COMFORT & DESIGN

Elegant form. Ideal function.

Explore thoughtful details inside and out that prove you don't have to sacrifice style for efficiency. Taking the shortcut or the scenic route looks great either way.

Bold, Striking Design

Smooth curves and sharp details highlight Prius' modern appeal and do more than create an aerodynamic advantage—they leave you with a sleek silhouette that looks good from any angle.

19-In. Alloy Wheels

Adding to Prius' and Prius Plug-in Hybrid's flowing silhouette are available lightweight 19-in. aluminum alloy wheels. And with a new black finish for Nightshade Edition, you'll carry a look that is sleeker down every road.

Distinctive Lighting Design

Prius' and Prius Plug-in Hybrid's captivating front-end design is defined by slim LED headlights, while the rear features a light bar between the taillights to finish off its clean look.

Inviting Interior

Feel inspired every time you enter your Prius. Its modern design centers around you and features stylish details that elevate the driving experience. Available sport seats with red accents show off a sporty look that matches Prius Plug-in Hybrid's exciting drive.

Fixed Glass Roof

Enjoy the view. Pull the sunshade back and let Prius' and Prius Plug-in Hybrid's available glass roof brighten up the cabin.

Cargo Space

When you need extra room for your things, fold down one or both sides of the 60/40 rear seats to enjoy surprisingly ample cargo space.

PERFORMANCE

Fun to drive. Easy to love.

Impressive Power

Prius features a powerful hybrid engine: Underneath the hood is a fifth-generation Toyota Hybrid System with up to 196 net combined horsepower, resulting in an impressive 0-60 mph of 7.0 seconds for AWD models.

Dynamic Handling

With a low center of gravity, Prius is designed to perform. Feel its nimble handling in every turn and stability during acceleration and braking, for a drive that's all-around confident.

All-Electric Driving Range

Enjoy gas-free driving with thrilling performance. Charge up Prius Plug-in Hybrid by plugging into a standard outlet or Level 2 charger, and when fully charged, it can power your daily commute with an up to estimated 44-mile all-electric driving range.

2.0L Hybrid Engine

Prius Plug-in Hybrid's hybrid engine and electric motors seamlessly work together to provide maximum efficiency, with an up to 52 EPA-estimated mpg rating. And when your charge runs low, the 2.0L 4-cylinder hybrid engine will continue to power your drive.

0-60 MPH in 6.6 Seconds

With 220 horsepower, Prius Plug-in Hybrid can accelerate from 0-60 mph in an impressive 6.6 seconds, so you can experience thrilling excitement, on demand.

Intelligent Efficiency

The combination of gas engine and electric motors works to provide sufficient power when you need it and remarkable efficiency when you don't.

TECHNOLOGY

Intelligence designed around you.

Take advantage of Prius' advanced tech that not only makes driving easier, but also gives you more confidence. You'll find yourself enjoying all the benefits of what Prius can do for you.

