all three rows for the ultimate in comfort.

BOSE® PERFORMANCE SERIES 14-SPEAKER AUDIO SYSTEM

XT6 makes the most of its spaciousness, providing premium and luxurious interiors at every model level. On the available Platinum Package, Semi-Aniline leather seats cover all three rows for the ultimate in comfort.

A wide-angle, low-perspective shot of the interior of a Cadillac XT6. The view is from the driver's side, looking towards the front of the car. The steering wheel is in the center, featuring the Cadillac logo. The dashboard and center console are visible, with a large infotainment screen displaying various icons. The car's interior is illuminated by warm, ambient lighting. Outside the windshield, a sunset or sunrise scene is visible, with a calm body of water and distant mountains under a colorful sky. The overall mood is serene and sophisticated.

HIGH-TECH TOOLS TO ELEVATE YOUR RIDE

HANDS-FREE SUPER CRUISE

The future of driving is here. XT6 offers available Super Cruise, the first truly hands-free driver-assistance technology with more than 200,000 miles of compatible roads in the U.S. and Canada. XT6 includes 3 years of connectivity to support functionality and map updates, after which an eligible Connected Services plan must be purchased.

AMAZON ALEXA BUILT-IN

The Alexa functionality you enjoy at home is now fully integrated into the Cadillac user experience. With available Amazon Alexa Built-In you can ask Alexa to stream your favorite music, get directions, make calls, change your radio stations and more. Ask anything. Alexa's on board.

STRENGTH IN NUMBERS

AVAILABLE 3.6L V6 ENGINE

The 3.6L V6 offers a smooth, powerful drive with 310 hp and 271 lb-ft of torque (366 newton-meter), offering up to a max 4000 lbs of towing capacity

SPORT CONTROL AWD

Exclusive to the Sport model, dual-clutch Sport Control AWD is a power play for the driving enthusiast. The standard system offers active support for cornering, acceleration and improved handling on nearly every type of surface. And with front Brembo® brakes, enjoy confidence on the road with sure-footed stopping power.

DRIVER MODE SELECTOR

Personalize your XT6 driving experience and adapt to the road ahead with selectable drive modes. The freedom of available All-Wheel Drive is expanded by Touring, Off-Road and Sport calibrations, while Front-Wheel Drive models deliver the confidence of Snow/Ice, Touring and Sport modes.

BREMBO PERFORMANCE BRAKES

Wield the power of XT6 with Brembo®, a leader in performance brakes. XT6 features durable, 6-piston front Brembo® brakes to offer confident, precise stopping power.

SAFETY

FRONT PEDESTRIAN BRAKING

At speeds between 5 and 50 mph, Front Pedestrian Braking can help you avoid or reduce the severity of a collision with a pedestrian it detects directly in front of you. It provides alerts and can automatically provide hard emergency braking or enhance the driver's hard braking. It has limited nighttime and low visibility performance.

