NATURAL BEAUTY

Revel in the beauty of tactile wood grain. Our collection of luxury veneers is the result of exemplary craftsmanship.

BRIGHT SPACE

Flood the cabin in daylight. The sliding panoramic roof enhances the spacious feel of Range Rover Velar vehicle's interior.

TECHNOLOGY

NEXT GENERATION PIVI PRO

Our award-winning Pivi Pro infotainment system incorporates all controls on an 11.4-inch curved glass Touchscreen. Creating a clean, elegant fascia with intuitive volume, climate and seat-adjustment functionality.

3D SURROUND CAMERA

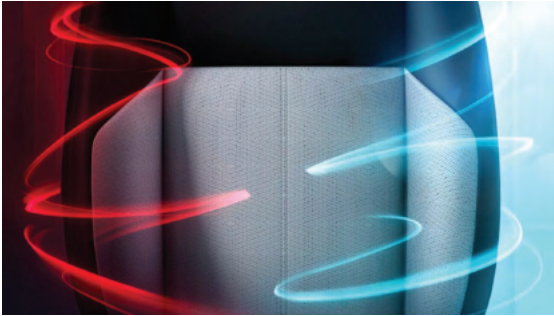

Designed to take the stress out of tricky situations. 3D Surround Camera offers a 360° view of your surroundings, making it easier to maneuver in and out of tight spots.

INTUITIVE DRIVER DISPLAYS

Working in harmony with Pivi Pro, the 12.3-inch Interactive Driver Display allows you to customize the way information is presented. The Head-up Display projects key vehicle and journey information onto the windshield within your eyeline.
