## Performance

# Pick Your Powertrain

### 1.5L EcoBoost® Engine

This engine features lightweight components and Auto Start/Stop Technology can help reduce fuel consumption and vehicle emissions — especially during stop-and-go driving.

### 2.0L EcoBoost® Engine

The most powerful gas engine in the 2024 Ford Escape® lineup features direct injection and turbocharging for exhilarating performance. Generating 250 horsepower, and 280 lb.-ft. of torque ensuring every drive is anything but boring.

### 2.5L I-4 Hybrid Engine

This available engine produces 192 total system horsepower between the engine and battery. Plus, it uses regenerative braking to capture energy normally lost through braking to help charge the battery — helping to potentially prolong your overall range.

### Plug-in Hybrid 2.5L I-4 Engine

This available engine combines great acceleration with impressive range — while producing 210 total system horsepower between the engine and battery. For added convenience, you can use the included Level 1 Mobile Power Cord to charge your vehicle using any standard 120V outlet.

Performance

## All-Wheel Drive With AWD Disconnect

This system detects when available All-Wheel Drive is not needed. It disconnects the rear driveline, using only the front wheels to propel the vehicle.

Design

# Exterior

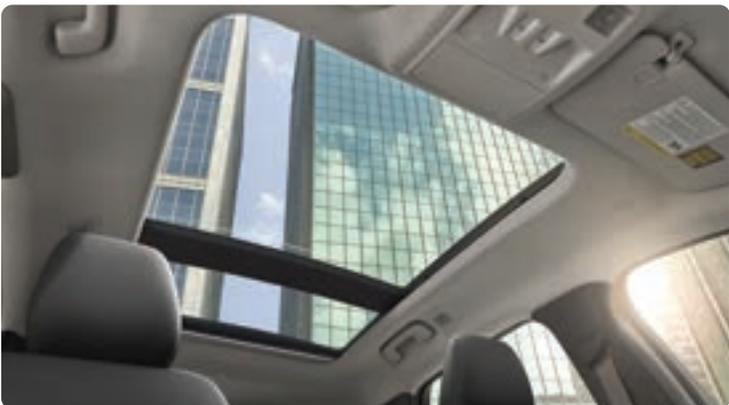

## Coast-to-Coast LED Light Bar

The available coast-to-coast LED light bar adds distinctive, instantly recognizable style to the 2024 Ford Escape.

## Power Liftgate

Just press a button on the available power liftgate, the key fob, or inside and up goes the rear hatch. Now you can access up to an available 65.4 cu. ft. of cargo storage behind the first row.

## Panoramic Vista Roof®

This available feature tilts and slides all the way back, so you can bask in the sun at the press of a button.

Design

# Interior

## ST-Line Sport Contour Bucket Seats

The best seat in the house might be parked outside. These available seats combine comfort, style, and performance.

## Loads of Leg Room

Over 40 inches of available space up front means passengers can kick back and relax on long rides.

## Sliding Second-Row Seats

Move the 60/40 split-fold seat back for up to 5.9 inches of additional backseat leg room, or fold it down for extra cargo space.

Design

# Interior

## Cavernous Cargo Space

With up to 65.4 cu. ft. of available cargo area behind the first row, you've got enough room for almost anything.

## 13.2" Center Stack Screen

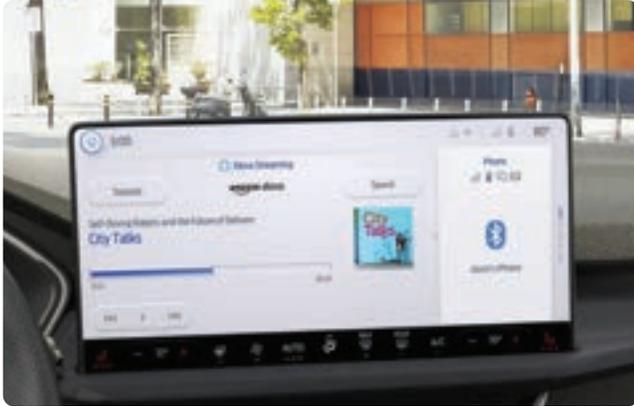

Get navigation, Apple CarPlay® or Android Auto™ compatibility, and Ford Assistant on the big screen with SYNC®.

## Rotary Gear Shift Dial

Easy to use. Out of the way. This minimalist shifter leaves you more valuable console space.

# Tech That Sets You Free

## Alexa Built-in With Ford Premium Connectivity

Alexa Built-in is available in eligible vehicles equipped with SYNC® Technology with enhanced voice recognition and FordPass® Connect. It enables voice-activated commands to perform a variety of functions, such as adjusting the temperature in the vehicle, calling Mom, adding items to your online shopping basket, and even accessing smart home technology all from your driver's seat. Ford Premium Connectivity allows you to stream your favorite music, podcasts, audiobooks and more — right to your vehicle using intuitive Alexa voice commands.

## Park With Confidence

Now you can park with ease — even in the tightest parallel or reverse perpendicular spots — with available Active Park Assist 2.0. Park Out Assist works in the opposite way, by helping you easily pull out of your spot. It's just one of the ingenious driver-assist features available with Ford Co-Pilot360® Technology.

## Stay in the Know on the go With a 4G LTE Wi-Fi Hotspot

When equipped, FordPass Connect allows you and your passengers to enjoy an available 4G LTE in-vehicle Wi-Fi hotspot powered by AT&T. Up to 10 devices can connect at once up to 50 feet outside the vehicle

## FAQ