LANE KEEP ASSIST WITH LANE DEPARTURE WARNING

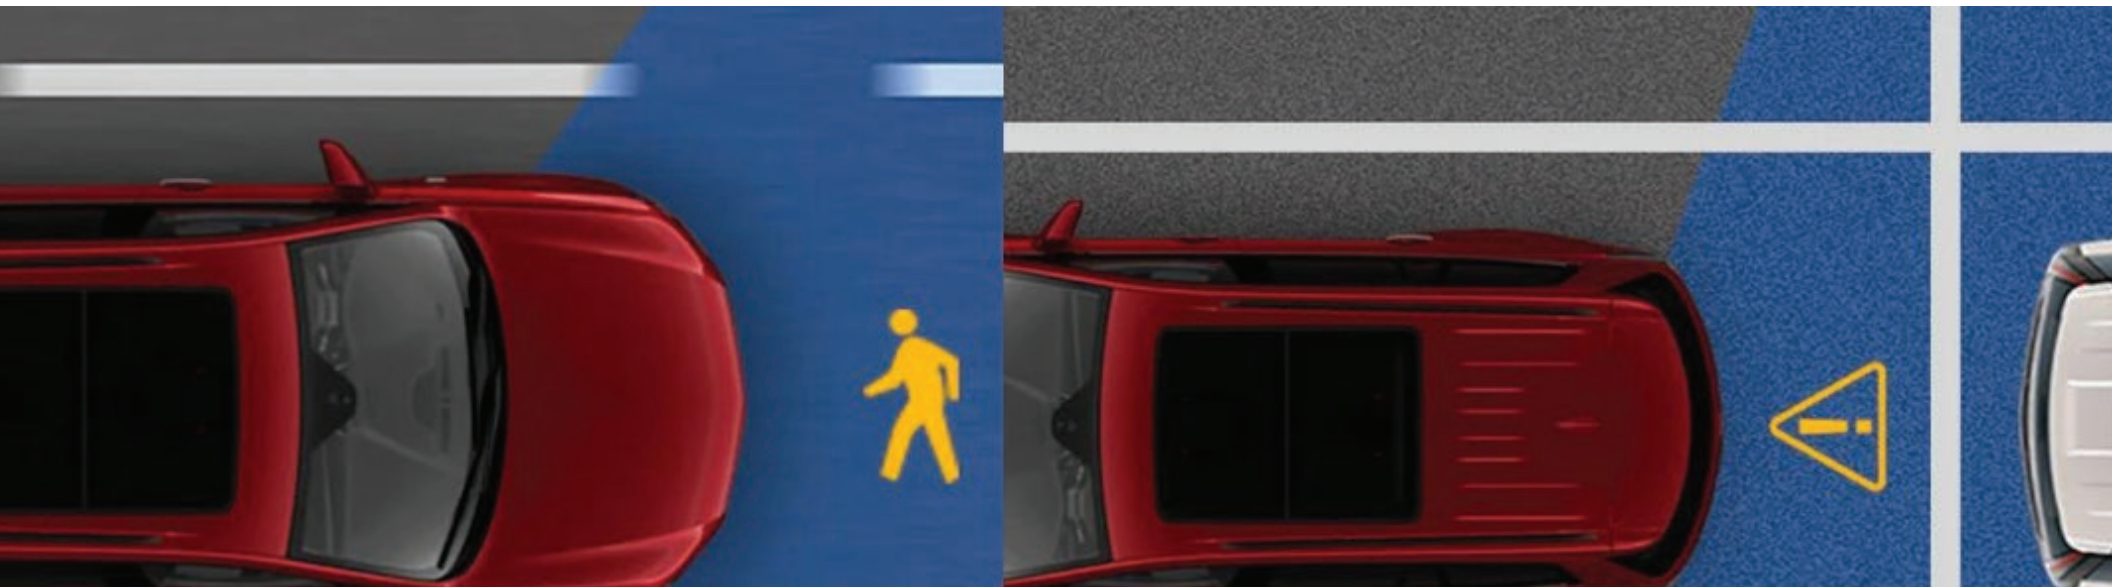

With standard Lane Keep Assist with Lane Departure Warning system uses a brief turn of the steering wheel to alert you when you may be unintentionally drifting out of detected lane lines. If needed, you may also receive Lane Departure Warning haptic seat alerts if selected. System alerts do not occur if you're using your turn signal, or if it detects you may be intentionally leaving your lane.

LANE CHANGE ALERT WITH SIDE BLIND ZONE ALERT

Lane Change Alert with Side Blind Zone Alert can provide side-mirror visual alerts when a detected moving vehicle is quickly approaching or is in your side blind zone. It can help you avoid lane-change collisions.

REAR CROSS TRAFFIC ALERT

When your vehicle is in Reverse, Rear Cross Traffic Alert warns you when it detects left or right cross traffic behind your vehicle. Haptic feedback built into your seat will help you to react once danger is detected.

GO CONFIDENTLY WITH THE CADILLAC SMART SYSTEM

In a world of unpredictability, the Cadillac Smart System™ offers proactive peace of mind. This comprehensive suite of standard driver-assistance features helps inspire confidence on your journey—whether you're backing out of your driveway or boldly taking on the road ahead.
