Power to Inspire You

- Sport: Explorer ST offers sport-tuned suspension, performance brakes, and 21" wheels. It's the perfect vehicle to make the person in the lane next to you do a double take when the light turns green.
- Off-Road: Steel deflector plates. Off-road-tuned suspension. A model-exclusive Torsen® limited-slip rear axle. The trail-tested Explorer Tremor can take you places that would make other SUVs shudder in fear.
- Luxury: The available Platinum Ultimate Package pairs the 3.0L engine with premium leather-trimmed seating, unique 21" wheels, and chrome-tipped quad exhaust.

Engine Options

- The available 3.0L EcoBoost® twin-turbo engine makes 400 hp and 415 lb-ft of torque.
- The 2.3L EcoBoost engine (standard on all models except ST) is no slouch, either, with 300 hp and 310 lb-ft of torque at your command.

Adept and Adaptable

Need a little excitement in your day? Choose Sport mode and feel the driving experience change in your hands. Towing a trailer? There's a mode for that, too — in fact, each model has six in all.

Technology

Tech That Supports You

Driver-Assist Technology

Ford Co-Pilot360® Technology is focused on helping you feel more confident behind the wheel.

Wireless Connectivity

Enjoy streaming, games, or even karaoke while parked. Take a call from work. Connect devices to Wi-Fi®. And more, with the available Ford Connectivity Package, included for a year.

Theft Protection

Help protect one of your most valuable investments with the Ford Security Package. Included for a year from new-vehicle warranty start date.
