Performance

Adventure in High-Gear

2.3L EcoBoost[®]

This standard engine packs an impressive 270 horsepower and 310 lb.-ft. of torque, providing a good balance between performance and efficiency.

3.0L EcoBoost[®] V6

For a real kick in the tailgate, Ranger Raptor has a standard 3.0L EcoBoost V6 engine. This engine generates 405 horsepower and 430 lb.-ft. of torque.

Available 2.7L EcoBoost[®] V6

Ranger[®] truck is engineered to perform. Generating 315 horsepower and 400 lb.-ft. of torque,* this engine is designed to help you accelerate your adventure.

Towing and Hauling

7,500 lbs Max Available Towing

The Ranger® truck is engineered with a durable, high-strength steel frame and a solid rear axle. Add the available Trailer Tow Package to elevate your truck's maximum towing capacity up to 7,500 lbs.

1,788 lbs Max Available Payload

With a payload capacity of up to 1,788 lbs, this pickup can handle almost anything you may need to haul — whether it's your camping gear, a dirt bike, or friends along for the ride.

Tow/Haul Mode

You can delay upshifts to help reduce the frequency of your transmission shifting. This mode helps provide engine braking in all forward gears to help slow your truck down when descending a grade.

Design

Exterior

Zone Lighting, LED Bed Lighting & More

Illuminate the perimeter of your truck to light up the night. Standard on Lariat® and Ranger® Raptor® models. The high beam stays on when you're on the road alone. As it detects the headlights of other drivers, it automatically goes to low beam —restoring the high beam when the road is clear.

In-Bed Power

Available with the Convenience package on XLT and Lariat® models. Standard on Ranger® Raptor® model.

Box Side Step

This available feature is integrated directly into the bed, allowing easy access to all your cargo.

Design

Interior

Heated Steering Wheel

For comfort on cold days, nothing beats the available heated steering wheel to keep the chill from your fingers.

Dual-Zone Climate Control

You like it hot, your passenger likes it cold. Now you can each have your temperature the way you like with this available feature.

Wireless Charging Pad

Charge your compatible smartphone in your vehicle without using a cord. Available with the Convenience Package on XLT and Lariat® models. Standard on Ranger® Raptor® model.

Technology

Take Command

12-Inch Touchscreen

Navigate apps and features with the available 12-inch center display. Conveniently adjust the temperature your way with the Dual-Zone Electronic Temperature Control.

360-Degree Camera

The available front, rear, and mirror-mounted sideview cameras provide a bird's-eye view around your pickup.

Digital Display

Check out all the information you need to know — and control — in one highly visible and easy-to-navigate available 12-inch center display. Speed and fuel economy. Fluid levels. Engine info and more.
