- 3.9 seconds acceleration 0-60 mph
- 577 hp power @ 5,800-6,100 rpm (combined)
- 553 lb-ft torque @ 2,200-5,000 rpm (combined)

INNOVATION

Few cars have as rich a sense of tradition as the E-Class. And foremost among its traditions is advancement, pioneering new ideas and redefining standards. With breakthroughs in connectivity, intelligence and user-friendly tech, it's an E-Class for your tomorrow.

STARRING ROLE MODEL

The intuitive digital cockpit's two large screens include a 14.4-inch touchscreen. The Superscreen option adds a third display for the front passenger, plus a driver-facing camera usable for 3rd-party conferencing apps or even selfies.

UNPLUG AND CONNECT

Phone charging, Apple CarPlay® and Android Auto are all wireless, so you can venture about untethered. Yet you can connect to your world and a world of entertainment with available in-car WiFi and Online Music Streaming.

VIRTUAL REALITY SHOW

The groundbreaking Mercedes-Benz User Experience (MBUX) marks its third generation with more advanced AI, for quicker response to your natural voice. The optional Head-Up Display helps keep key driving info closer to your natural line of sight.

SPATIAL DELIVERY

Available Burmester® 4D Surround Sound teams with Dolby Atmos® and Apple Spatial Audio for a truly dimensional listening experience. Visualization with the cabin lighting and in-seat resonators let you see and feel the sound as well.

AN IMMERSION IN SOUND

The Exclusive Trim brings you Burmester® 3D Surround Sound. And while your ears revel in the customizable digital audio of Sound Personalization, your eyes can enjoy the exquisitely designed metal speaker grilles.

DESIGN

From aerodynamics to aesthetics, every detail is refined into an elegant shape that's undeniably modern yet unmistakably an E-Class. The spacious cabin is enveloped by a sensual shape that's ahead of its time, yet timeless.

GUIDING STARS

All-LED lighting, inside and out, expresses the more intriguing and enthralling experience within. Available DIGITAL LIGHT headlamps can help guide you by projecting alert icons on the pavement. Taillamps turn an enduring legacy into a lasting impression.

GLOWING STYLE

The iconic grille Star is set amid a virtual starscape of delicately glistening chrome. Surrounded by a modern black panel effect, available edge-lighting can bring the grille's chrome outline to life.

REFINED FINERY

Elegantly tailored upholstery is hand-fitted to the sumptuously supportive seats. Along with a rich palette of colors and two sew patterns, trim options include natural-grain woods, deep piano black, or a modern woven metallic fabric.

PERFORMANCE

Comfort always takes on multiple dimensions in an E-Class. From the spacious and serene cabin, its driver can enjoy the reassuring confidence of agile handling, turbocharged torque, and all-season all-wheel drive.

ATHLETIC ELEGANCE

Standard AMG body styling underscores the athletic spirit of the E-Class with sporty sculpting of the front air dam, side sills and rear apron. The Night Package cloaks the window trim, side mirrors and other details in gloss black.

ROLLING IN STYLE

Suit your style and your driving style with a wide variety of wheels, from standard 18-inch alloys up to staggered-width 21s. Designs range from classic twin-spokes to bold graphics, in silver, black-accented or black motifs.

SKY FOR ALL

Every passenger can take in the sun and stars through the standard Panorama roof. A large, power-operated panel can tilt up or slide open for a breeze, or close the power mesh screen for shade. Sunshades are also available for rear-cabin windows.

TOUCH TUNING

DYNAMIC SELECT can fine-tune performance with the tap of a console button. Selectable drive modes can vary the shifting, throttle, steering and more. Modes include easygoing ECO, sharp Sport, and customizable Individual.

BOOST WITH A TWIST

Turbocharging and high-tech help the 255-hp E 350 inline-4 and 375-hp E 450 inline-6 deliver smooth, torque-rich response. Their 48-volt mild hybrid systems can add power and torque electrically, for a gas-free boost and smoother stop-start engagement.

SMOOTH URGENCY

With nine speeds, an electronic column selector and shift paddles at your fingertips, the 9G-TRONIC automatic transmission offers crisp gear changes and easy driver control. Three overdrive ratios enhance highway cruising.

SEASONAL SENSATION

Available 4MATIC® all-wheel drive can continuously adapt to help ensure power is sent to the wheels that can turn traction into action. Lightweight and nimble, it adds confidence on wet, wintry or even winding dry roads.

SITUATIONAL AWARENESS

The available AIRMATIC® Package pairs a multimode air suspension with rear-axle steering. Along with adaptive damping and level control, up to 4.5° of rear-wheel turning can heighten agility at speed, tighten corners in town.
