Elevated at every elevation

Iconic design. Timeless luxury. Discover the driver-inspired details that elevate every journey.

Offering the ultimate in comfort, GX Luxury+ models include semi-aniline leather-trimmed seating, heated and ventilated seats with five massage settings, a Dynamic Sky® panorama glass roof and Thematic Ambient Illumination.

Chiseled lines and exceptional interior materials embolden the sophisticated side of GX.

GX Luxury and Luxury+ models feature 22-inch 12-spoke alloy wheels with a Dark Gray Metallic and machined finish.

Technology crafted for the human touch

User Profiles

The Profiles feature can save your preferred audio, navigation and language settings—and so much more. Sync via the Lexus app for seamless personalization across vehicles.

Digital Key

The available Digital Key feature enables you to lock, unlock and start your vehicle via the Lexus app on your smartphone.

Digital rearview mirror

The available digital rearview mirror can help increase your field of vision via a high-definition camera that's designed to provide an unobstructed view of the road behind you. Simply toggle the lever to switch between standard and digital mirror modes.

Convenient access

The GX features a power rear liftgate with a pop-out window, providing two ways to easily access the generously sized cargo area. And for added convenience, the available kick sensor allows for hands-free access. Simply kick your foot under the rear bumper to automatically open or close the power rear liftgate.

Wireless smartphone integration

Wireless access to Apple CarPlay and Android Auto allows you to use your smartphone's interface via the touchscreen display.

Lexus Safety System+ 3.0

Pre-Collision System with Pedestrian Detection

Pre-Collision System with Pedestrian Detection can alert you to certain potential collisions and may automatically brake.

Full-Speed Range Dynamic Radar Cruise Control

Full-Speed Range Dynamic Radar Cruise Control helps maintain a preset distance from the vehicle ahead of you, from highway speeds down to a full stop.

Lane Departure Alert with Steering Assist

Lane Departure Alert with Steering Assist may alert you to inadvertent lane departures and make minor steering corrections to help keep you in your lane.

Lane Tracing Assist

Lane Tracing Assist helps you center the vehicle within its lane while Dynamic Radar Cruise Control is active.

Road Sign Assist

Road Sign Assist can recognize certain road signs and display them to you inside the vehicle.

Automatic High Beams

Automatic High Beams can automatically toggle between high and low beams based on the vehicle's surroundings.