Advanced Park

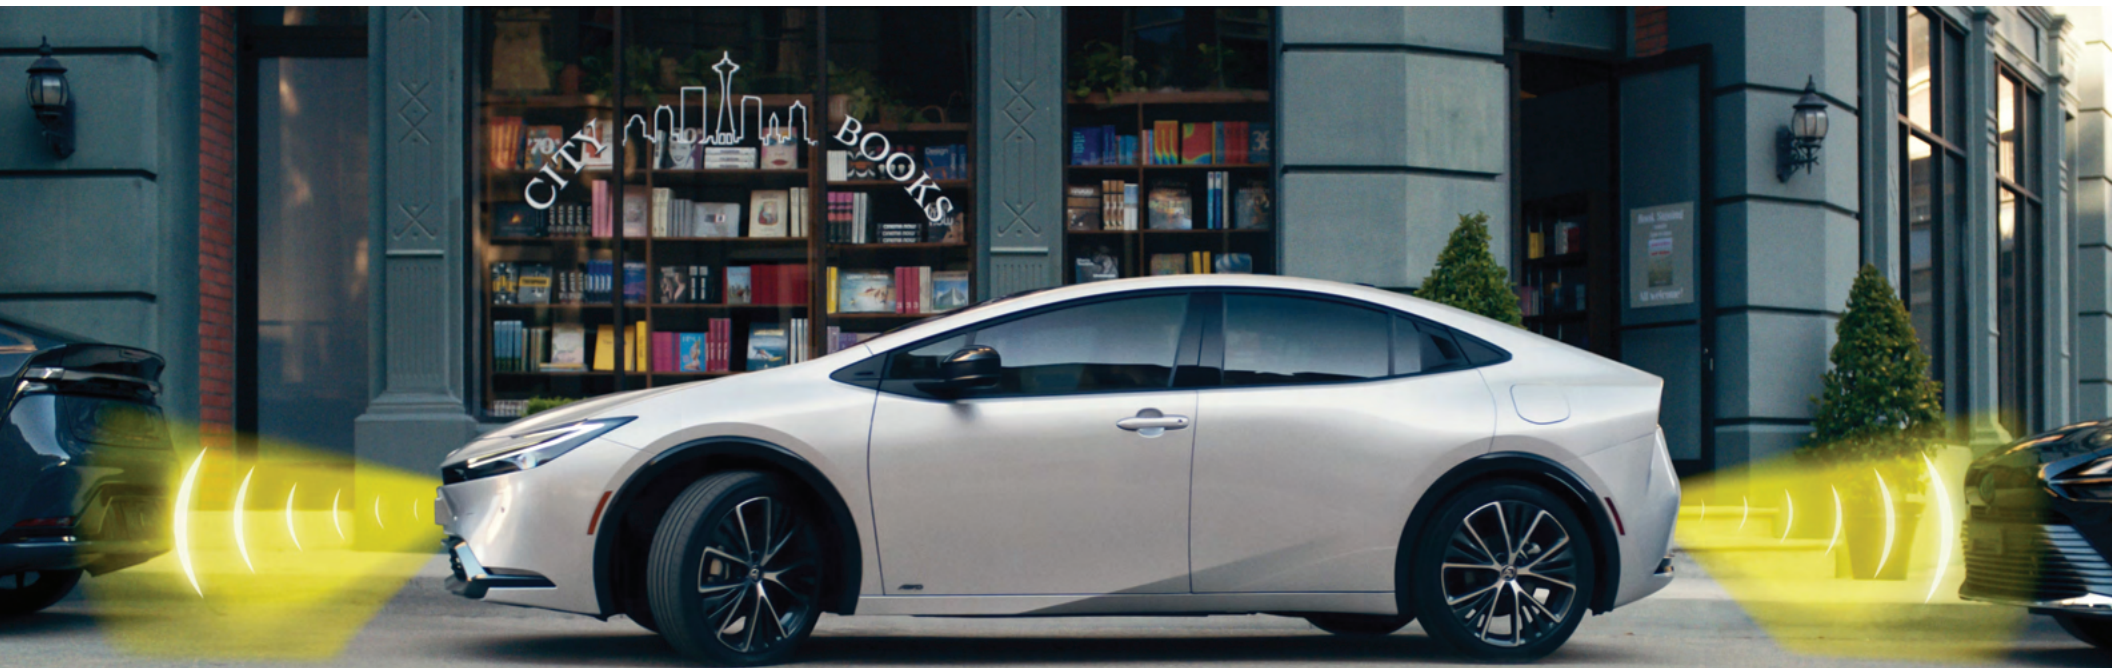

To assist with parallel parking or backing into a parking space, available Advanced Park is ready with the touch of a button. This hands-free parking system uses cameras and sensors to provide steering, braking, acceleration and gear changes, to help you get into that perfect spot.

Panoramic View Monitor

Prius' available Panoramic View Monitor (PVM) helps you check your surroundings for hazards. It uses four cameras, one on each side of the vehicle, to display a panoramic view on the touchscreen display.

Digital Gauge Cluster

Information that meets the eye. Prius' Top-Mount Digital Gauge Cluster is placed right above the steering wheel, to clearly give you vehicle details, outside temperature, driver-assist system information and more—all to help keep your eyes on the road ahead.
