Meet the 2023 Ford Escape

Escape the ordinary with the Ford's versatile SUV

Ford's redesigned 2023 Escape is more than just a compact SUV - it's a statement. With a sleek exterior and modern efficiency, this vehicle is perfect for those who want to leave the ordinary behind. The Escape has received a total makeover, from its strikingly elegant exterior to its ultramodern interior. With advanced technology and new safety features, the Escape is sure to turn heads on the road.

With multiple powertrain options to choose from, including EcoBoost, hybrid, and plug-in hybrid, you can find the perfect combination of power and efficiency. With an EPA-estimated range of at least 400 miles per tank, the Escape is ready to take you wherever you want to go. Plus, with sliding second-row seats that give passengers 5.9 inches of additional legroom and an available 65.4 cubic ft. of cargo space, you'll have plenty of room for all of your adventures. So why settle for the everyday grind when you can escape in style with the new Ford Escape?

The 2023 Ford Escape's Seven Trims

Base

Step into the 2023 Ford Escape Base model and feel the power of its 1.5-liter turbocharged 3-cylinder engine, boasting 181 horsepower. Whether you're looking for a sleek and efficient FWD option or prefer the added control of AWD, the Escape has you covered. This trim features a conventional 8-speed automatic transmission, giving drivers a more responsive driving experience.

Active

Meet the Active trim, the ultimate SUV for adventurers who crave style and functionality. This trim replaces last year's SE, with a perfect balance between budget and features. Stand out from the crowd with chrome window moldings, 17-inch aluminum alloy wheels, and body-color door handles. Unlock the doors with ease using Ford's Intelligent Access and start your journey with the push of a button.

ST-Line

The 2023 Ford Escape ST-Line takes sporty to a whole new level. From the striking black mesh grille to the sleek single-wing rear spoiler, this SUV commands attention on the road. Inside the cabin, the ST-Line features partial vinyl and cloth sport bucket seats with bold red stitching. With options like Tech Pack 1, Cold Weather Package, and Panoramic Vista Roof, you can customize your ride to fit your unique needs.

ST-Line Select

Looking for a ride that's all about performance and style? Look no further than the 2023 Ford Escape ST-Line Select. With standard AWD and a choice between a 2.5-liter hybrid powertrain or a turbocharged 2.0-liter 4-cylinder gas engine producing a whopping 250 horsepower, this SUV is ready to take on anything.

ST-Line Elite

Indulge in the ultimate driving experience with the 2023 Ford Escape ST-Line Elite. Building off the Select, this top-of-the-line trim brings together the latest and greatest technology, comfort, and convenience features to give you the ride of a lifetime.

Platinum

With its 2.0-liter turbocharged engine and standard AWD, this trim is the ultimate ride. If you prefer a hybrid powertrain, you can choose AWD or FWD. Enjoy all the standard features of the Active trim, plus a hands-free foot-activated liftgate, LED fog lights, rain-sensing wipers, 19-inch alloy wheels, and heated side mirrors. Experience premium features and exceptional performance with the 2023 Platinum.

PHEV Plug-in Hybrid

Travel up to 37 miles solely on electric power. This plug-in hybrid vehicle builds off the Active trim's standard features and includes adaptive cruise control, navigation, intersection assist, evasive steering assist, and rear parking sensors. With the same hybrid engine setup and a larger battery pack that can be charged with a plug, the Escape PHEV is the perfect combination of power and efficiency.

Engine

2.0L EcoBoost® Engine

Say goodbye to boring, fuel-efficient engines and hello to heart-pumping excitement with the 2.0L EcoBoost® Engine. This engine packs a punch with 250 horsepower, allowing you to experience the thrill of the open road like never before. With turbocharging and direct injection, you'll get the perfect combination of power and fuel efficiency, so you can go further and faster without sacrificing performance.

2.5L I-4 Hybrid Engine

This innovative powertrain takes efficiency to the next level. This engine doesn't just rely on gasoline — it utilizes regenerative braking technology to capture energy that's normally lost during braking, and uses it to charge the battery. With a balanced output of 210 horsepower and 155 lb-ft of torque, the 2.5L I-4 Hybrid Engine is the perfect combination of power and eco-friendliness.

Plug-in Hybrid 2.5L I-4 Engine

Experience the power of the future. With the Level 1 Mobile Power Cord, you can charge your vehicle using any standard 120V outlet, making it easy to stay charged on the go. With horsepower of 221 hp @ 6,250 rpm and torque of 155 lb-ft @ 4,000 rpm, the Plug-in Hybrid 2.5L I-4 Engine will take you wherever you need to go with ease and style.

Innovative technology and an impressive interior.

Step inside the 2023 Ford Escape and be prepared to be blown away by its new interior and advanced technology updates. The new design includes sleek seats and an optional multimedia screen that takes center stage in the dash. The ST-Line trims get a bit of an upgrade with red stitching on the door panels, seat trim, armrest, floormats, and flat-bottom steering wheel. The top trim levels feature a 12.3-inch digital gauge cluster and a heads-up display, providing a customizable and immersive driving experience. Safety and technology features include adaptive cruise control with stop-and-go, Evasive Steering Assist, rear parking sensors, a 360-degree camera system, and a wireless charging pad for the cabin.

Auto Start-Stop Technology

Introducing the EcoBoost® engines' Auto Start-Stop Technology — your ticket to eco-friendly city driving. Designed to minimize fuel consumption and vehicle emissions, this groundbreaking feature is available on all 2023 Ford Escape models. Whether you're running errands around town or stuck in stop-and-go traffic, Auto Start-Stop Technology is always ready to kick in and help you save on gas. And with its seamless operation, you won't even notice the engine turning off and on as you go about your day.

Standard Selectable Drive Modes

Unlock your Escape's true potential with Standard Selectable Drive Modes. Whether you're tackling tough terrain or cruising on the highway, these modes tune your vehicle's performance and handling to meet the demands of the road ahead. With just the flick of a switch, you can unleash a more powerful and dynamic driving experience, customized to suit your unique driving style. From Normal to Eco and Sport, there's a mode for every situation.
