TECHNOLOGY

Standout innovations

Smart technology like standard Google built-in compatibility,* Wireless Apple CarPlay®* and Wireless Android Auto™* capability keep you connected to your favorite apps for a more personalized driving experience. And for added confidence, OnStar® Basics* gives you access to core OnStar services for 8 years.

Class-leading* 15-inch diagonal Head-Up Display - Available

Up to 14 camera views - Available

Advanced trailering technology - Available

SUPER CRUISE

Hands-free freedom

Available Super Cruise® hands-free driver assistance technology handles steering, acceleration, and braking across more than 600,000 miles of compatible roads. That's four times more miles of compatible North American roads than offered by Ford BlueCruise.*

Trailer*ing*

Helps keep your vehicle centered in your lane, while Adaptive Cruise Control manages your desired speed and following distance from the vehicle ahead of you.

Expanded Google built-in Compatibility

On properly equipped vehicles, when you input a destination, Google Maps will find Super Cruise-compatible roads, display how many minutes of your drive can be driven hands-free and choose the optimal route for you.*

Automatic Lane Change

If properly equipped, your car will automatically pass slower vehicles in your lane without you having to touch any controls.*

Turn Signal Activated Lane Change*

On properly equipped vehicles, when you lightly tap your turn signal, Super Cruise technology will change lanes after ensuring it is safe to do so — no further input required.

Hands-On Steering Assist*

Helps keep your vehicle centered in your lane, while Adaptive Cruise Control manages your desired speed and following distance from the vehicle ahead of you.

PERFORMANCE

Power up

Suburban offers exceptional performance and handling thanks to available features like Magnetic Ride Control, Four-Corner Air Ride Adaptive Suspension and three distinct powertrains, each bringing a balance of power, efficiency and capability.

Duramax® 3.0L Turbo Diesel

Available on LT, RST, Z71, Premier and High Country, the Duramax 3.0L Turbo-Diesel engine offers up to 728 miles of EPA-estimated maximum highway range per tank,* 305 horsepower and 495 lb.-ft. of torque, so it's always ready to go

5.3L EcoTec3 V8

Standard on all models except High Country, the 5.3L EcoTec3 V8 engine with Dynamic Fuel Management delivers 355 horsepower and 383 lb.-ft. of torque to give you the power to do what you love.

6.2L EcoTec3 V8

Standard on High Country and available on RST, Z71 and Premier, the 6.2L EcoTec3 V8 with Dynamic Fuel Management delivers 420 horsepower and 460 lb.-ft. of torque to haul everything from your family to your trailer.
