

2025 Audi Q8

EPA-estimated fuel economy (combined)

19 MPG

Towing capacity

7,700 lbs

Cargo volume

60.7 cu-ft

With rear seats folded

Design

Bold exterior design.

The Audi Q8 reflects the Audi design language with an athletic exterior aesthetic, state-of-the-art lighting elements, and a bold take on the Singleframe grille.

Black optic package.

The available Black optic package includes 22" 5-double-arm design wheels in graphite gray and diamond-turned finish. Anthracite gray Audi rings, black exterior trim, and dark chrome exhaust tips complete the look.

Plenty of room.

The Audi Q8 provides rear seat passengers with available heated rear seats and generous legroom—all while retaining its ample cargo capacity.

HD Matrix-design LED headlights with Audi laser light.

Available Audi laser light technology produces a low and wide beam for enhanced visibility, perfectly complementing the available HD Matrix-design headlights.

Performance

Horsepower

335 HP

Torque

369 lb-ft

0-60 mph in

5.5 sec

Always obey all speed and traffic laws

Quattro.

Standard quattro all-wheel drive offers an enhanced driving feel—constantly optimizing acceleration and handling as you drive.

All-wheel steering.

All-wheel steering enhances low-speed handling by slightly turning the rear wheels in the opposite direction of the front, making parking lot maneuvers easier with an increased low-speed turning radius. It also provides stability at higher speeds as the rear wheels steer in the same direction.

Audi drive select.

Whether you're driving around town or on dirt roads, Audi drive select adjusts the engine, transmission, steering, and suspension to best fit your driving preferences.

Comfort adaptive air suspension.

Standard on the Audi Q8 Prestige, comfort adaptive air suspension provides a customizable ride with Audi drive select. It also makes loading and unloading cargo easier by lowering the rear at the touch of a button.

Trailer hitch.

The available trailer hitch adds versatility with an impressive towing capacity of up to 7,700 lbs. Includes to hitch receiver and 7-pin connector.

Technology

Virtual cockpit plus.

As a customizable digital instrument cluster, Audi virtual cockpit plus presents key information right in your field of view on a stunning, 12.3" HD display. Includes three display modes: Classic, Sport, or Dynamic.

MMI touch response.

MMI touch response offers intuitive technology that's as easy to use as your smartphone—placing you in command via a driver-centric, interactive display with haptic feedback. A secondary touchscreen manages climate controls and features handwriting recognition.

Easy as a smartphone.

Access your phone to connect to your favorite apps, music, maps, messages, and more with wireless Apple CarPlay and Android Auto.

Audi connect CARE.

Experience fully integrated assistance tools with Audi connect CARE including functions such as remote vehicle services and security features that help offer peace of mind.

Driver Assistance

Remote park assist plus.

Available Remote park assist plus automatically maneuvers the Audi Q8 in and out of a perpendicular or parallel parking space. This enhanced feature can be performed via your phone using the my Audi app when you are outside of your vehicle.

Top view camera system.

Zoom in on your vehicle's exterior with the available top view camera system with Virtual 360 view. Toggle between 3D camera views and swipe to view different angles-all from the comfort of the driver's seat.

Adaptive cruise assist with lane guidance.

With adaptive cruise assist with lane guidance, the hands-on system maintains a time-distance setting to the vehicle ahead and helps keep you centered in your lane. The hands-on detection steering wheel allows for a smoother lane guidance experience.

Night vision assist.

With optional Night vision assistant, you're able to see pedestrians or large animals that may be in your path. The intuitive, thermal imaging camera detects objects and projects images onto the Audi virtual cockpit plus.

Intersection assist.

Standard on the Audi Q8 Prestige, intersection assist uses sensors to help detect cross traffic when pulling through an intersection and can help intervene via a brief braking to warn the driver of a potential collision.
