

THE 2025
ESCALADE

DISCOVER INNOVATION

SIT BACK AND ENJOY THE RIDE

Experience the evolution of driving with Escalade's available Super Cruise driver assistance technology. Offering more miles of hands-free compatible roads than any other technology of its kind. With Automatic Lane Change guiding you through traffic, and available OnStar technology keeping your maps up to date. Super Cruise is revolutionizing your driving experience.

CURVED PILLAR-TO-PILLAR 55" TOTAL DIAGONAL DISPLAY

Introducing the crown jewel of the cabin — the state-of-the-art curved pillar-to-pillar 55" total diagonal display. Seamlessly integrated and intelligently intimate, the extraordinary display is more than a breathtaking interior centerpiece with driver's 8K resolution and passenger's 4K resolution screens.

NIGHT VISION SYSTEM

When the available Night Vision view is selected in the Cluster Display, the Night Vision system can help you see beyond your headlights with a thermal image that highlights and alerts you to detected pedestrians or large animals directly ahead of the vehicle.

AKG HIGH-FIDELITY SOUND

The standard AKG Studio 19-speaker audio system brings professional high-fidelity sound to the 2025 Escalade. True audiophiles will appreciate the available AKG Studio Reference audio system that provides 36 speakers—the most available speakers in its class. And with the addition of the Executive Second Row Package—which adds 4 additional speakers in the headrests of the 2nd row seats for 40 total speakers—the listening experience is more immersive than ever. Plus, the cabin becomes even more interactive with Front-Passenger Audio Volume Control, enabling the front passenger to adjust the volume for their seat. And thanks to AKG's Conversation Enhancement, communicating inside the vehicle is easier than ever.

GOOGLE BUILT-IN

Escalade with Google built-in compatibility offers helpful technologies, personalized and seamless ways to enhance your in-vehicle experience. Say "Hey Google" to turn on your seat heater, control the temperature and more with just your voice. With Google Assistant, Google Maps and more on Google Play, you receive access to hands-free help, live traffic updates and many of your favorite apps from smart home control, podcasts, and more. And the navigation view provides an immersive, full-screen map that allows you to personalize your experience by selecting your preferred map mode, point of interest view, landmark view, route options, and alert preferences.

myCADILLAC MOBILE APP

While you're on the go, you're in tune with your vehicle with the available myCadillac Mobile App. Send remote commands, manage and schedule your vehicle's maintenance, set and share custom location notifications and control your vehicle from the same device you use to control other parts of your life.

6.2L V8 ENGINE

The standard 6.2L 420-hp V8 is paired with an intelligent 10-speed automatic transmission that moves among gears in a smooth, efficient fashion. Engine technologies such as Variable Valve Timing, Direct Injection and Dynamic Fuel Management also help ensure this power plant's 460 lb-ft of torque (623 Nm) is harnessed efficiently.

RIDE AND HANDLING

To make your drive responsive and smooth, available Magnetic Ride Control reads the road 1,000 times per second—this means the vehicle is reading every inch of the road at 60 mph. Escalade's available Air Ride Adaptive Suspension provides an improved and refined ride during a variety of driving situations, from low-speed off-road maneuvering to highway cruising. The system's electronically controlled air compressor is connected to all four air springs, giving you the ability to change vehicle ride height a total of almost 4" from its lowest to highest setting.

ESCALADE-V: EQUAL PARTS POWER AND PRESENCE

Proving itself worthy of the V-Series badge, Escalade-V is powered by a hand-built 6.2L supercharged V8 engine that delivers 682 horsepower and an astounding 653 lb-ft of torque. The result is a supercharged performance that takes Escalade's epic presence to thrilling new heights.

EXCEPTIONAL
WITHOUT
EXCEPTION

The 2025 Escalade is stunning by design. Three new and distinct grilles create a dramatic presence and demand attention on every road. New headlamps, taillamps, an illuminated emblem and an available illuminated grille surround put on an unforgettable show. And the addition of several new 22" wheel designs and all new 24" wheel designs—the largest ever on an Escalade—deliver next level style that stirs.

MODELS

LUXURY

Part technological masterpiece, part red-carpet showstopper. The Luxury model sets you apart with innovative features and bold, iconic design.

PREMIUM LUXURY

The Premium Luxury model takes attention-grabbing style to the next level with Super Cruise hands-free driver-assistance technology, the first truly hands-free driver-assistance feature for compatible roads, that comes standard with 3 years of OnStar® Connected Services Premium Plan.

SPORT

Performance takes center stage in the Sport model. Gloss-Black exterior accents amplify a powerful presence while the standard Performance Package makes every journey a thrill ride.

PREMIUM LUXURY PLATNUM

Discover your mobile VIP experience. With cutting-edge technology features like the AKG 36-Speaker Studio Reference audio system—the most available speakers in its class—the Premium Luxury Platinum model represents a high point of Cadillac craftsmanship.

SPORT PLATNUM

The Sport Platinum model combines a powerful performance with exceptional presence. An exquisitely crafted interior with Semi-Aniline leather seats joins a commanding exterior presence and leading-edge advancements like available Super Cruise hands-free driver-assistance technology and the standard AKG 36-speaker Studio Reference audio system to create an experience that's undeniably Escalade.

ESCALADE - V

Escalade-V is a stunning marvel of engineering, combining luxury and performance in extraordinary fashion. An Escalade-V exclusive carbon fiber interior delivers next level craftsmanship in every detail, allowing you to experience premium materials like never before.

AN OVERACHIEVER

REMARKABLE ROOM WITH A VIEW

Experience next-level spaciousness no matter where you sit with 34.9" of third-row leg room in the standard-wheelbase Escalade and 120.8 max cubic feet of cargo room. In Escalade ESV, you'll enjoy 36.7" of third-row leg room plus 142.6 max cubic feet of segment-leading cargo room. While you're stretching out, the available UltraView sunroof delivers stunning views to you and your passengers in both the front and rear seats, with tilt, slide and express-open and -close features.

HEATED AND VENTILATED MASSAGING FRONT SEATS

Available 16-way power-adjustable heated, ventilated and massaging front seats with Semi-Aniline leather help you stay comfortable and energized, especially in weather extremes, on long drives or after a busy day of pursuing your ambitions.

AMBIENT INTERIOR LIGHTING

Ambience on demand. Ambient Interior Lighting and light pipes cast a striking glow inside Escalade. With an impressive 126 color options and two distinct color zones, you can develop and customize a unique lighting scheme to match your every mood.

THE DIFFERENCE IS IN THE DETAILS

Remarkable craftsmanship is on full display everywhere you look with rich, deeply grained wood superbly finished with meticulous attention to detail. These natural trim accents help create the sort of rare, timeless style that truly sets Escalade apart. And with the Executive Second Row Package, available second row 14-way power-adjustable heated, ventilated and massaging seats and a console with stowaway tray tables make every trip a trip worth taking.

ICON STATUS INTERIOR

The 2025 Escalade comes fully equipped to bestow icon status on all who enter. An available Executive Second Row package with a second row console and rear command center screen takes full-size SUV luxury to new heights.

NEXT LEVEL CRAFTSMANSHIP

Choose from trims and available leather accessories that are crafted with care and precision, impeccable stitching and distinctive perforation patterns. This elegant leather detailing not only excites the senses but also provides elevated comfort.

INGENUITY IN MOTION

Escalade's revolutionary safety and driver-assistance features provide peace of mind on your journey—whether you're backing out of your driveway or boldly taking on the road ahead.
